VICE-CHANCELLOR'S MESSAGE

Dear undergraduates

We warmly welcome you to the University of Kelaniya, one of the prestigious national universities in Sri Lanka. We offer our undergraduates a wide range of unique and unparalleled prospects to acquire a well-recognized and internationally valid degree in your chosen discipline, while engaging in many extra-curricular activities. I am proud to say that the products of the University of Kelaniya have become outstanding professionals in Sri Lanka and in other countries, in many different arenas.

As newly born children of our university, with great expectations to reach your life dreams, there are few factors to which you should pay close attention. Education is one of the most priceless gifts this nation has given you. By committing to your education, you invest in the future of the nation, since you have access to the productive resources that this nation's residents have gathered. Hence, it is your responsibility to utilize the benefits that the country offers in a useful and successful way. Your parents and the country's financial investment will only pay off if you spend your time wisely and reap the benefits. The only way you can honor the investments while still enjoying your time at university is to make sure you grow and improve your academic and innovative capacities. The purpose of such investments is not merely to ensure your own success. Therefore, it is your utmost duty to ensure that you contribute as an invaluable human resource to the country that provided you access to this education.

I humbly request you to obtain the maximum benefits from the University of Kelaniya and prove that you are a valuable and responsible citizen of this nation to repay the country and your parents' investments.

Senior Prof. Nilanthi de Silva
Vice-Chancellor
University of Kelaniya

UNIVERSITY OF KELANIYA

The Origins

The training program for the Pracheena Examination that began in 1860 at the Rathmalana Purana Vihara for Buddhist monks and laymen marks the beginning of this historical educational establishment. Later, in 1875, the Vidyalankara Pirivena was established in the Kalaniya Peliyagoda area by the late Ven. Rathmalane Sri Dharmaloka Thero. Since then, for over a century, the University of Kelaniya has been a renowned educational establishment for Pracheena Bhasha. The Sri Lankan government granted the Vidyodaya, Vidyalankara Pirivena university status by the Vidyalankara University Act No. 45 in 1957. On the 1st of January, 1959 the University was renamed as the Sri Lanka Vidyalankara University. The late Ven. Kirithuduwe Sri Pannasara Thero was appointed as the first Vice Chancellor of the University.

The Evolution of the Vidyalankara Campus into the University of Kelaniya

The University of Ceylon Act No.1 of 1972 consolidated all universities into one university, and from February 15th of 1972 onwards, the Vidyalankara University became a Campus of the University of Sri Lanka. With the promulgation of the Universities Act No. 16 of 1978, the university system in Sri Lanka was restructured and the Vidyalankara Campus was restored to its independent status, and was retitled as the University of Kelaniya, Sri Lanka. According to the Vidyalankara University Act of 1957, only male undergraduates comprising both clergy and laymen were enrolled, and with the Higher Education Act No. 20 of 1966, female undergraduates were also given the opportunity to study at the University.

Contemporary Status

In order to expand its space, the University had to be shifted to a new location, and from the Academic Year 1965/1966 onwards, the University of Kelaniya was relocated to the current premises. By the year 1959, the University comprised five faculties: Languages, Buddhist Studies, Arts, Science, Philosophy and Research. Currently, the University has expanded its faculties to include Humanities, Social Sciences, Science, Medicine, Commerce and Management Studies, Postgraduate Studies, and Computing and Technology, and entails a total of 55 departments.

Location

The University is located in the Kelaniya Dalugama area which is approximately 8 kilometers north of Colombo, along the Colombo Kandy road. The closest railway station is in Pattiya Junction. Except for the Medical Faculty, which is located in Ragama, and Faculty of Computing and Technology located in Peliyagoda, all the other faculties are located in the Kelaniya Dalugama premises.

Affiliated Institutions

There are two institutes affiliated to the University: The Postgraduate Institute of Pali and Buddhist Studies, located in Kohuwala; and the Postgraduate Institute of Archeology, located in Colombo 7.

COMMON FACTS ALL STUDENTS MUST BE AWARE OF

Information and Communication

All students are advised to check the University website and notice boards regularly. Announcements on various matters are issued to the students by the University through the University website, Students' Welfare Division, Faculty Offices, Departments, Medical Center, and common meeting places such as the Student Center, Student Hostels and main lecture halls. It is important to pay attention to these notices, as they provide information on academic matters as well as student support services.

1. Student Registration

(i) University Registration

The registration of internal students at the beginning of every academic year is carried out by the Academic Division of the University. Each student should get her/his registration renewed during the time period given in announcements on the notice boards. Any student who is registered as an internal student is entitled to free entrance to the University premises and to enjoy facilities provided by the University.

All the students registered in the University are supplied with identity cards/students' record books by the Academic Division of the University. They should confirm their identity by forwarding the identity card or student record book on every occasion when a lecturer, an officer or a security officer of the University requests it. This includes admission to the library and other facilities.

(ii) Faculty Level Registration for Subjects and Course Units

Academic registrations of the students are carried out by relevant Faculties. For the Faculties of Humanities and Social Sciences, registration is carried out by the Inter Faculty Centre for Coordinating Modular Systems (ICCMS). Students of Faculties of Humanities, Social Sciences and Science are given a two-week period from the beginning of the academic year to select the subjects and course units for registration. The students of the Faculty of Commerce & Management Studies are given one week for selection of courses and registration. The faculty handbooks issued by the respective faculties provide more details of the degree programmes offered by the faculty and the selection of courses.

2. Registration for Bachelor of Arts Honours and Bachelor of Science Honours Degree Programmes

Based on the examination results of the first year, students of the faculties of Humanities and Social Sciences can register for the Bachelor of Arts Honours degree programmes. Students of the Faculty of Science can register for the Bachelor of Science Honours degree programmes if they are selected to follow the Honours degree programme based on their first year and second year examination results.

3. Attendance at Lectures, Tutorials/Practical classes

Anyone who is not registered as an internal student in the University is strictly prohibited from attending lectures, tutorial/practical classes. Every registered student should attend relevant lectures, tutorial and practical classes. If any student is unable to attend lectures and tutorial/practical classes on health grounds she/he should forward a medical certificate issued by the medical officer of the university to the Senior Assistant Registrar (Academic) through the Head of the Department and the Dean of the Faculty.

4. Student Appeals

Appeals to postpone registering for the academic year or examination should be forwarded to the Appeals Committee following the guidelines given below.

(i) Appeals to postpone academic activities for special reasons

These appeals should be forwarded to the Senior Assistant Registrar of the Academic Division with relevant documents through the Dean of the Faculty.

(ii) Appeals regarding inability to sit for an examination

These appeals should be forwarded to the Deputy Registrar of the Examination Division within two weeks of the final day of the examination. Medical certificates should be forwarded along with the appeals if the appeal is on health grounds. Appeals forwarded without medical certificates will not be accepted.

If a medical certificate issued by a private practitioner or medical institute is forwarded instead of a certificate issued by a government hospital/clinic, it is compulsory to get the approval of the Chief Medical Officer of the University of Kelaniya before forwarding it to the Examinations Division.

When appeals are forwarded, the receipts issued by the relevant division of the University should be retained by the students. In the event an appeal cannot be handed over in person, it can be sent by registered post. When appeals are sent by registered post, the receipts should be retained. Special attention should be paid to send the appeals regarding examinations during the specified time period. When appeals are forwarded, the name of the student, student number, private address, relevant academic year and the names of the examination and question paper should be clearly indicated.

Decisions taken by the University on students' appeals are sent to the private addresses of the students. The letter which includes the decisions should be retained by the student as it should be forwarded when the university requests it.

5. Rules and Regulations on Conducting Examinations

Examination activities are organized by relevant Faculties and the Examination Division of the University. Examination activities and relevant rules and regulations are stated on pages 14 to 21 for information of the students.

6. Student Counselling and Student Welfare

The University provides student counselling and welfare services to the students. Students' Hostel rules and regulations, instructions for activities pertaining to student societies and subject societies are provided on pages 22-35 of this handbook. Students' Welfare Committee has been appointed by the University Council to maintain and control welfare activities of the students. It consists of the Vice-Chancellor, Deans, Registrar, Director - Students' Affairs, Senior Student Counsellor, a male Warden and a female Warden, Student Counsellor (Buddhist monk), a female Student Counsellor, Senior Assistant Registrar (Students' Welfare Division), Director of Physical Education and a student representative from each faculty.

7. Behavior and self-conduct of Students

University students are mature, responsible persons. As in the case of all other citizens, they must conduct themselves according to the laws of the country.

Students should refrain from

- i. Interrupting academic or administrative activities, contravening general rules and regulations of the country or
- ii. Harassing any male or female students of the university physically, verbally or mentally or insulting members of the staff or
- iii. Damaging human, physical and other properties of the university or
- iv. Behaving in the university premises or outside in a way that the prestige of the university is damaged.

To ensure the right to learn by maintaining peace in the university, the Parliament has approved Act No.20 of 1998 to prohibit ragging and criminal activities of any other nature in higher educational institutes. Under the provisions of this Act, an individual can be made an offender by the court for the following activities:

- Criminal intimidation
- Imprisonment
- Wrongful restraint
- Wrongful confinement
- Forcibly residing in an educational institute and damaging its property

When she/he is made the offender, she/he can either be imprisoned or fined or both, according to the gravity of the offence.

In the case of being found guilty of any of the offences, only a High Court Judge has the power to grant bail to students depending on the offence. Also, the arrested person may not be released, according to the gravity of the offence. Moreover, the court may order the university to expel the offender from the educational institute.

Act No.20 of 1998 to abolish ragging and any other criminal activities has been included in this handbook as Annex 02, and the university expects all students to follow it correctly.

The University Council has appointed a disciplinary committee to maintain the discipline of the students and selected members of the academic staff may be included in this disciplinary committee.

08. University Security Service

The University Security Service functions 24 hours [throughout the day] to protect the University community and the property of the University. The Security Service functions as a supportive unit with the Student Welfare Division and Students' Counselling Service in student activities. The Security Service also provides support to organize various functions of the University. The University Security Service provides special protection during various functions of the University and helps the administrative officers and the academic staff in implementing the rules and regulations of the University and maintaining the peace and discipline of the student community.

09. Restricted Times for Remaining in the University

Students should not remain in the University after 8.00 p.m. without valid reasons. Security officers may advise them to leave the University premises. Students should not remain in the University premises after lectures, practical classes and after hours except when an approved meeting, party, drama, or festival or some such event is held. Residential students should not leave the hostel without the permission of the relevant officers on such occasions.

1.1 Administrative Registration and Enrollment

The Administrative Registration of the students of all the faculties is carried out at the beginning of every academic year by the Academic Division of the University. All students should get their registration renewed within the prescribed period as indicated by notices sent out by the University.

The enrolment of the new entrants is done online via the student information system. Students are expected to upload certified copies by the Principal of the school or Justice of Peace. The originals of the certificates will be verified by the academic division when the students are called onsite for academic programmes and such documents will be returned immediately after verification.

1.2 Student Identity Cards

Every student should have a student identity card as long as she/he is an undergraduate registered at the University of Kelaniya. Accordingly, an identity card is issued to all registered students by the Academic Division. If the student identity card is lost, a copy should be obtained by paying a fee of Rs.500/-. The new identity card will be issued to the candidate upon submission of a request for a new identity card, a police statement on the loss of the identity card, and the receipt slip of the above payment.

The students should confirm their identity by forwarding the student identity card on every occasion whenever a lecturer, an officer, or a security officer of the university requests it. This includes entrance to the library and other facilities.

1.3 Use of Student's Name during the Period of Registration

All the conditions stipulated in circular No. 09/2021 dated 05.11.2021 on the use of students' names within the university period issued by the University Grants Commission are given here for the information of all the students. All activities related to students' names are carried out as per the regulations of the said circular and the students should firmly keep in mind not to do anything contrary to the said conditions:

- (a) Change of names in degree certificates is accepted only if the proper legal procedure has been followed.
- (b) The name stated in the degree certificate is the name by which the student is registered for undergraduate courses.

- (c) An internal change of a part of a name at the student's request is allowed only when each part is mentioned in the Birth Certificate.
- (d) If an ordained student disrobes after registering under a certain name for the Final Degree Examination, the Degree Certificate is issued in the name stated in the Birth Certificate. Accordingly, even if a lay student becomes a member of the clergy, such evidence should be duly produced and submitted before the effective date of the degree.
- (e) All the changes specified from (a) to (d) will be made only if the request for such name changes are submitted before the effective date of the degree.

1.4 The Appeals Committee

If the students have any issues regarding the following matters, the Appeals Committee is established to solve such issues.

- (a) Being unable to sit an examination on medical grounds or other reasons.
- (b) Obtaining a deferment of the academic year.
- (c) Taking leave locally and overseas

The appeals to be submitted under (a),(b) and overseas leave under category (c) should be made using the prescribed application forms through the Examination divisions as well as the web page of the academic division. The requests for local leave under (c) can be submitted through the Dean of the relevant Faculty to the Appeals committee.

The following process is proposed for students granted permission to sit for the examination as first-time candidates on medical grounds by resubmitting a medical certificate for the same subject immediately following the examination.

- i) If it is an Ayurvedic Medical Certificate, a special recommendation from the Medical Officer at the Gampaha Wickramarchchi University of Indigenous Medicine should be obtained.
- ii) If it is a Medical Certificate issued by the Government Medical Officer or a Registered Medical Practitioner, special recommendation should be obtained by personally appearing before the University Medical Officer.
- iii) Such Medical Certificates will be forwarded to the Appeals Board for special consideration.
- iv) A copy of the results sheet needs to be produced with the above appeal.

The committee will not consider any appeal made by students who have not sat for the examination after getting a concession on a previous occasion and have not

submitted a medical certificate for the second time to obtain a concession for the same subject without mentioning his/her first concession. Such an appeal will be considered as an examination offense and will be referred to the examination offense inquiring committee for consideration.

A student shall complete a Bachelor's degree within five consecutive academic years and complete a bachelor's Honors degree within six consecutive academic years as per the Qualifications frame work of the University of Kelaniya. An appeal submitted to complete the degree programme beyond this period will be considered under exceptional circumstances and case by case basis.

The maximum duration to consider the appeals is submitted within 10 academic years from the date he/she registered with the university. **No appeal shall be considered after ten (10) academic years from the date he/she first registered with the university.**

1.5 Instructions to be Followed when Requesting Deferment

An undergraduate who is unable to continue academic activities during the prescribed academic year needs to obtain approval from the appeals board for a deferment of the academic year.

- (a) The students who wish to postpone registration in the first academic year should submit the reasons in writing before the commencement of the academic year.
- (b) If medical reasons are cited, a Medical Certificate obtained from a government hospital should be submitted.
- (d) If a Medical Certificate is obtained from a private doctor, it should be submitted with the certification of the Chief Medical Officer of the University.
- (e) If other reasons are submitted, written proof pertaining to the said reasons should be submitted.
- (f) If the requested/appeal is sent through Registered Post, it should be addressed to the Deputy Registrar/Academic Division, University of Kelaniya. If it is delivered by hand, it should be through using the proper application available in the web page of the academic division.

02. Examinations Division

Deputy Registrar

Mr. R.M.M.L.B. Wewegama

B.Sc. (OUSL), Dip in Agric (school of Agriculture, Kundasale), MHRM (Kel'ya)

All the internal examination affairs of the University are coordinated by the Examinations Division. Issuing the necessary notifications at the time of each examination and providing rules and instructions on conducting written examinations are carried out by this division. In addition to Bachelor's degrees, the examinations related to certificate courses, diplomas and postgraduate degree programmes are also conducted by the Examinations Division.

Convocations for all degrees, including those of the affiliated institutes (the Postgraduate Institute of Pali and Buddhist Studies, the Postgraduate Institute of Archeology, and those with accreditation to the University of Kelaniya) are planned and organized by the Examinations Division.

The following examination rules must be observed by the candidates when sitting for examinations at the University.

2.1 Rules and Regulations Related to the Written Examinations

- 2.1.1 Candidates should be in the vicinity of the examination hall at least 15 minutes before the commencement of the question paper and should enter the examination hall only when the supervisor gives them permission to do so.
- 2.1.2 As soon as the candidates enter the examination hall, they should seat themselves at the desks bearing their index numbers. The seat cannot be changed except with the special permission of the supervisor.
- 2.1.3 No candidate will be allowed to enter the examination hall 30 minutes after the commencement of the examination. Once the examination starts, the candidates are not allowed to exit the examination hall in the first 30 minutes of the examination. After the first thirty minutes, any candidate may leave the hall after handing over the answer script to the supervisor. However candidates are not allowed to leave the hall in the last 30 minutes of the examination.
- 2.1.4.1 Each candidate should collect the admission card from the Examination Division or Faculty Office and get her/his signature verified by a member of the academic staff, and bring it to the examination hall, along with the Student Identity Card/Student Record Book.
- 2.1.4.2 The candidacy of those who fail to submit the afore-mentioned documents is liable to be cancelled.

- 2.1.4.3 If the candidate does not have the admission form, she/he should furnish a statement signed according to the format supplied by the supervisor in order to sit the examination. The candidate should produce the required documents to prove identity when she/he sits the next examination paper.
- 2.1.4.4 If this happens to be the last and the only paper for which the candidate is sitting, the aforementioned documents should be shown to the Assistant Registrar/Senior Asst. Registrar of the relevant faculty on the next working day.
- 2.1.4.5 If the Student Record Book/Student Identity Card is lost during the examination, a second copy should be obtained from the Assistant Registrar/Senior Asst. Registrar of the relevant Faculty.
- 2.1.4.6 If there is a difference between the name that appears on the Student Record Book/Identity Card and the Admission Card, a certificate obtained from the Registrar confirming the above should be produced. In case of failure to submit such a certificate, the National Identity Card, or a recently taken photograph certified by an authorized person should be submitted.
- 2.1.5 During the examination, the admission card or the relevant part of the admission card should be handed over to the invigilator after the candidate signs the form in the presence of the invigilator. Subsequently, the candidates should sign in the due place of the admission card at each session of the examination.
- 2.1.6 The candidates should bring only the necessary items such as pens, pencils, bottles of ink, erasers, rulers, geometrical instruments and colored pencils which are legally permitted to be brought for their use at the exam. In addition, the candidate should be responsible and refrain from bringing any sort of document, note or instrument which could be used improperly at the exam hall, especially, mobile phones, or other electronic communication equipment or any other technical equipment with her/him during the examination.
- 2.1.7 The candidate should promptly produce any document, object or instrument which is near her/him or in her/his care as and when the supervisor asks for it.
- 2.1.8 Candidates are prohibited from asking or exchanging anything, conversing or copying from any other candidate or any document. No assistance of any sort should be obtained from another candidate/person. Copying from another candidate, encouraging or assisting another candidate to copy is strictly prohibited.
- 2.1.9 Only writing books and papers issued for the day should be used for writing answers to the question paper. It is the candidate's responsibility to check whether the date stamp bearing the valid date and the invigilator's signature are placed on

- the books or/and the answering sheet. If the stamp of the valid date with the signature of the supervisor or invigilator is not placed on the answering books and papers, such stationery should not be used to write the answers. It is the responsibility of the candidate to inform the supervisor as soon as possible, and ensure that the papers are stamped with the valid date and signature.
- 2.1.10 The required stationery to write answers. (i.e. writing paper, graph papers, drawing papers, ledger papers etc.) will be issued to the candidates as and when necessary. Tearing, scratching, folding, crushing or destroying any paper or book supplied to the candidate is prohibited. Only the stationery supplied by the supervisor or invigilator should be used and all the stationery and instruments supplied to the candidate (used/unused) should be left on the desk and should not be taken out of the examination hall.
- 2.1.11 Before starting to answer the question paper, the index number of the candidate and the name of the examination should be written in the due place on the answering sheet. The index number of the candidate should be written in all papers used for answering the questions. No candidate should write her/his name or any symbol of identification on the answering sheets. Writing someone else's index number on one's answering sheet is seen as misconduct and an examination offence. Answering sheets without the index number or an illegible index number will be rejected.
- 2.1.12 The paper used for rough work and other writing papers should be attached to the answering sheet. Irrelevant parts or mistakes made on the answer sheet should be crossed out. Rough work should not be done on the admission card, time table, question paper or the Student Record Book. Candidates who do not follow these instructions will be seen as having breached the rules of the examination.
- 2.1.13 Candidates should behave well in the examination hall, without disturbing the supervisor, invigilators and other candidates. Silence should be preserved in and out of the examination hall. Candidates will not be allowed to go out of the examination hall temporarily except in an emergency situation. In such situations, permission can be granted to go out temporarily with an invigilator. The supervisor possesses the authority to expel those who do not follow the aforementioned instructions. Talking to others except the supervisor or an invigilator in the examination hall at the time of examination is completely prohibited. The attention of the supervisor or an invigilator can be obtained by raising one's hand when a question arises.
- 2.1.14 Candidates should be suitably dressed for the examination so that their attire would not conceal their identity.

- 2.1.15 No candidate should reproduce a field book, a field programme or a thesis as a whole or in part that has been produced by another.
- 2.1.16 No candidate should permit another to sit the examination on her/his behalf, and no candidate is permitted to sit the examination on behalf of someone else.
- 2.1.17 Candidates should be aware of the fact that the supervisor possesses the sole authority to question or to take statements from a candidate regarding any matter that has arisen in the examination hall. The candidate cannot refuse answering questions or signing a statement.
- 2.1.18 If the supervisor is convinced that a situation which leads to cancellation or postponement of the examination has arisen, the supervisor will take steps to report to the due authorities immediately, having stopped the examination and collected the answer sheets immediately.
- 2.1.19 The candidates should stop all work as soon as the signal to stop the examination is given by the supervisor. The supervisor/invigilator bears the right to notify the Examination Division about disobedient candidates if these instructions are not followed.
- 2.1.20 Candidates should hand over their answer sheets to the supervisor or an invigilator themselves. Candidates should stay in their seats until the answer sheets are collected. Answer sheets should not be handed over to workers or any other person in the hall for any reason. A candidate does not have the right to ask for the answer sheet once it has been handed over, for any reason whatsoever.
- 2.1.21 No candidate can take her/his or someone else's answer sheets out of the examination hall.
- 2.1.22 Candidates should be responsible not to keep any document or note or equipment in their possession, which can be misused at the time of the examination. Further, candidates should not try to use any equipment or document or note improperly. All candidates should be responsible not to engage in examination misconduct and to avoid any such act which will lead to suspicion of being engaged in examination misconduct.
- 2.1.23 In marking answer sheets, when more questions than the stipulated number of questions are answered, only the due number of answers according to the respective order of answering may be marked. (e.g.: - the last answer may not be marked when an additional question apart from the due number of questions is answered.) Nevertheless, the examiner possesses the authority of identifying an answer or part of an answer which is not needed to be marked in cases where the candidate has answered more than the required number of questions.

- 2.1.24 Sitting for examination by all candidates registered for the examination is mandatory. If the candidate does not appear for the examination, she/he should seek permission of the Senate within the relevant period of time, having submitted a written appeal to the Appeals Committee with acceptable reasons for not sitting the examination with written proof and the recommendation of the Dean of the relevant Faculty. If a candidate cannot appear for a part of the examination, the Assistant Registrar/Senior Asst. Registrar of the Faculty should be immediately informed of this in writing, and relevant proof should be sent within 48 hours, via Registered Post.
- 2.1.25 If a candidate is not sitting the whole examination or a part of it due to medical reasons, a Medical Certificate should be obtained having reported to the Medical Officer of the University before the examination commences or within the period of time the examination is being conducted.
- 2.1.26 If a candidate who has not sat the whole examination or a part of it has not obtained the approval of the Senate following the aforementioned instructions, sitting the said examination in the next instance would be seen as sitting a repeat examination.
- 2.1.27 If a candidate has not obtained the approval of the Senate for not sitting the complete examination, she/he will not be entitled to get a class upon completing the degree.
- 2.1.28 A candidate who fails to obtain a Medical Certificate from the University Medical Officer due to unavoidable circumstances, should submit a valid Medical Certificate obtained from the District Medical Officer of the candidate's residential area or a Consultant Physician or a Government Ayurvedic hospital. The Certificate must be certified by the Medical Officer of the university within 14 days from the due date of the examination. Medical Certificates issued by Western, Ayurvedic, or Homeopathy doctors in private practice will not generally be accepted. However, these may be considered on a case basis by case by the Appeals Board of the University.

2.2 Examination Irregularities

Examination irregularities have been classified as follows.

- 2.2.1 Keeping unauthorized documents in one's possession
- 2.2.2 Copying/Plagiarism
- 2.2.3 Entering to the examination hall with written notes on the palm or any other part of the body or on one's clothes
- 2.2.4 Cheating
- 2.2.5 Taking the stationery belonging to the university out of the examination hall
- 2.2.6 Improper behavior that disturbs the examination activities

- 2.2.7 Employing somebody else to sit the examination on one's behalf or sitting the examination on someone else's behalf.
- 2.2.8 Getting to know or trying to know the contents of a question paper through improper means
- 2.2.9 Encouraging, supporting or getting assistance to commit an examination irregularity
- 2.2.10 Influencing the examiner or other examination officers improperly
- 2.2.11 Not following or obeying the orders or instructions of the supervisor or arguing with the supervisor or the staff serving in the examination hall
- 2.2.12 Taking mobile phones or technical gadgets of any sort into the examination hall.

2.3 Inquiries on Malpractices at Examinations

Malpractices related to examinations will be reported to the Administrative Officer assigned for Examination matters (Deputy Registrar/Senior Assistant Registrar/ Assistant Registrar/ Examinations) by the Supervisor.

The Administrative Officer/Examinations writes to the Committee Investigating Examination Irregularities and reports each case of irregularity to the Committee. Punishments which are prescribed by this Committee, are submitted for the approval of the Senate. The Committee Investigating Examination Irregularities is a sub-committee appointed by the Senate. Considering the recommendations of this Committee, the Senate will determine the punishments for the offences. The decision of the Senate is final. The Registrar of Examinations (Deputy Registrar/Senior Assistant Registrar/ Assistant Registrar) will inform the candidates about the punishments.

2.4 Punishments for Malpractice in Examinations

- 2.4.1 **Having unauthorized documents**
Prohibition to sit the examinations conducted by the University for a maximum of two years or/and other punishments according to the recommendations of the Senate.
- 2.4.2 **Copying**
Cancellation of candidature and prohibition of sitting other examinations held by the University for a maximum of three years or/and sentence of other punishments according to the Senate.
- 2.4.3 **Having notes on the palm of your hand or any other part of the body or garments**
Cancellation of candidature and prohibition to sit examinations held by the University for a maximum of three years or/and sentence of other punishments according to the Senate.
- 2.4.4 **Cheating**
Cancellation of candidature, and prohibition to sit University examinations for a specified period, and imposition of other punishments according to the Senate.

2.4.5 Taking stationery items out of the examination hall

Cancellation of candidature and prohibition of sitting examinations conducted by the University for a specified period of time decided on by the Senate.

2.4.6 Misbehavior causing disturbance in examination hall

Cancellation of candidature, and prohibition of sitting any examination in the University for at least five years, and other punishments decided on by the Senate.

2.4.7 Impersonation

If a person sits the examination using another person's index number, or allows another person to impersonate her/him, it is a serious offence. In such a situation both persons are punished. If the other person who has sat the examination has not registered as a student in the University, the normal laws of the country will be used to punish her/him.

In the case of the registered student, cancellation of candidature and prohibition of sitting University exams for a minimum of 5 years and maximum of 10 years, and any punishment imposed by the Senate will be upheld.

2.4.8 Discovering contents of question paper or attempts to find the contents of the question paper in an illegal manner before the examination

The cancellation of candidature and punishments according to the decisions of the Senate.

2.4.9 Supporting malpractice at an examination, getting help from someone else or examination malpractice

The cancellation of candidature and punishments according to the decision of the Senate.

2.4.10 Undue influence on supervisors and other officials

The cancellation of candidature and punishments according to the decision of the Senate.

2.4.11 Disobedience in the examination hall and/or disputes with the supervisor and staff in the examination hall

The cancellation of candidature, prohibition of sitting University examinations for a maximum of five years and other punishments decided on by the Senate.

2.4.12 Bringing mobile phones or any other technological device into the exam hall

The cancellation of candidature and prohibition of sitting University examinations for a maximum 3 years or/and other punishments according to the decisions of the Senate.

2.4.13 Being guilty for the second time of malpractice at an examination

The cancellation of student registration and/or decision taken by the Senate.

2.5 Compulsory Punishments

All candidates must be aware that according to the will of the Senate, all or several of the following compulsory punishments can be imposed:

- 2.5.1 Cancelling the question paper and allowing to resit the relevant examination after an academic year has passed.
- 2.5.2 Not awarding a class for the degree
- 2.5.3 Limiting the maximum marks for resitting a cancelled question paper to 40%
- 2.5.4 The suspension or cancellation of scholarships and bursaries
- 2.5.5 The cancellation of hostel facilities
- 2.5.6 Not calling/inviting for the convocation
- 2.5.7 Delaying the releasing of results and awarding the degree one year later

2.6 Any other misconduct/malpractice/misdemeanor or fault

Any misconduct/malpractice/misdemeanor or fault not discussed in this section, but deemed a malpractice by the Senate, will be discussed and the punishment will be meted out according to the decision of the Senate.

2.7 Appeals made by students who have been identified to be punished for malpractice at examinations

Students who have been punished for malpractice at the examinations can forward their appeals to the Vice-Chancellor.

After directing it to the Committee Investigating Examination Irregularities, the Vice Chancellor can ask the committee to convene and consider the relevant appeals and make recommendations to the Senate.

In such cases, the decision taken by the Senate after considering the recommendation of the Committee Investigating Examination Irregularities, will be the final decision. Appeals against punishments can be made by the student within 14 days of the receipt of the letter sent by the Administrative Officer of the Examination Division informing her/him of the punishment.

Candidates have no right to appeal after 14 days of receiving the letter.

Students shall abide by the above conditions of residency and the Hostels Committee will check whether the said conditions are followed. The aforesaid Committee will monitor the residency of the students in each room and will be awarding marks.

The awarded marks will be considered when the students are provided hostel facilities again and a student may lose hostel facilities for the loss of marks due to unsatisfactory conduct.

3.3 Matters Related to Student Unions

Faculty Student Unions and University Student Unions are established under the by-law of Unions. For each faculty union, the following officers and other members are elected.

Chairman
Vice Chairman
Secretary
Editor
Junior Treasurer
Committee Members

The number of committee members to be selected is decided according to the number of registered students in the faculty.

University Student Union

The following officers are elected for the University Student Union by elected officers of all the faculty level student unions and other members.

Chairman
Vice Chairman
Secretary
Editor
Junior Treasurer

Other officers who have been selected from faculty level student unions and other members of these unions are appointed as members of the University Student Union.

3.4 Subject Societies/Other Student Societies

- If a group of students of the University of Kelaniya intend to form a student society, they should seek advice from the Senior Assistant Registrar/Student Welfare. The students who intend to form a student society should publicise their intention within the University. The students should call a general meeting and draft a constitution.

The format of the constitution can be obtained from the Student Welfare Division of the University.

- Only the students of the University of Kelaniya have the right to obtain membership of any student society.
- The student society is not entitled to be affiliated to any other organization outside the University, without the prior written approval of the Director/Student Affairs.
- Any society that is not registered should not function in the university.
- The registration of a society must take place within two months after the commencement of the academic year and the expected programme of the society must be produced within two weeks of registration.

• **Funds for Student Societies**

Every subject society must have a junior as well as a Senior Treasurer. Funds for the society must be earned by collecting membership fees and in any other ways possible. Each society must maintain its own bank account.

Every payment must be paid by a voucher. The senior treasurer's approval must be obtained for every payment. The budget of each society/union must be produced to the Senior Assistant Registrar (Student Welfare) through the Senior Treasurer, within the stipulated period.

The subject societies and other student societies in the university are given below.

Introduction

The University of Kelaniya Library, has a history spanning over 60 years. In parallel to the Vidyalankara Pirivena becoming Vidyalankara University in 1959, the Library was started with a collection of books that belonged to the Vidyalankara Pirivena. Subsequently, it was shifted to the current premises in 1977 with a larger collection. Later, as this old building was not sufficient to accommodate its growing collection, a newly built four-storied building was added to the Library system in 2013. Presently, the Library holds a collection of over 251,962 books and monographs relevant to various study programmes and research activities at the University. Furthermore, the Library subscribes to 25 local and foreign printed journals.

The Library has provided access facilities to EBSCO, Research4Life, JSTOR, Emerald, Oxford University Press, Cambridge, Elsevier, Wiley, ProQuest and Taylor and Francis databases. It has provided access facilities to more than 12,500 academic e-journals and approximately 100,000 e-books through these databases.

Professional librarians have been appointed for each faculty to fulfil the information requirements and Information Literacy training needs of the users. Thus, all registered members of the library have the opportunity to contact designated faculty librarians for their information and training needs.

Users can borrow books that are not available in the Library through the Inter Library Loan Service, and facilities for obtaining journal articles that are currently unavailable in the Library are also available through the British Library Document Delivery Service.

4.1 Readers' Registration

The following personnel are eligible for library membership.

- Registered internal undergraduates students
- Registered postgraduates students
- Permanent academic staff members
- Temporary academic staff members
- Permanent non-academic staff members

You can get your library membership by producing a duly filled application and one of the documents given below to prove your identity.

1. Student Identity Card or Student Record Book
2. Documents of registration issued by the Academic Division or any other authority in the University.
3. University staff identity card and appointment letter.

Internal undergraduates are eligible to borrow books from the reference and lending sections as follows:

	Reference Section	Lending Section
First Year	1	2
Second Year	1	2
Third Year	2	3
Fourth Year	3	4

Registered postgraduate students can obtain one lending and one reference library card, by producing the university identity card. At the library registration, students should pay Rs. 2,000.00 as the non-refundable fee, and the refundable fee per card is Rs.7,500.00. Postgraduate students could request reimbursement for the refundable library deposit after

returning all materials borrowed and applying in the prescribed form to the Faculty of Graduate Studies.

All library users are issued a copy of the Library Handbook at the time of registration.

4.9 The Medical Faculty Library,

The Medical Faculty Library, which was first established under the North Colombo Medical College, is located at the Ragama Medical Faculty premises. It caters to the academic staff and students of the Faculty of Medicine.

The Library has a collection of books comprising over 18,500 volumes, mainly related to medical sciences, and it subscribes to many full text medical e-journals through EBSCO databases. The Library also provides remote access to 30 Key Medical and Speech and Hearing Sciences E-textbooks and 16 specialized E-books via ProQuest EBook Central and Taylor and Francis Ebook platforms. In addition, all full-text journal databases subscribed to by the UCG consortium and the Main Library can also be accessed remotely.

Library services are provided to all registered students and academic and non-academic staff members of the faculty. The Library is open from 8.30 a.m. to 7.00 p.m. during weekdays and from 8.30 a.m. to 6.00 p.m. on Saturdays. It is closed on Sundays and government holidays.

First year students are issued the 'Medical Library Guide' at the time of registration. For further information, contact the Senior Assistant Librarian, Medical Faculty Library, at 0112961154 or e-mail libmed@kln.ac.lk

4.10 Postgraduate Science Library

The Postgraduate Science Library is located in the premises of the Faculty of Science. It comprises books (over 2000) and periodicals related to Science disciplines. The textbooks which are available in the Library are issued only to the permanent academic staff members of the Faculty of Science and postgraduate students. The students in all academic years in the Faculty of Science are allowed to use the Library. The library is open from 8 a.m. to 4.15 p.m. every day except for public holidays and weekends. For further information, contact the Senior Assistant Librarian, Postgraduate Science Library, at 011 2903423.

4.11 Library Clearance

All undergraduate and postgraduate students must return all borrowed library materials at the end of their study programme and get the required endorsement in the student record book. When applying for examination certificates from the Examinations Division of the University, library clearance is mandatory. To avoid last minute delays, all students are advised to ensure that they get the clearance endorsement at the end of the study programme.

4.12. More details

More details about the Library resources and services could be obtained by visiting the Library website (*library.kln.ac.lk*). The Library catalogue can be searched through the WEB-OPAC provided on this site.

The books borrowed from the Library should be returned on or before the due date which appears on the due date slip in the borrowed book. If you want to renew your borrowed materials for another period, you may simply visit the circulation counter and make a request by producing your University ID card. Please note that it is not a requirement to bring your borrowed library materials for the renewal process.

The currently valid overdue charge procedure for non-returned books is as follows:

Per day except for holidays	
Per Lending Book	Per Reference Book
Rs. 2.00	Rs. 5.00

If you have lost any borrowed book, you need to immediately inform the Reader Services Librarian in writing and get his/her advice for further actions. If you do not inform the said person in time, unfortunately, your fine will be accumulated and no waiver can be granted under any circumstance.

The current photocopy charges are indicated below.

A4 Paper	
Single Side	Double Side
Rs. 8.00	Rs.8.00

No library material can be taken out from the library premises in any circumstance without going through the correct check-out/borrowing procedure in the library. Such cases will be taken seriously and subject to disciplinary actions. Theft or stealing of any kind of reading material or equipment that belongs to the Library, damage of library materials or equipment and giving an ID card to another user or an outsider to borrow books will also be subject to disciplinary action.

The Information and Communication Technology (ICT) Centre formerly known as the Computer Centre was established in the mid -1980s to provide computing skills to students. With the advances in Information Technology and change of the role played by the technology, the ICT Centre has become the primary ICT Services provider for the University.

Services provided by the ICT Centre include maintenance of the University's IT network including fiber-optics backbone, providing Kelani Wi-Fi services, email services to staff and students, e-learning services, IT helpdesk system for staff and students, ZOOM video conferencing, Office 365 free office package for staff and students, Microsoft Azure Dev Tools for teaching for staff and students, maintenance of the websites of the University, conducting certificate courses for students, installation of hardware and software, developing Information Systems and supporting Faculties/ Departments/ Divisions to maintain their ICT equipment, training staff, advising and recommending procurement of ICT-related equipment, etc.

Certificate courses conducted by the ICT Centre include courses in Computer Literacy, Information Technology, JAVA Programming, Web Designing, Computer Hardware Technology, Advanced Networking, and Graphic Designing and Editing. Due to the current Covid-19 pandemic situation prevailing in the country, the Computer Literacy

course and Information Technology course, conducted by the Information and Communication Technology Centre, have been made available for the university students to study, using the subject materials we provide online. The objective of the Computer Literacy Course is to provide undergraduates with basic skills in using computers, using office productivity packages such as Microsoft Office, Open Office, and using Internet-based services. The Certificate in Information Technology course provides an introduction to key concepts in Information technology. Both courses are open to all undergraduates. A textbook focusing on these course has also been published by the ICT Centre. Courses in Programming, Web Designing, Computer Hardware Technology, Advanced Networking and Graphic Designing and Editing are limited enrollment courses, and students are selected for these courses based on their performance at the Information Technology course.

Apart from that, workshops and training sessions for academic, academic support, administrative and non-academic staff of the University are also conducted by the ICT Centre.

The ICT Centre is equipped with approximately 245 computers in 5 computer teaching laboratories, printers, scanners, video conferencing equipment, and other ICT related equipment for the use of both students and staff of the University.

The ICT Centre is open from 8.00 am to 6.30 pm on all working days and from 8.00 am to 5.30 pm during weekends. Opening hours are extended during the periods of study leave and examinations.

A university-wide wireless network has been established covering the entire university including university-owned hostels. Also, the ICT Centre introduced the Single-Sign-on System for Internet-based services such as accessing email, e-learning systems, Wi-Fi, and accessing the Internet.

The Faculty of Humanities, which dates back to the inception of the Vidyalankara Pirivena in 1875, is a unique faculty that combines the study of language, literature, performing and visual arts, aesthetics, and religious studies. The Faculty of Humanities together with the Faculty of Social Sciences, offers a Bachelor of Arts degree. The Faculty also offers Bachelor of Arts Honours degree programmes to students along with postgraduate courses that lead to M.A., M.Phil., and Ph.D. degrees.

The curricula offered by the Faculty of Humanities consists of a wealth of eastern knowledge alongside the state-of-the-art rich knowledge that would ultimately cater to the knowledge capital of Sri Lanka. The curricula are geared towards molding responsible citizens and leaders of the country who are armed with intellectual integrity, self-discipline, responsibility, creativity, and critical and inclusive thinking skills so that they can contribute to society and the world of work independently and collaboratively.

The Faculty of Humanities has two computer labs of its own, which provide computer access to students in addition to the services provided by the University's main IT Center. Moreover, the Departments of English Language Teaching, Sinhala, Modern Languages, Western Classical Culture and Christian Studies, and Fine Arts also have their own computer labs.

The Department of English Language is a part of the Faculty of Humanities that offers English courses to undergraduates in all the Faculties. The students reading for BA and BA Honours degrees in the Faculty of Humanities are offered a selection of compulsory and auxiliary English Language courses to improve their English language competency. There are course units that uniquely focus on professional English as well as public speaking skills.

The Confucius Institute, University of Kelaniya, founded in 2007, comes under the purview of the Faculty of Humanities. The Director of the Institute is an academic from the Department of Modern Languages – Chinese Studies. Annual undergraduate scholarships to study in China, training programmes offered to nonacademic staff and long and short-term Chinese courses are some of the benefits the Confucius Institute offers to the university community.

The Culture Centre of the University of Kelaniya, which also comes under the purview of the Faculty of Humanities, is located at the back of the Dharmaloka Hall. It offers space for students to engage in cultural activities. The Centre offers dancing, music, handcraft, drama and photography courses to the university community.

The Research Centre of the Faculty of Humanities (RCFH) which is located in K 28, was established with the aim of developing a strong research culture in the Faculty. It strives to foster a stimulating interdisciplinary community of academics to share knowledge through intensive discussions. The Centre organizes the International Conference on the Humanities (ICH) and the Humanities Undergraduate Research Symposium (HUG) annually. Also, all research related workshops are conducted through the RCFH.

The Art Gallery of the University of Kelaniya, which is located next to the Palm Leaf Manuscript Center, is coordinated by the Faculty of Humanities. It caters to the artistic and creative needs of the University of Kelaniya.

The Department of English Language Teaching (DELT) is responsible for the practical, task-oriented aspect of Teaching English as a Second Language (TESL) in the University of Kelaniya.

The vision of the DELT is to be a centre of excellence in English language education and to make English available to all. Its mission is to train undergraduates in English communication skills, improve their academic writing in English, and to train them for the world of work. Also, the DELT strives to equip TESL graduates with pedagogical skills, methodologies, theoretical input and critical thinking tools to make them successful professionals with a strong background of research.

The DELT is a part of the Faculty of Humanities but provides English courses to all the faculties of the University of Kelaniya. Its strength lies in its ability to liaise with students and staff from all disciplines and provide English for Specific Purposes (ESP) and English for Academic Purposes (EAP) courses as needed. The DELT course units are offered to all Levels from the first year to fourth year. The DELT offers a number of professional English courses to many faculties and the 4th level course focuses on writing research theses.

The DELT also offers Teaching English as a Second Language (TESL) Honours Degree to those who wish to pursue a career in Teaching English as a Second Language. The Degree in TESL focuses on creating professionals in Teaching English in Sri Lanka and it is different from the degree in English offered by the Department of English. The students reading for the Degree in TESL will focus on areas such as applied linguistics, language

acquisition, teaching methodology and language testing broadly. Furthermore, the undergraduates are accustomed to the research culture and trained to engage in research through various course units. A comprehensive internship programme provides the platform for them to apply theory into practice.

In addition to the academic programmes, the DELT conducts a monthly guest lecture/seminar/workshop series titled “Perkumpulan” in order to create space for academic discussion within the Department.

The DELT was awarded an “A” grade at the Programme Review that was conducted in 2017 by the QAC of the UGC which bears witness to the quality of the programme and the dedication of the academic and non-academic staff of the DELT.

The academic staff of the DELT work actively to support the University’s and the nation’s efforts to improve the standard of English language teaching and learning as well as to raise the bar for academic excellence and research. They teach on the Junior Staff Development Programme, English courses for non-academic staff, and perform other vital English language related tasks for the faculty and the University. The academic staff of the DELT also supervise undergraduate and postgraduate theses and teach on various postgraduate courses such as the MA in Linguistics, the MBA, and the MBus.

Moreover, the DELT offers fee levied courses for external students: i) Diploma in English for Professional Purposes (DEPP), ii) “CONNECT”: An Intermediate course in English and iii) English for International Students.

The Department offers academic programmes for the BA and BA Honours Degrees.

The BA Honours in Visual Arts and Design programme offers Art History, Theoretical, and Practical Training in Garden Design and Interior Design, and Practical Training in Painting, Sculpture, and Computer Graphic Design.

The Performing Arts program is twofold: BA Honours in Performing Arts in Dance and BA Honours in Performing Arts in Music. Both the subjects offer practical training in music and dance, and an industry training as well. It is mandatory for those who follow music to learn both vocal music and instrumental music. Those who follow dance will learn all three traditional dance forms; Kandyan, Low-country, and Sabaragamuwa, together with the drumming that belongs to the respective traditions. Additionally, students in music and dance will have to undergo academic and a practical training in Sri Lankan Folk Music, Choreography, Make-up and Costume Design.

The Honours Degree programme in Computer Graphic Design offers theoretical and practical training in Computer Graphic Design, 2D and 3D Animation, Principles of Typography and Page layout, Image Processing, Animated Story Telling, Animation Sound Design, Video Editing etc. Students will also have an opportunity to go through a career-oriented internship as part of their degree requirements.

In order to be accepted to the Visual Arts and Design degree programme, the student should have a C Grade or above for Art at the G.C.E. (Advanced Level). Those who do not satisfy this requirement are required to pass a practical painting test conducted by the Department. A pass with a C grade for Dancing or Music is a pre-requisite for those who wish to enroll in the Performing Arts degree programme. There are no prerequisites to be enrolled in the Honours Degree Programs in Computer Graphic Design and Digital Design, although students who obtained a C or above for Art or Information and Communication Technology (ICT) at the G.C.E. (Advanced Level) will be given preference.

Postgraduate Studies

This Department also conducts a Two-Year Master of Arts in Music, Master of Arts in Dance, and Master of Fine Arts degree programme. In addition, the facilities for research studies in the disciplines of Music, Dance, and Fine Arts leading up to M.Phil. and Ph.D.

India, which is our neighbor and has the 2nd highest population in the world, uses Hindi as the official language and it is the mother tongue of the majority of Indians. In many ways similar to Sinhala, Hindi is widely accepted as one of the mellifluous spoken languages in the world. Learning Hindi is useful to those who study History, Archeology, Linguistics, Philosophy, Ayurvedic Medicine, Cinematic Studies, Sinhala and Buddhist Culture as well as Science, Information Technology and Commerce and Management. With the objective of teaching Hindi language, literature and culture and to conduct research that will be beneficial to Sri Lanka, the Hindi Department was established with the initiative of the erudite Hindi scholar and professor, Prof. Ven. Bhadantha Ananda Kaushalya Thero. In the 70's, due to some structural changes, the Hindi Department was absorbed into the Modern Languages Department and was later given independent status under the headship of internationally acclaimed Prof. Indra Dassanayake. The main library and the departmental library 'Prof. Indra Dassanayake Hindi Library' houses texts necessary for Hindi Studies.

Bachelor of Arts in Hindi Studies

Prior knowledge of Hindi is not a prerequisite to join this programme. The course is constructed in a way that the candidates can learn Hindi from the beginning, while receiving knowledge of the language, literature and culture. It is expected that at the end of the first year, the students will be able to communicate in the Hindi language. The Department also caters to those who do not take Hindi as a main subject, but as an optional course.

Bachelor of Arts Honours in Hindi Studies

Those who achieve high scores in the first-year examinations will be offered to read for Honours in Hindi. Hindi is the medium of study of this course which is designed to give an expansive knowledge on the Hindi language, folk and classical literature, and Hindi speaking culture (North Indian culture). You can obtain further information about this course of study from the Head of the Department.

M. Phil. / Ph. D. in Hindi Studies

Those who are qualified to read for an M.Phil., or a Ph.D. can continue their studies on the Hindi language, folk and classical literature, and the Hindi speaking culture (North Indian culture). You can obtain further information about these courses of study from the Head of the Department.

Certificate Course in Hindi Studies

This is a two-year certificate course designed to give competency in written and spoken Hindi. A candidate can register for this course only in the 1st or 2nd year of undergraduate studies. Prior knowledge of Hindi is not a prerequisite to join this programme.

Diploma in Hindi Studies

This is a fee levied one year diploma for external students who are interested in learning the Hindi language.

The Government of India offers scholarships to undergraduates reading for a BA or BA Honours in Hindi to receive training for ten months at Central Hindi Directorate (Kendriya Hindi Sansthan) located in Agra.

Department of Linguistics

An independent department for linguistics in the university system in Sri Lanka was first established in the University of Kelaniya, under the Faculty of Humanities in 1972. During the past four decades, the Department of Linguistics has introduced four degree courses namely Linguistics, Translation Studies, Translation Methods and Tamil as a Second Language. Further, the Department offers Tamil Language as an elective course, Short Term Course in Tamil Language and Certificate Course in Tamil for Foreign Students.

Linguistics

Linguistics is the scientific study of language. It does not only focus on one particular language but it is a common study on all human languages. It discusses about the identity, composition, history of the human languages as well as the relationship of languages with other subject areas.

There are subjects that lead a candidate to pursue practical studies utilizing linguistics knowledge. Clinical Linguistics, Applied Linguistics, Communication Disabilities, Sign

Language, Lexicography and Language Planning are among such subjects. This course introduces scientific information that should be known by language scholars who follow higher studies in the discipline.

Prerequisites are not expected. This course is open for any scholar of the Faculties of Humanities and Social Sciences who is interested in studying language scientifically.

Translation Studies

Translation Studies is a subject limited only for the B.A. (Special) Degree. Students from any A/L subject stream can follow this course given that they get through the Aptitude Test held by the University and get selected by the University Grants Commission on an Z-Score based criterion. The scholars are expected to improve proficiency in Sinhala, English and Tamil languages along with theoretical knowledge and practical training in translation.

Translation Methods

This is a practical subject limited only for the B.A. degree. The scholars who select Translation Methods are expected to be competent in both the Sinhala and English languages. The students who wish to follow this subject shall sit for an examination conducted by the Department of Linguistics. In teaching Translation Methods, both the Sinhala and English languages are used. At the end of the course, i.e. in the third year, the scholars have to follow a course unit of professional training with regard to translations.

Tamil as a Second Language

Scholars who wish to follow Tamil as a second language should possess a 'S' pass for Tamil as a second language at the G.C.E. (O/L) examination and they should pass the eligibility test conducted by the Department of Linguistics.

Tamil as an Optional Subject

Any student can follow the Tamil Language as an auxiliary subject. Pre-requisites are not expected for this subject.

Proficiency in Tamil Language

This course is conducted for one year and pre-requisites are not expected for this course. The students can register from the effective date of registration of 1st year (minimum) and 3rd or 4th years (maximum).

Diploma in Sign Language Interpretation

This course is conducted for two years and the students can register in the first and the second year to follow this course without fulfilling any pre-requisites.

Certificate Course in Tamil for Foreign Students

This is a one-year fee-levying course offered to the foreign language students.

Diploma Courses

There are two fee-levying (Weekend) courses – Diploma in Tamil Language and Diploma in Translation & Interpretation. These are one year courses.

Post Graduate Courses

The Department offers a two year M.A. in Linguistics, Master of Philosophy in Linguistics and Doctor of Philosophy courses.

In the modern world, living languages used by different countries for day-to-day communication, administration, education and research are called Modern Languages. Study programmes offered by the Department of Modern Languages are designed not only to give a thorough knowledge of the target language but also to understand literature, culture, and philosophy of the country in which the target languages are spoken and to provide comprehensive knowledge in conducting research in the relevant foreign language.

The Department consists of permanent lecturers as well as international scholars on visiting basis from different countries and conducts courses in Chinese, French, German, Japanese, Spanish, Russian and Korean languages.

B.A. Degree programme

- a) A prior knowledge in a relevant language is not a requirement to follow the first year of the Bachelor's Degree except for French and Japanese languages. The undergraduates who wish to follow either French or Japanese language must obtain at least a pass in the relevant subject at the G.C.E. (A/L) Examination. Upon passing the proficiency test conducted by the Department, undergraduates are allowed to follow the particular language course even if they do not fulfill the above-mentioned requirement.
- b) Language, literature and the culture of the relevant foreign language would be studied during the study program.
- c) Undergraduates, whose attendance is below 80% throughout the academic year will not be eligible to sit the end of course examinations.

Undergraduates, who do not enroll in the above languages as core subjects, are given the opportunity to follow the relevant auxiliary units in those languages.

B.A. Honours Degree programme

The Department offers Honours Degree programs in French, German, Japanese, Russian, Chinese and Korean. Further information could be obtained from the Department.

Certificate Course in Modern Languages

(Chinese, Japanese, French, Russian, German, Korean, Arabic, Italian, Spanish)

First or second year undergraduates of any Faculty would be eligible to follow this course. The certificate course is designed to provide a thorough knowledge of the relevant language and culture where any prior knowledge of the subject would not be required. At the end of the one-year course, the undergraduates who successfully complete the course will be awarded a certificate.

The Department of Pali and Buddhist Studies is a pioneering department at the University of Kelaniya, which was known as the 'Buddhist Faculty' in the period of the *Vidyāṅkārā* University. The main purpose of the Department is to promote vast areas of study and research on Buddhism giving privotal attention to the Pāli Canon while also academically scrutinizing the teachings of the Buddha together with its philosophical and cultural aspects. Indeed, the mission of the Department is to enable the students to handle the expanding field of Buddhist Studies successfully. Consequently, Pāli, Buddhist Philosophy, Buddhist Culture, Buddhist Psychology are the main subjects in the curricula of this Department. It offers Degrees on Buddhist Studies at undergraduate, (both the General and Honours Degrees), and Postgraduate levels (B.A./M.A./M.Phil./Ph.D.). As a result of the interest in the study of Buddhism, this Department has acquired a remarkable increase in fame among other academic Buddhist institutions not only in Sri Lanka but also overseas. Thus, a remarkable number of foreign students, from various countries such as China, Korea, Vietnam, Cambodia, Myanmar and Bangladesh, are pursuing their academic goals at this Department. Further, countries such as Singapore, Malaysia and China conduct their academic works in their respective Buddhist Studies institutions and conferment of degrees following the subject syllabi and other relevant guidelines at the Department of Pāli and Buddhist Studies in the University of Kelaniya.

Pāli

The Pāli language occupies an important place among the classical languages that still have a historical value, besides being replete with rich literary and semantic qualities. The main purpose of offering this subject is to prepare the student to comprehend Buddhism accurately. Further, through a systematic analysis of the content of the Tipitaka, the students are introduced to a wide range of knowledge not only of Buddhist thought but also of contemporary religious systems of India. This syllabus is meant to provide the student with an opportunity to acquire proficiency in the Pali canon and its traditional exegeses. It also includes an inquiry into the canonical standpoints with regard to areas such as Buddhist Epistemology, Buddhist Logic, Aesthetics and Poetics. In order to further enhance the students' comparative knowledge, strict attention is drawn to the primary sources in hybrid Sanskrit and Prakrit. Further, the students can pursue studies in either Sinhala or English mediums.

Buddhist Philosophy

Buddhist Philosophy is, one of the areas of knowledge, unique among Indian thought. Its specialty relating to other traditions is the integration of its philosophy and the fact that for over two hundred thousand years, it has been the nurturing force of Asian life and thought, a phenomenon that continues to this day. We have three Canonical traditions and versions that are helpful to comprehend the fundamental characteristics of the subject area of Buddhism. They are the Pali, Chinese and Tibetan Tipitakas. The oldest among them is Pali and it mainly studies the thought in primary sources such as the *Pali Tipitaka*, *Atthakatha*, *Tika* according to historical, critical and comparative academic

methodologies. While embracing areas such as analysis of man and the world, ethics, epistemology, analysis of psychological phenomena, society, economy and political philosophy, and communication, this subject also includes *Madhyamika*, *Yogacara* and *Vajrayana* philosophies and more related areas of study. This study also includes the development, distinctive features and fields of Buddhist philosophical traditions of varied geographical areas. In the subject of 'Buddhist Philosophy', facilities are provided to study from the First Degree upto a Doctor of Philosophy. Further, the students can pursue studies in either Sinhala or English medium.

Buddhist Culture

In the area of Buddhist Culture an advanced study of Buddhism and the evolving of culture is pursued. Here facilities are provided for studies ranging from B.A. and (Honours) degrees upto MA, and PhD degrees. A student passing G.C.E.(A/L) in any Arts subject qualifies to following this subject for the B.A. Degree programme. The areas of "Buddhist Culture" comprises chiefly of the Cultural Background of India, Fundamental Principles of Buddhist Culture, Source Studies, Buddhist Arts and Archaeology, Social Institutions and Thought, Rites, Rituals, and Customs, Sri Lankan Buddhist Culture, Trends and Global Expansion of Buddhism, Mahayana Buddhism and Comparative Study of Religion. Additional courses have been introduced for the study of Sri Lankan culture in accordance with relevant and modern studies and trends for the increase of knowledge in the field, such as Management, Counseling, Environmental Ethics, Buddhist Art, Ayurveda and Astrology. The subject units could be followed by a student reading any subject and does not require prior qualifications. In view of the increasing demand for knowledge on Buddhism, both locally and internationally, facilities are provided for the study of the subject in both Sinhala and English.

Buddhist Psychology

Modern Psychology is recognized as a science, a field of philosophy, which studies the psychology of the mind in depth. In brief, the main aim, of Modern Psychology is to provide comprehensive guidance on psychology for people to succeed in their lives, as well as to eliminate problems related to their day today lives. As a result of increasing problems in society, the field of Modern Psychology has also been widened introducing a large number of subfields such as Counseling Psychology, Clinical Psychology, Child Psychology, School Psychology Educational Psychology, Development Psychology, and Abnormal Psychology etc. It is also of prime importance that each of these fields is of a number of more sub severances.

On the other hand, it could be said that Buddhism itself represents a profound understanding of the human mind and therefore the subject is called 'Buddhist Psychology'. In truth, Buddhist Psychology aims at solving all fundamental causes and derivations of problems related to individuals so as to achieve the well being of humans through mental development. Indeed, as evident in the characteristic of Buddhism, mentioned previously,

it cannot be dichotomized as Buddhism and Psychology. However, at present, Buddhist teachings are being studied to help people by blending it with western theories of Psychology. Even though, Sri Lankans can claim this valuable and profound psychological philosophy, unfortunately, we still have not been able to employ it for the benefit of the Sri Lankan society.

Therefore, by looking at this inadequate emphasis on putting Buddhist teaching into practice in society, as a distinguished national university, we have decided to establish a foreign academic field of studying Buddhism introducing both the General and Honours Degrees in “Buddhist Psychology”. Student following the course will be able to study areas such as fundamentals of Buddhist Psychology, Buddhist Cognitive Psychology, Buddhist Concept of Psychiatry, Psychology of Death in Buddhist Perspective, Buddhist Analysis of Psychological Disorders, Mindfulness Based Stress Management, Buddhist Counseling Psychology, and Meditation for Development of Human Competencies etc. Further, this subject can also be followed in Sinhala and English mediums. Therefore, it is our pleasure to mention that this kind of degree cannot be obtained from any other University in Sri Lanka.

This Department which was previously named as the Department of Sanskrit was renamed as *the Department of Sanskrit and Eastern Studies* under the Gazette 2069/16 based on the recommendation given by the Council of the University of Kelaniya in accordance with the proposal made by the Head of the Department with the consent of the academic staff of the Department in the year 2016.

At present, few students study Sanskrit in the university and it is observed that the number of lay students following Sanskrit is strikingly limited. Sanskrit is in fact confined to the Pirivena. Therefore, many consider Sanskrit as a religious language reserved for the Bhikkus. This wrong impression is the reason for laymen to keep away from Sanskrit Studies. Yet, Sanskrit language, which is not limited to a country, a province or an area, is entering various fields in the entire world.

The lack of knowledge in Sanskrit could indeed cause many challenges to a student studying Sinhala, Pali, Hindi or any other language. Further, Sanskrit has influenced fields such as History, Archeology, Economics, Meteorology, Music, Management and its influence is apparent through most of the technical terms used in the mentioned fields. Certain scholars could even hesitate to consider a set of literary works as 'literature' if they have not been enriched by Sanskrit.

Further, a wide range of subjects are connected to Sanskrit. Architecture, Yoga, Astrology, Indigenous Medicine, Hinduism, Mahayana Buddhist Philosophy, Vedic Mathematics, Vedic Management and Vedic Administration are only a few of them. It is difficult to study these subjects without the knowledge of the Sanskrit Language. Hence, the preservation and continuation of the mentioned subjects rely on the preservation of Sanskrit.

In this respect, the University of Kelaniya has decided to change the name of the Department in order to bring together many subjects aligned with Sanskrit studies for the Development of the subject area. Thus, the Department of Sanskrit and Eastern Studies has

granted the following Degree courses.

- BA Honours Degree in *Sanskrit*
- BA Honours Degree *Vastuvidya* (Architecture)

No prerequisites are required to follow the above degree courses. However, students are admitted to the BA Honors degree based on their performance at the first-year examinations. Students aspiring to pursue the BA degree can choose Sanskrit and Vastusastra as a subject unit. All study areas are taught from the very beginning.

A student following Sanskrit at the Department will obtain knowledge in Sanskrit Language, Literature, Dancing and Philosophy. The syllabus pertaining to the degree course on *Vastushastral* was introduced with the intention of introducing local Architecture to prospective students. Students who opt to pursue this course will follow modules on local and modern architecture and on tools such as AutoCAD.

The Department aspires to facilitate Hinduism as a subject to BA degree.

Further, every internal student of the University of Kelaniya has the opportunity to study the certificate and Advance Certificate Course in Sanskrit.

Sanskrit can also be studied as a main subject of the External Degree offered by the University.

External students are also given the opportunity to follow Certificate Courses in *Vastusastra* (Architecture), Astrology and Advance certificate in Yoga philosophy. Diploma Courses of the aforesaid certificates will commence in the near future.

The annual magazine '*Sadana*' published by the Department showcases the talents of students following Sanskrit and related studies. An International Research Conference is organized annually to provide a common platform for those who wish to follow their research in the field of Eastern studies. The Department also offers MPhil and PhD. degrees to postgraduate students.

This does not belong to the degree course and is an additional qualification.

The Sinhala Department of the University of Kelaniya conducts courses in **Sinhala** and **Literary Criticism** under two streams: B.A. and B.A. Honours. Following Sinhala for G.C.E. A/L is not a prerequisite to follow these programmes. The Department also provides facilities for M.A., M.Phil., as well as Ph.D. degrees. It also provides facilities for research leading up to advanced studies. The Department also conducts a one year certificate course and a six month certificate course in Sinhala for foreign students. In addition, a one year Diploma course in Sinhala is conducted for non-Sinhala Sri Lankans.

The B.A. as well as the B.A. Honours Degree has been designed to include academic analysis of Sinhala language & Grammar, Inscriptions, Palaeography, Classical Sinhala Prose, Verse, Aesthetics, Literary Theory, Sinhala Culture Folklore, Arts & Architecture, Modern Sinhala Short Stories, Novels, Poetry, Sinhala Drama and Sinhala Cinema. In addition, the Sinhala Department has introduced a Course in Literary Criticism for the B.A. Degree as well as for the Honours Degree. Students are registered into Honours Degree Courses on the basis of high marks obtained at the first year examination.

It is observed that the knowledge of undergraduates with regard to Sinhala Language is questionable. The students who have not studied Sinhala after their G.C.E (O/L) Examination face serious problems in writing in Sinhala. Based on this premise the Department of Sinhala has designed several optional courses for such students. Any student from the Faculty of Science, Commerce & Management Studies, Social Science & Humanities can apply for these optional Sinhala course units.

Furthermore, a **Sinhala Language Certificate Course** has been introduced under the Modern Language Certificate Programme for the **non-Sinhala speaking students**. A prior knowledge in Sinhala language is not required for this course.

The Department offers two Bachelor of Arts degree programmes, namely Western Classical Culture or Greek and Roman Culture and Christian Culture. It is not necessary to have followed these subjects earlier to select them for the B.A. degree. These degree programmes could be studied in the Sinhala or English medium.

Western Classical Culture or Greek & Roman Culture

This deals with the study of the culture in ancient Greece and Rome where Western civilization originated. The opportunity has been given to follow Greek and Roman literature, Literary Criticism, Drama, Theatre, Poetry, Great Poetry, Ancient Civilization in Greece, Antiquities and Art under this study area. This programme also consists of subjects such as Greek Philosophy, Greek and Roman religions and Greek Thought. This course can be followed in either English or Sinhala medium.

Christian Culture

The main objective of this programme is to scientifically analyze Christian Culture. This study programme helps Christians of various groups to develop a scientific outlook on Christianity allowing them to master inter-religious and philosophical knowledge irrespective of the student's religious or ideological background. Since the English, French, Italian, Spanish, Russian, German languages evolved in connection with Christian Culture, it will be useful for students who are following those subjects to follow Christian Culture courses. This study programme deals with Christian document analysis, philosophical thought, fundamentals, literature, arts, history and also historical analysis of the Bible.

It is for the purpose of enhancing the subject area of Christian Culture that students are recruited on special intake basis. Hence, such students are expected to follow the B.A. Honours in Christian Culture Degree programme.

The undergraduates who select the B.A. Honours in Christian Culture degree programme have the opportunity of taking 18 credits from the Faculty of Computing & Technology

Dr. R.M.S. Priyadarshani - Senior Lecturer Gr. II (**Unit Head**)

B.A. (Kel'ya), M.ed. Ph.D. (Hiroshima University, Japan)

There are number of courses in higher educational institutes of Sri Lanka that are being conducted with the aim of enhancing the quality of modern education and improving the processes of teaching and learning. The process of providing the theoretical knowledge in the field of education, enables to increase the quality of education and develop research in education. The study of education is prominent as it assists to respond to issues after having identified educational responsibilities and challenges and to produce expert employees with multiple skills to the society.

It thus can be identified that education is an accurate process which cultivates knowledge, skills and the development of attitudes of individuals. Further, it develops methods related learning, teaching, evaluating, appreciating and practicing. It is necessary to have the development of education similar to the development of the physical environment, which is progressing. It is a fact that this directly connects with sustainable development. It provides an appreciable service from the universities of Sri Lanka to enhance the quality of educational methods in innovating educational concepts pertaining to the 21st century.

Previously there was no opportunity to follow the subject of education as a degree programme at the University of Kelaniya. Thereafter identifying the requirements of the Faculty of Humanities, a new subject was introduced under the title "Educational Unit" for internal students who were selected to the University. It is with great pleasure that we mention that the new subject can be selected by internal students as a subject for Bachelor of Arts Degree from 2020. A large number of students have been registered to follow this course unit in the academic year 2018/19 as soon as the Education Unit received the approval of the University Grants Commission. The Bachelor of Education (BEd Hons) degree program will be implemented as soon as the education unit receives the approval of the University Grants Commission.

The Department of Drama, Cinema and Television offers Degree programs under three disciplines:

- Drama & Theatre
- Film & Television Studies
- Image Arts

It also offers the following programs,

1. Bachelor of Arts in Drama & Theatre
2. Bachelor of Arts in Image Arts
3. Bachelor of Arts Honours Degree in Drama & Theatre
4. Bachelor of Arts Honours Degree in Image Arts
5. Bachelor of Film & Television Studies Honours Degree
6. Master of Arts in Drama & Theatre Degree
7. Diploma in Photography course
8. Diploma in Film & Television course
9. Diploma in Drama and Theater course

The main objective of these Degree programs is to create academics with the knowledge and skills required for the development of the country. Core subjects such as Drama and Theatre, Image Arts, Film and Television are intended to train and to develop the skills of the undergraduates in Humanities for sustainable national development. These programs

have created graduates who have been awarded nationally for their excellence, knowledge and skills.

The first Degree program offered by the Department is Drama and Theatre, the content of which is both theoretical and practical. The course includes the extensive academic study of local and foreign drama history, universal drama genres, drama traditions, and trends, as well as practical exercises and workshops on acting, drama production and directing. This course is offered as BA General in BA Honors in Drama and Theatre.

The second Degree program of the Department course content includes camera-based photography, film, video, television, and computer-based digital audio visualization and image creation. This course covers theoretical and practical subjects as well as studies on the arts of photography, cinema, videography, and television studies, as well as its application and creative application. This course is offered in both BA General in BA Honors in Image Arts.

There are **no pre-requisites** for the **Drama & Theatre** and **Image Arts** Degree programs. Further, any student can follow the above courses after obtaining admission either to the Faculty of Humanities or to the Faculty of Social Sciences of the University of Kelaniya. In the process of admission to the BA Honours Degree program, special consideration will be given to the students with skills in areas such as painting, music, dance, acting, creative writing and photography.

The third is the Degree in Film and Television Studies. Direct admission of the students to the course is done by the University Grants Commission. Students will be selected through an aptitude test conducted by the Department. The test is conducted under two sections, written and oral. The oral test will be conducted only for students who pass the written test. The oral examination is done on-site or using an online method. Students are selected by the University Grants Commission taking into consideration the marks obtained in the Aptitude test. Those who passed the Advanced Level in Science, Arts and Commerce streams can apply for this course. The aptitude test is advertised in newspaper and on the University website. It should be noted that Film and Television Studies offers the opportunity to pursue a four-year Bachelor of Arts honors degree. Students who directly come to the university under general admission will not be given the opportunity to pursue this degree course.

The students who do not follow the core subject units of the two courses of Drama and Theatre and Image Arts will have the opportunity to select auxiliary units in Drama, Photography and cinema with the approval of the Department.

Postgraduate Studies

This Department also conducts a Master of Arts degree programme in Drama & Theatre. In addition, the facilities for research studies in the disciplines of Drama, Cinema, Photography, and Television leading up to M.Phil. and PhD.

Diploma in Photography Course

The one-year Diploma in photography is conducted for external students who may be amateurs or professionals but those who are keen to develop their skills theoretically and practically in an academic setting. This course will cover advanced composition, studio lighting and portfolio presentation. In addition, the lectures will be conducted by well-experienced academics in the field and pioneers of photography.

Diploma in Film & Television Course

The one-year Diploma in the Film & Television course is offered for the external students. The course will provide a fine theoretical and practical approach from the field of film and television. Pioneers in the film industry, experienced academics of the field, and university lecturers will conduct the lectures in this diploma.

Diploma in Drama and Theater Course

The one-year Diploma in the Drama Theater course is offered for the external students. The course will provide a fine theoretical and practical approach from the field of Drama and Theater. The Faculty of Social Sciences consists of thirteen departments of study. The Faculty offers 18 subjects for the Bachelor's degree. Students are able to follow Bachelor of Arts and Bachelor of Arts Honours degrees in those subjects in addition to prescribed lectures and tutorial classes relevant to the degree courses offered by the departments in the Faculty. Lectures, Seminars, and Workshops are held with the participation of specialists in various fields of study in order to improve the subject knowledge of the students.

Certificate courses, Diploma courses, Postgraduate Diploma courses, MA. (one year) and MSc (two years) courses from selected subject streams are conducted by the Faculty of Social Sciences and the Faculty also provides facilities to follow M.Phil. and Ph.D. degrees based on research, by providing a research laboratory and information technology facilities and other resources.

The SIDA/SAREC Research Library which was established at the Faculty of Social Sciences under the SIDA/SAREC research project fund, has a collection of thousands of books, research publications, journals and magazines. The Information Centre which commenced as a part of the research library provides internet and other information facilities to researchers.

There are three computer laboratories fully equipped with the latest software, internet and other technological facilities, established in the K3 and K4 buildings of the Faculty of Social Sciences and they are available for the use of students. Also, the main lecture halls of the Faculty are equipped with multimedia projectors and other relevant facilities creating a comfortable learning and teaching environment.

An Audio & Visual Studio has been established under the Department of Mass Communication on the first floor of the K4 building. The students are given the opportunity to learn the modern techniques and latest advanced technology used in Mass Communication and to gain the relevant practical competence.

The Research Centre for Social Sciences (RCSS) was established with the aim of carrying out timely important research activities. The Research Centre has also launched a programme to provide financial assistance for research and its publication for the academic staff members of the Faculty who are interested in engaging in research activities. The Journal of Social Sciences, Sri Lanka is published by RCSS once every three months. In

addition, two periodicals which include research articles are published annually by each department of study at the Faculty of Social Sciences. This center conducts the International Conference on Social Sciences, Sri Lanka and it further organizes lectures, discussions, workshops and seminars on Research Methodology and other relevant topics for the academic staff and the undergraduates.

The aim of establishing the Palm Leaf Manuscript Study and Research Library is to conserve the local manuscript heritage of the country and to facilitate the research work related to manuscripts. It has a large collection of rare palm leaf manuscripts together with a collection of digitalized palm leaf manuscripts.

Academic and research activities, with special reference to the Asian Region, are conducted by the Asian Centre which is a part of this Faculty.

The Communication Research Unit (CRU) is maintained by the Department of Mass Communication of the Faculty of Social Sciences of the University of Kelaniya. It conducts advanced research related to media and communication and facilitates research workshops and training courses.

The Centre for study of Media and Human Rights (CSMHR) is maintained by the Department of Mass Communication of the Faculty of Social Sciences of the University of Kelaniya. This Centre organizes awareness and training programmes in human rights and conducts studies on human rights.

The first year undergraduates who enroll in both Social Sciences and Humanities Faculties can apply for the undergraduate degree programmes in Archaeology, Anthropology and Tourism and Cultural Resource Management (TCRM) offered by the Department of Archaeology of the Faculty of Social Sciences. Although there are no prior requirements to enroll in these programmes TCRM degree programmes will be offered in English medium. Students can apply for Bachelor of Honours degrees in Archaeology or Tourism and Cultural Resource Management at the end of the first year on the basis of the cut-off results of the first-year examination. The number of the students admitted for each Bachelor of Honours degree course will depend on the availability of the resources at the Department. Students have the opportunity to use the departmental resources such as the lab, the library and the museum for their studies.

The Department maintains close ties with the Postgraduate Institute of Archaeology at Colombo 7, which is affiliated to the University of Kelaniya and students can use the resources available there and participate in research work organized by it. The *Department of Archaeology* and the *Central Cultural Fund* are the main legal bodies in the field of Archaeology and *Department of Archaeology* currently chaired by the alumni of this Department. Also many current national and international research projects are directed by the academic staff of the department. Undergraduates can benefit from them for their academic career.

Further, the Department has a close relationship with Tourism related government and private sector organizations to enhance the quality of the tourism degree program and to provide opportunities to gain practical exposure and experiences. The undergraduates, in particular who are reading for a Bachelor of Arts Honours degree in Tourism and Cultural Resource Management, have to participate in practical training sessions and internship program as a partial fulfillment of the degree program. Further, following a modern language program is also a mandatory requirement for TCRM honours degree program students.

Another important aspect of this degree program is that from the academic year 2020/2021 onwards the Tourism and Cultural Resource Management degree is offered only in English medium. This degree program contains diverse disciplines that enhance knowledge in tourism and cultural resource management.

The Department offers one year diplomas and Master of Arts (MA), Master of Social Sciences (MSSc.), Master of Philosophy (M.Phil), Doctor of Philosophy (Phd) courses apart from the undergraduate degree programmes.

In 1973, the Department of Library & Information Science was established with the purpose of opening more job opportunities for graduates. Library & Information Centres provide an enormous service for the development of education and the information sector in the country as well as for the improvement of creative and information literacy skills among individual citizens. The principal role of this department is to supply human resources to those libraries and information centres attached to government and non - government organizations in Sri Lanka, and abroad. The department has a national as well as international reputation for the quality of its teaching, guiding, and training of students to be the highest professionals through advanced career opportunities. In a recent subject review, the Quality Assurance and Accreditation Council (QAAC) of the University Grants Commission awarded 6 A's, out of a total of 8 quality indicators and this is an indication of the success of the department in terms of the quality of teaching, guiding and the expertise of the staff.

The vision of the department is "**To become a center of excellence in creation and dissemination of knowledge in Library and Information Science for sustainable**

development" The mission of the department is **"The department of Library and Information Science strives for excellence in the field of Library and Information Management through innovation, research and dissemination of knowledge and capacity building for socio-economic development of the nation, Asia and beyond."**

This department remains as the only department of study which offers Library and Information Science as a subject for the B.A. and B.A. (Honours) Degree in the University system of Sri Lanka. The students who obtain highest marks for their first year qualifying examination are selected to follow the B.A. (Honours) degree program. This course contains three main subject areas; 1. Library and Information Science. 2. Computer Application in Library and Information center operations 3. Information Communication Technology Application for Library and Information Services. This subject is also included in the B.A. degree programme (External) which is conducted by the Centre for Distance and Continuing Education of this University.

The Department also offers postgraduate courses such as Master of Arts (MA) in Library and Information Science (one year), Master of Social Sciences (MSSc) in Library and Information Science (two years). Furthermore, the Department conducts M.Phil. and Ph.D. programs.

The Department conducts the following Certificate and Diploma courses in Library and Information Science.

- Diploma in Library and Information Science - Part I
- Diploma in Library and Information Science - Part II
- Higher Diploma in Library and Information Science
- Diploma in Information Management and Technology

The discipline of Mass Communication was started for the first time by the University of Kelaniya in 1973 as a profession-oriented course. Currently, this Department conducts Bachelor of Arts and Bachelor of Arts Honors degree programmes. Theoretical knowledge of communication and practical knowledge in Media fields such as Radio, Television, Cinema, Journalism, Digital Media and Information Technology are provided under these degree programmes.

Furthermore, one year (Master of Arts) and two year (Master of Social Sciences) postgraduate courses of Mass Communication were started in 1997 while the Diploma Course in Communication was started in 2000, and currently the department also provides M.Phil and Ph.D. programmes in mass communication. In addition, the Center for Study of Media and Human Rights (CSMHR) and Communication Research Unit (CRU) also function under the Department of Mass Communication.

The Department also became the pioneer in introducing the Public Relations discipline to the Sri Lankan university system. The first diploma in Public Relations and Media Management began in 2013 and Higher Diploma in Communication and Public Relations Started in 2014. Specially The Diploma in Media and public Relations and Media Management was introduced as an entrance criteria for the professional with career experiences in the field to pursue higher studies in the university.

Our department was able to offer degree programmes in Bachelor of Arts and Bachelor of Arts (Honors) in Public Relations and Media Management in the year 2015, becoming the First to introduce a university curricular in Public Relations and Media Management discipline in Sri Lanka.

Also the department provides a university web-radio service called Unik Radio since 2022.

Department of Philosophy

The Department of Philosophy is one of the pioneering departments of the University of Kelaniya. It offers degrees in Philosophy, Psychology, and Peace and Conflict Resolution.

Philosophy

Philosophy (the original Greek word means 'the love of wisdom') is praised as 'science of all sciences' considering its antiquity in the history of systematic studies. Philosophy is a conceptual scholarship which studies abstract concepts related to various other subject areas, like Philosophy of Science, Philosophy of Law and Political Philosophy. At the same time, Philosophy studies certain areas such as logic, metaphysics, ethics and epistemology that are unique to the subject itself. Recently philosophy extended its boundaries to the new territories such as environment (Environmental Philosophy), Psychology (Philosophical Psychology) and Peace Studies (Philosophy of Human Rights).

Psychology

Psychology as a study of human and animal behaviour studies various dimensions of behaviour such as general natural aspects of behaviour (General Psychology) abnormal behaviour (Abnormal Psychology) learning behaviour (Educational Psychology) work behaviour (Psychology of Organizational Behaviour) and social behaviour (Social Psychology) Meanwhile Child Psychology and Development Psychology studies developmental aspects of human behavior: physical development, cognitive development, socio-emotional development and moral development. As psychology studies behaviour of the individual it has become one of the most attractive subjects in the modern world.

Peace and Conflict Resolution

Peace studies has become a discipline that is in high demand in modern society where wars and conflict are a common event. The Department introduced the B.A Degree in Peace and Conflict Resolution for the first time in South Asia. This degree studies various dimensions of peace and conflict resolution styles and history of wars and conflict; philosophy and psychology of peace and conflicts; conflict management techniques and skills.

As a newly introduced subject area to the academic world “Peace and Conflict Resolution” play an important role in the university study programmes in Sri Lanka. In a social context where conflicts are common, the study of issues in peace and conflicts is very important. Peace and Conflict Resolution services could play a decisive role in the social development. Philosophy of peace, psychology of peace, history of war and conflict are some of the study areas of this degree programme.

Entry Requirements and Medium of Instruction

No pre-requisites for selecting either Philosophy or Psychology. However, the students who are chosen to study Peace and Conflict Resolution (Honours) are selected by the University Grants Commission.

The Department of Sociology is one of the most vibrant Departments in the Faculty of Social Sciences with 30 years of landmarked historical footprints. The Department was constituted in 1991. As a leading Department in the University, it manages the highest student enrolment under several undergraduate and postgraduate study programs. The Department is offering both internal, and open and distance learning degree programs in undergraduate studies. Also, the Department is managing the highest number of postgraduate students in the Faculty leading to MPhil and PhD degree programs. The Department conducts undergraduate and postgraduate degree programs in both Sinhala and English mediums. All degree programs are equipped with practical components to provide a realistic view of societal needs and manifestations.

Today, the faculty of the Department is equipped with a high number of qualified teaching staff who has gained their doctorates from different universities in the Asian region. They have published their scholarly work in local and international publications.

The Department has shown its capability and capacity in academic and research oriented work by conducting national level research on disaster management, development-oriented action plan and evaluation, and policy formation research, etc. Furthermore, the Department is providing its expertise for sustainable development and reduction of poverty in Asia collaborating with global development partners. It has shown the capacity of organizing several local and international academic endeavours and tailor-made programs (Diploma course in Social work, Diploma in Corrections and Rehabilitation) to fulfil the requirements of the national and South Asian region.

The vision of the Department is “producing high quality graduates who can face any challenge in national and international levels with a sound theoretical and practical knowledge including a substantial level of experience gained”. The mission of the Department is “providing opportunities to graduands to formulate a good level of reliable and appropriate knowledge, and develop positive attitudes, values and practice in human society”.

The Department of Sport Science and Physical Education (DSSPE) of the Faculty of Social Sciences, University of Kelaniya was established in 2015. This is the first Department of studies dedicated to offer Bachelor of Arts degree and Bachelor of Arts Honors degree in Sports and Recreation Management in the University system of Sri Lanka. The broad objective of these degree programs is to provide impetus to make active, healthy, and peaceful individuals which help to produce well-balanced citizens for Sri Lanka. Such qualities are the ingredients that are required to produce efficient, effective, dedicated, responsible, and accountable personalities for the nation. Many out of these non-physical cultural values would pave the way to achieve the Sustainable Development Goals of Sri Lanka.

Bachelor of Arts in Sport and Recreation Management and Bachelor of Arts Honors (B.A. and B.A. Honors Degree) programs are designed to develop the academic foundation needed for sport and recreation management, as well as to enhance the needed skills and capacity to disseminate knowledge on sports and recreation management as a academic discipline as well as a main component of the socio-economic sphere of Sri Lanka.

The DSSPE strives to extend its service to a range of social strata by offering study programs other than the undergraduate degree level courses. For instance, Diploma in Sports Management (DSMGT) and Diploma in Physical Education and Sport Management (DPESM) are offered. These diploma programs are popular among both government and private sector executives, officials, and administrators in the field of sports in Sri Lanka. Large group of youth who wish to pursue their studies in the field of sports have already embraced these courses to align with their careers.

The main objective of Bachelor of Arts in Sport and Recreation Management and Bachelor of Arts Honors in Sport and Recreation Management degrees is to cater to the requirement of ability and skill to acquire the changes and developments of the field of sport and recreation. In order to achieve this requirement, the degree programs and diploma programs offered by the DSSPE embedded most important and valuable subject areas relevant to Sport Management and Physical Education. Vital concepts and theories and essence of many disciplines which required to withstand the subjects of the social sciences are embedded into the field of sports and recreation degree program. For instance, subject areas such as Management, Economics, Marketing, Human Resources Management, Event Management, Policy Making, Information Technology, Communication, Psychology, Law, Sociology, Mathematics and Finance etc. are incorporated with the field of sports in these study programs. Therefore, educational programs offered by the DSSPE can be identified as cross-disciplined and multidisciplined degrees and diploma inclined with field of sports and recreation.

Entry qualifications to follow the degree and diploma programs of the DSSPE are easy to fulfill. Therefore, many scholars who get the opportunity to enter into the university can be a student of the DSSPE. This background assist many to follow Bachelor of Arts and Bachelor of Arts Honors degree program in Sport and Recreation Management.

The department has a close relationship with sport and recreation-related national and international level government and non-government organizations. Ministry of Sport, Ministry of Education, Ministry of Tourism, and Sri Lanka Anti-Doping Agency has already made relationships to benefit both parties. Therefore, both graduates and undergraduates of this Department have many opportunities to join with reputed organizations, institutes, and departments when they are in the University. Further, DSSPE have made plans to get services from unique, popular, and qualified personalities of the sports and recreation in Sri Lanka as well as the international sphere. All these drives would help to achieve the vision and mission of the Faculty of Social Sciences and the University of Kelaniya.

09. Basic Information on Bachelor of Arts degree programmes conducted in the Faculties of Humanities and Social Sciences

The Bachelor's degree in Arts at the University of Kelaniya is conducted jointly by the Faculties of Humanities and Social Sciences. Upon registration at the University of Kelaniya, the students will be selected to both these faculties based on their subjects and the z-score obtained at G.C.E. (A/L) Examination. It is compulsory for a student to follow a minimum of two subjects for the Bachelor of Arts degree programme from the assigned Faculty.

The Bachelor of Arts Degree programme is conducted according to the course unit system. Duration of the programme is 3 years and there are two semesters per year. This degree programme has been organized in order to facilitate the flexibility of selecting subject combinations of the students' own choice.

A course that belongs to one particular subject comprises a number of course units. One course unit may include lectures for 30 hours, 60 hours or 90 hours. The course units have been named starting from four English letters and a numeric code. The Four English letters depict a summary of the English word that identifies the subject.

Opportunities are available for students to select three major subjects for the Bachelor of Arts Degree programme. Such combinations have been prepared enabling the undergraduates to gain sufficient and profound knowledge pertaining to different subjects. In addition to the compulsory course units of her/his own subject combination, this system has allowed the student to follow the subjects offered by other Faculties such as Humanities, Social Sciences as well as the Faculties of Commerce and Management Studies, Science and Computing and Technology according to their own choice.

In order to measure the value of a course unit, a unit of measurement has been introduced as credit hours in accordance with the number of lecture hours allotted for the respective unit. Accordingly, one credit consists of a course unit of 15 hours of lectures within one semester, which has 15 weeks, with one hour lecture per course unit. Each student should follow course units aggregating to at least 30 credits in each academic year. For the B.A. degree, the students should accumulate at least 90 credits based on the course units followed during the three academic years. Pre-requisites are necessary for the selection of some subjects for the B.A. degree programme, as described in this Handbook, and listed under section 3.1.

The Bachelor of Business Management (Accountancy) special degree programme was introduced in 1993 and the Department of Accountancy was established in 1999. Currently the Department of Accountancy conducts Bachelor of Business Management Honours in Accountancy programme and its curriculum mainly consists of Accountancy discipline including other contemporary subject areas such as Management, Business Finance, Economics, Quantitative Technique and Information Technology. This programme is conducted in the English medium and the examinations are conducted on a semester basis. The Department of Accountancy is fully aware of the necessity to provide students with a practical exposure to the corporate world. In 2004 the Department introduced an Internship programme which carries eight (08) credits. Therefore, the students are required to undergo a compulsory industry practical training in the Accountancy discipline under the supervision of the Department through the Digital Recording and Evaluation System (DRES).

The Department of Accountancy won a competitive grant, worth Rs.100 million from the World Bank on Improving Relevance and Quality of Undergraduate Education (IRQUE) in year 2005. The project spanned over a period of six years (2005-2010) and the objective of this project was to develop a dynamic and vibrant study programme which produces employable graduates for the global market. All proposed project activities were successfully completed during the project period and local and international reviewers commended the Department of Accountancy's commitment towards the remarkable completion of this project. The Department of Accountancy is currently utilizing the resources and benefits acquired through this project for the development of the degree programme.

The scope of the Department of Accountancy was widely expanded by introducing a postgraduate degree in 2009, to meet the growing demand of graduates and professionals in the fields of Accountancy, Finance and Information Technology. In the year 2013 the Department of Accountancy introduced a Master of Business and Finance programme through a novel technology based on teaching and learning system (E-Learning). Meanwhile the Department of Accountancy introduced a Higher Diploma Programme in Business Accounting in 2014 for professionals in the field of Accounting and Finance. Further, to address the emerging trends in the Accounting profession by identifying national and international demands, the Department of Accountancy introduced, Bachelor

of Business Management Honours in Auditing and Forensic Accounting in 2020 and Bachelor of Business Management Honours in Accounting Information systems from 2022. Upon the evaluation conducted by the UGC in year 2018, to verify and control the quality of state university departments, the Department of Accountancy is acknowledged for obtaining 89 marks and securing an A grade.

In year 2019 Department of Accountancy was able to win Rs.18 Mn competitive grant from the Accelerating Higher Education Expansion and Development (AHEAD) project funded by the World Bank. With this project, the Department of Accountancy implements five major activities which are based on the concerns of all the activities of the Department such as curriculum and teaching, learning and assessment, English language proficiency, enabling ICT based education, extra-curricular activities such as social and intercultural harmony and research culture. Department of Accountancy believes that, activities of this project will directly contribute to build world class graduates who are socially and emotionally sensitive, technological savvy, English proficient and capable in discovering new knowledge in accounting discipline.

The Department of Commerce & Financial Management (DCFM), formerly known as the Department of Commerce, which was initially developed up as a subsection under the Department of Economics in the Faculty of Arts in 1976, is the pioneer of Commerce and Management education at the University of Kelaniya and was established in 1995. The DCFM's vision is "to reach the destination of excellence in Commerce and Management education in Sri Lanka".

The DCFM produces graduates that cater to middle and higher level managerial positions in both public sector and private sector organizations. Additionally it prepares graduates to create new ventures with a view to developing new employment opportunities and helping the national economy.

DCFM currently conducts five degree programmes, namely: Bachelor of Commerce Honours Degree; Bachelor of Commerce Honours in Entrepreneurship Degree; Bachelor of Commerce Honours in Business Technology Degree; Bachelor of Commerce Honours in Financial Management Degree; Bachelor of Commerce (Special) (External). Further the department conducts two postgraduate degree programme Master of Commerce Degree (MCom) and Master of Business Studies Degree (MBS). Almost 1000 students are presently pursuing studies under these programmes. The DCFM has introduced a Diploma in Business programme and a Higher Diploma in Business programme which are designed for school leavers, those who run small scale business and for potential entrepreneurs.

At present, the DCFM comprises 35 academic staff including six professors and eleven PhD holders. Six other members are currently reading for their doctoral studies in local and international universities.

The DCFM qualified to achieve a competitive grant of Rs. 65 million from the World Bank under the project of Improving the Relevance and Quality of Undergraduates Education (IRQUE) in 2006. In year 2019 Department won the AHEAD project grant offered by World Bank on competitive basis.

The Bachelor of Business Management Honours in Finance was introduced in 2004 under the Department of Accountancy. It was granted full departmental status in June 2011 and was named the Department of Finance (DFin). The Department of Finance is the latest endowment to the undergraduates of the Faculty of Commerce and Management Studies (FCMS) to broaden their knowledge in the areas of Finance, Banking, Insurance and Financial Engineering. The Department of Finance currently offers Bachelor of Business Management Honours in Finance, Bachelor of Business Management Honours in Insurance, Bachelor of Business Management Honours in Banking and Bachelor of Business Management Honours in Financial Engineering. The Department has obtained an "A" Grade for Self Evaluation Review (SER) conducted by the University Grants Commission for the period 2013-2018. Writing a new chapter in the history of the department, the Sri Lanka standards Institution (SLSI) awarded the "ISO 9001:2015/SLS ISO 9001:2015" on February 23, 2022.

The certification covers the design, development and delivery of certificate, Diploma, Higher diploma, Undergraduate and postgraduate programmes and conducting research & publications in the areas of Finance, Banking, Insurance and Financial Engineering.

The uniqueness and importance of the Finance discipline, and the growing demand for Finance graduates in the job market have proven the ability of Finance graduates to play a dominant role in both public and private sectors. There is an intense competition among the students to select these degree programmes, due to the increasing demand for finance, banking, insurance and financial engineering graduates in the job market. Currently, the Department enrolls 220 students for the degree programme. The medium of instruction is English.

The Bachelor of Business Management Honours in Finance program has been designed giving careful consideration to the requirements of the modern corporate world and to impart in-depth knowledge in the subject area. Furthermore, its curriculum has been designed on par with international standards and the Bachelor of Business Management Honours in Finance program has been recognized by the University Affiliation Programme of Chartered Financial Analysts CFA (USA).

The Bachelor of Business Management Honours in Insurance is introduced with the purpose of producing graduates with specialized knowledge in insurance to cater to the requirements of the rapidly changing business world. The curriculum is designed to provide future Insurance Professionals with the knowledge, skills, attitudes, practice and insight they need to create value for their organizations and for society.

The structure of the Bachelor of Business Management Honours in Banking Programme has been designed on par with the Banking Industry expectations. The aim of this Degree Programme is to provide future Banking Professionals who can play a major role in the Banking Industry, utilizing knowledge, skills, attitudes, practice and insight gathered over four years.

The Bachelor of Business Management Honours in Financial Engineering is introduced to produce graduates with specialized knowledge in Financial Engineering to cater to the requirements of the dynamic Financial Services Industry. This Degree Programme has also been recognized by the University Affiliation Programme of CFA (USA).

The Department of Finance focuses on producing graduates who are competent in relevant theories and concepts and who are equipped with skills that are essential in achieving the desired goals of the corporate and public sector organizations. Therefore, the Department has provided an opportunity for the undergraduates to participate in an internship programme. The Internship experience is a value addition to the degree programme where students are given a chance to be a part of a dynamic business environment and to experience how theories they learnt in class can be put into practice. This is a compulsory course unit. Moreover, the undergraduate experience is vastly enriched by gaining research experience, which is made possible through the module “Dissertation”, which is offered to students in the final year.

Currently, the Department of Finance has joined hands with several dominant industry players for many fruitful endeavors. Providing internship opportunities for students, and conducting guest lectures and workshops are a few of these opportunities. Educational Institutions such as the Chartered Financial Analysts (CFA) Society Sri Lanka, the Institute of Chartered Accountants of Sri Lanka and Institute of Bankers of Sri Lanka and various other organizations such as Softlogic Life Insurance PLC and Securities and Exchange Commission of Sri Lanka are currently offering gold medals and cash prizes for students who have performed exceptionally well in their degree programme.

The Department of Human Resource Management conducts a Bachelor of Business Management Honours degree programme in Human Resource Degree programme which focuses on the field of Human Resource Management comprehensively. A six-month practical training programme in HRM or in non HR fields was also included in the curriculum for the final year students since the academic year 2011/2012. Further, an external degree programme of Bachelor of Business Management Degree relating to the field of management has been conducted by the Department since 1999, and there is a high demand for this degree programme.

This Department has been offering the Postgraduate Diploma in Human Resource Management (PGDHRM) since the year 2006 and the Master of Human Resource Management (MHRM) degree from 2010. The MHRM programme further offers a scholarship for the “HR Student of the Year” to follow the MHRM programme and two scholarships to follow PGDHRM to the “Outstanding Student Performance” and to the “Highest GPA Holder”. In addition to that, the Department offer a Diploma in HRM and a Higher Diploma in HRM since 2014. The Department publishes the journal titled "Kelaniya Journal of Human Resource Management" biannually since 2005.

Bachelor of Business Management Honours in Human Resource Degree

This study programme consists of compulsory optional and auxiliary course units. In level four, the B.B.Mgt. (HR) Honours Degree allow a six month practical training programme in HRM or in non HR fields in order to obtain the practical experiences and developments taking place in the industry.

The compulsory course units are identified as subjects that provide the core knowledge and skills required to perform relevant jobs in the HRM field. These compulsory course units cover areas of Human Resource Management, Skills Development, Business Economics,

Information and Communication Technology, Law, Sociology, Psychology, Organizational Behaviour, Total Quality Management, Accountancy, Finance and Project Management.

Our curriculum focuses on student development through its course work and extracurricular events. Action Learning projects, industry based assignments, workshops and special skills projects are powerful means we use to develop students' skills and competencies. The Association of Human Resource Escalation and Development (AHEAD), our student arm, is the platform for HRM students to plan, organize and implement their activities in organizing CSR projects, students' talent shows, industry collaborative events and other skills-based student activities.

The Department of Marketing Management (DMM) was initially formed as a unit under the Department of Commerce and Financial Management in 1998 and obtained departmental status in 2005. Currently, the DMM offers Bachelor of Business Management Honours in Marketing Degree and Bachelor of Business Management Honours in Digital Marketing Degree to meet the demands of today's ever changing business needs. The two degree programmes are four year courses which provide sound and in depth insights into Marketing Management, and other related disciplines such as Financial Management, Information Technology etc. Further, the programmes takes a special approach to develop soft skills of the students and emphasis is also laid on comprehensive and knowledge based working skills through a one year compulsory internship programme. The Department of Marketing Management offers a Diploma in Enterprise Resource Planning (DERP) and Diploma in Peoples' Skills (DPS) to marketing undergraduates to develop multi-skills by

producing strategists who are competent, capable and confident in meeting business challenges. The Department of Marketing Management offers the special title “Certified Professional Marketing Graduate - CPMG” for those who successfully complete the main degree and the aforesaid two diplomas based on a comprehensive professional assessment done by CPMG accreditation committed with academia and industry partners. In addition to this the Department intends to introduce another new degree programme which will be named as Bachelor of Business Management Honours in Marketing Analytics.

The DMM also offers Diploma in Marketing, Higher Diploma in Marketing, Postgraduate Diploma in Marketing and Master of Business Management in Marketing (MBM) to both government and private sector executives who wish to pursue their studies in marketing and management. The ultimate goal of the DMM is to produce future strategists who are equipped with multi- skills and are able to understand the local environment through modern global changes.

The Faculty of Science of the University of Kelaniya consists of eight Departments, namely the Department of Chemistry, Industrial Management, Mathematics, Microbiology, Physics & Electronics, Plant & Molecular Biology, Statistics & Computer Science and Zoology & Environmental Management and 2 units namely the Software Engineering Teaching Unit, and Sports & Exercise Science Unit.

The Faculty of Science offers 3 Bachelor of Science Degree Programmes of 3-year duration, and 19 Bachelor of Science Honours Degree Programmes of 4-year duration.

The Bachelor of Science Degree Programmes are

- (i) Bachelor of Science,
- (ii) Bachelor of Science in Environmental Conservation and Management (ENCM), and
- (iii) Bachelor of Science in Physics and Electronics (PE).

The Bachelor of Science Honours Degree Programmes are

- (i) Bachelor of Science Honours in Applied Chemistry
- (ii) Bachelor of Science Honours in Biochemistry,
- (iii) Bachelor of Science Honours in Chemistry,
- (iv) Bachelor of Science Honours in Computer Science,
- (v) Bachelor of Science Honours in Computer Studies,
- (vi) Bachelor of Science Honours in Electronics and Computer Science
- (vii) Bachelor of Science Honours in Environmental Conservation and Management,
- (viii) Bachelor of Science Honours in Information Technology
- (ix) Bachelor of Science Honours in Management and Information Technology,
- (x) Bachelor of Science Honours in Mathematical Physics,
- (xi) Bachelor of Science Honours in Mathematics,
- (xii) Bachelor of Science Honours in Microbiology,
- (xiii) Bachelor of Science Honours in Molecular Biology & Plant Biotechnology,
- (xiv) Bachelor of Science Honours in Physics,
- (xv) Bachelor of Science Honours in Plant Biology,
- (xvi) Bachelor of Science Honours in Software Engineering,
- (xvii) Bachelor of Science Honours in Sports Science
- (xviii) Bachelor of Science Honours in Statistics, and
- (xix) Bachelor of Science Honours in Zoology

The academic programmes of the Faculty operate on a ‘Course Unit System’ i.e. a modularized, credit based system within a two-semester academic year with end-of-semester examinations and continuous assessment. It offers a variety of course unit combinations designed to provide maximum possible flexibility in the choice of subjects.

(a) BSc and BSc Hons Degree programmes

BSc Degree programme: Biological Science, 1st Year of Study - Semester I

Biological Science students are required to follow all the compulsory course units as specified during the Semester I of the 1st Year of Study.

BSc Degree programme: Biological Science, 1st Year of Study - Semester II onwards

After Semester I of the 1st Year of Study, students can select three subjects from the following list and auxiliary course units of other subjects, subject to timetable restrictions and other requirements as stated in the Faculty Student Handbook. In the Biological Science streams the selection of students for subject with limited enrolment is carried out on the basis of performance in Semester I of the 1st Year of Study and his/her preference, at the beginning of the Semester II of the 1st Year of Study.

Subjects offered for the students of the Biological Science Stream and the codes

BIOC	-	Biochemistry
COST	-	Computer Studies
CHEM	-	Chemistry
MIBI	-	Microbiology
PLBL	-	Plant Biology
ZOOL	-	Zoology

In the Biological Science stream, the subjects Biochemistry (BIOC), Computer Studies (COST) and Microbiology (MIBI) have limited enrolment and the subject combinations that the students can select in Semester II of the 1st Year of Study and onwards, are given in the Faculty Student Handbook.

BSc Degree programme: Physical Science, 1st Year of Study

All Physical Science students are required to follow the compulsory course units in Applied Mathematics, Pure Mathematics, and course unit combinations in the following subjects. Refer the Student Handbook issued by the Faculty for further details.

- Chemistry
- Computer Science
- Computer Studies
- Electronics
- Physics
- Statistics

The selection of students for preferred subjects in Physical Science streams will be carried out at the beginning of Semester I of the 1st Year of Study.

Subjects and course codes offered for students of the Physical Science stream and the codes

AMAT - Applied Mathematics
CHEM - Chemistry
COSC - Computer Science
COST - Computer Studies
ELEC - Electronics
PHYS - Physics
PMAT - Pure Mathematics
STAT - Statistics

In the physical science stream, the subjects Chemistry (CHEM), Computer Science (COSC), Computer Studies (COST), Electronics (ELEC), Physics (PHYS) and Statistics (STAT) have limited enrolment.

All the students are registered in the 1st Year of Study for the BSc Degree programme. The students are selected for the relevant BSc Hons Degree programmes at the end of the 2nd Year of Study. Only a limited number of students are selected for the BSc Hons Degree programmes based on their performance at the examinations held in the 1st Year of Study and 2nd Year Study.

BSc Hons Degree programme

At the end of the 2nd Year of Study, students may apply to follow a BSc Hons Degree programme, subject to the fulfillment of the eligibility criteria. The selection criteria may vary at the discretion of the Department concerned. For further details, please refer the Faculty Student Hand book.

The Faculty of Science offers BSc Hons Degrees in the following subjects

- Biochemistry
- Chemistry
- Computer Science
- Computer Studies
- Environmental Conservation and Management
- Mathematical Physics
- Mathematics
- Microbiology
- Molecular Biology & Plant Biotechnology
- Physics
- Plant Biology
- Statistics
- Zoology

3rd Year of Study and 4th Year of Study

In the 3rd and 4th year of studies of the Degree programme, course unit combinations can be selected subject to timetable restrictions and other requirements, as stated in the Faculty Student Handbook. Please refer the Faculty Student Handbook for further details.

The Department of Chemistry offers students a comprehensive education in Chemistry and Biochemistry and it offers course units for the BSc programmes in Physical Science and Biological Science. Further, the Department offers Chemistry course units required for the BSc programme in Environmental Conservation and Management.

A limited number of students are selected to follow the Bachelor of Science Honours (BSc Hons) in Chemistry and BSc Hons in Biochemistry based on their performance at the compulsory Chemistry and Biochemistry course units, respectively offered in Year 1 and Year 2. An Honours Degree student should carry out a research project under the supervision of a senior member of the academic staff assigned by the Department during the 4th academic year. In addition, a limited number of students are enrolled under the University Grants Commission special intake for applied chemistry honours degree programme.

The Department possesses research facilities in the fields of Analytical Chemistry, Biochemistry and Biotechnology, Computational Chemistry, Environmental Chemistry, Inorganic Chemistry, Material Chemistry, Organic Chemistry, Physical Chemistry and Polymer Chemistry. The Department of Chemistry conducts three MSc degree programmes in Industrial & Environmental Chemistry, Analytical Chemistry and Biochemistry & Biotechnology. Facilities are also available in the Department for research oriented postgraduate degrees viz. MPhil and PhD.

The National Glassblowing Center established under the Department of Chemistry provides services in the manufacture and repair of scientific glass apparatus required for teaching and research purposes within the University as well as in other universities. The centre also provides the above services for research institutes and industries in Sri Lanka.

Introduction

The Department of Industrial Management was established in 1967 as a major Department of study in the Faculty of Science. Being the first and only Department of Industrial Management in a Faculty of Science in Sri Lanka, its establishment was a unique event in the sphere of higher education in Sri Lanka, a distinction it holds even today.

The Department has developed rapidly since its inception from an entity offering management as a single subject to those following the Bachelor of Science Degree programme, to incorporating Information Technology into the programme by offering two main subjects in the early 1990s, which was a timely decision. A significant development of the Department emerged when it decided to provide much greater specialization to students in the two areas; Management and Information Technology. In a ground-breaking move, the Department was the pioneer in the Faculty of Science to offer its own degree programme, namely the Bachelor of Science in Management and Information Technology (BSc in MIT) in 2003. Fifty selected students were provided the opportunity to empower themselves with a degree which combines management and information technology, the mix of which makes students productive, modern in their outlook, and mobile. With our lineage on our outbound activity, we engage our students in participatory training programmes, to develop their leadership and communicational skills in particular. These activities are mandatory for all of our students and trainees. Our outbound activities include field experiences, internship training and camp style interactive activities.

It has since then experienced a vertical path of development by leveraging its expertise by providing three postgraduate programmes to professionals in the industry and developing horizontally by providing professional services to the industry. The two postgraduate diploma programmes: Industrial and Business Management, and Information Technology, and our Masters Degree programmes in Management and Information Technology, target professionals and academics who aspire to acquire greater application skills in these areas. The Department has now expanded its portfolio, by commencing the Master of Information Technology (M.IT) degree programme and the revolutionary Master of Data Analytics (MDA) degree programme.

The success of the Department's academic programmes can be attributed to the proactive stance taken in assessing organizational needs and industry trends, the commitment and dedication of its experienced academic faculty in both Management and in Information Technology and the students in the programmes who invest their time in trying to absorb, learn and implement the learning experience in the classroom in practical settings, and in the field.

A key strategic strength of the Department arises from the academic and professional qualifications and experience of the staff. The mix of multi-disciplinary academic staff, with backgrounds in Engineering, Information Technology and Management in a single Department is unique and provides them a strategic advantage when catering to the current needs of the industry, where specialized graduates with a diverse set of skills encompassing

multiple areas are valued and desired. This has enabled the Department to become one of the premier institutions in the country in integrating Information Technology with Management.

Our students have had a tremendous response from industry with the feedback on the overall knowledge and skills in the respective disciplines, communication and leadership skills and ability to work well in a team environment highlighted by senior management. They also have reacted very positively to our endeavour to build a well-rounded professional, confident in their ability and skills in Management and in Information Technology and having the ability to leverage those skills across industry and job descriptions. The success of our students is reflected in both the average starting salaries and the placement rates after graduation. The quality of the MIT graduates are reflected in the high placement rates with many contracted for employment even before the final examinations are completed. The graduates are recruited to a wide range of positions such as Business Analyst, Software Engineer, Quality Assurance Executives, and Management Trainees in diverse functional areas and sectors.

On the consultancy and research front, the academic staff has been engaged in a significant number of consulting and research projects, the results of which are highly acclaimed and published in a number of local and foreign journals. Its staff have published valuable textbooks and served on the editorial boards of some international journals. Academic staff of the department also serve in various Public Corporations/ Institutes and on boards of private companies.

In the interest of fostering university-industry linkages and the added benefit of practical exposure for the academic staff, the Department has developed a reputation for quality management consulting services in the country. Assignments have been undertaken for the World Bank, UNDP, UNIDO, ILO as well as a number of local, private and public sector institutions.

A UNDP funded UNIDO implemented project set up a special centre. i.e the Centre for the Enterprise Management Information Services (CEMIS) affiliated to the Department to address shortcomings of the industrial sector. This centre was the first such centre to be set up by UNIDO in a developing country.

The Department intends to pursue the next phase of its developments by expanding its current programmes and offering new programmes leveraging on its core competencies so as to produce human capital to meet the long term development objectives of the nation. The Department also has put in place a strategy to become one of the leading research centres in identified core areas in the country.

The BSc Honours in Management and Information Technology Degree Programme / BSc Honours in Information Technology Degree Programme

This four year Honours Degree Programmes offer a wide range of knowledge and skills as a blend of management and information technology disciplines. The students who get

selected, will have to opt for either the BSc Hons in MIT degree programme or the BSc Hons in Information Technology degree programme, at the end of the first year of study. The final assignment of the student into the degree programme will be done, based on student performance and preference. The subsequent three years of the BSc Hons in IT degree programme will focus on building the information technology competencies of the students, depending on their career objective. The programme is designed taking in to consideration the increasing national and international need for computing professionals. The curriculum of the programme follows the latest guidelines of recognized professional bodies such as the ACM and IEEE and aims at equipping students with necessary knowledge and skills to choose a career in the field of information technology including software engineering, data science, systems engineering, database administration, network engineering, business analysis and software quality engineering.

Those selected students for the BSc Hons in MIT programme have the opportunity to specialize in one of the following areas at the end of the second academic year; Business Systems Engineering (BSE), Operations and Supply Chain Management (OSCM) and Information Systems (IS).

a.) Business Systems Engineering (BSE)

Business Systems Engineering is a detailed approach of identifying and implementing the business processes, tasks, and transactions that are required to successfully operate a business. To compete in the global market, it is important that our organizations re-engineer their processes with world class management best practices, enabled by the use of Information Technology in order to exploit these business opportunities.

b.) Operations and Supply Chain Management (OSCM)

The curriculum of this programme is based on Information Technology enabled application of world-class best practices for the management of supply chain operations. Hence, the programme aims to deliver professional knowledge and skills in Business Process Management customized to applications in the field of Operations and Supply Chain Management.

c.) Information Systems (IS)

Information systems play a strategic role in ensuring that the key decision makers are provided with timely information to make business decisions. It enhances operational effectiveness in delivering products and services to its customers and assists to maximize returns to stakeholders. Therefore, management of information technology resources become crucial if the business is to succeed in this dynamic and competitive environment. The prime objective of the 'Information Systems' specialization is to develop professionals equipped with the necessary knowledge and skills to assess technology needs, procure, maintain and improve information systems which are tightly bound with organizational strategies and processes while managing the necessary human and physical resources.

Apart from knowledge and skills, both degree programmes also inculcate the necessary soft skills required for graduates to be successfully absorbed in to the professional world.

B.Sc. (Kel'ya)

The Department of Mathematics was among the first few academic departments established when the Vidyalankara University was founded in 1959. The Department, which functioned under the Faculty of Arts was absorbed into the Faculty of Science when the latter was established in 1967. Since then, as one of the eight departments in the Faculty of Science, the Department of Mathematics has been expanding the frontiers of mathematical understanding on a wide range of topics over the years.

The Department of Mathematics offers course units in two major subjects for the B.Sc. degree in physical sciences, namely Pure Mathematics and Applied Mathematics. The

Department also conducts a B.Sc. Honours Degree Programme in Pure Mathematics and Applied Mathematics, a B.Sc. Honours Degree Programme in Pure Mathematics and Statistics with collaboration of the Department of Statistics & Computer Science and a B.Sc. Honours Degree Programme in Mathematical Physics in collaboration with the Department of Physics.

Based on the performance of Level I and II, the students who show high competency are selected for the BSc Honours in Mathematics degree programme at the end of the second year of the Bachelor of Science in physical science degree programme. To be eligible for BSc Honours in Mathematics degree programme, the student should have followed course units in one of the subjects Applied Mathematics, Statistics or Physics with Pure Mathematics in the BSc degree programme.

In addition, the Department offers a few course units in Mathematics especially formulated for B.Sc. in Biological Science, Management and Information Technology and Software Engineering degree programmes. These course units have been designed for non-Physical Science students to grasp the mathematical concepts in their disciplines. The Department also contributes to the recently started Business Management Honours in Financial Engineering Degree offering by the Department of Finance, Faculty of Commerce and Management Studies.

The Department offers PhD and M.Phil. Degree in Mathematics by research and the members of the department create, communicate, and apply mathematics of the highest caliber through activities such as internationally recognized research and undergraduate education and extensive outreach to local schools.

The central goal of the Department of Mathematics at the University of Kelaniya is to provide intellectual leadership in the field of Mathematics that is of direct benefit to the country and its citizens and commands national and international respect for its depth of scholarship.

The Department of Microbiology at the University of Kelaniya is the only department in the island's university system that has been established exclusively to offer "Microbiology" as a main subject for the B.Sc. Degree offered under the Biological Sciences Stream. A wide range of industries and Government bodies require the services of Microbiologists: Hence, the employability of the graduates of this stream remains high. Due to the limited resources and infrastructure available in conducting practical sessions, only 60 students are accommodated to follow this degree program. The performance of the Biological Sciences students in their Semester I Examination of the 1st year, is the basis for the selection. In Semester II of the 3rd year, all students are assigned to follow 460 hours of an Internship program in reputed industries and government departments in the country where Microbiology applies. This provides a great opportunity for the students to commence their career pathways.

Based only on the academic performance of students who study Microbiology in the 1st and 2nd years, only seven students are selected at the end of their 2nd year to follow the BSc Honours Degree in Microbiology (Four year Degree) where they carry out a research project in Microbiology.

Further, for the graduate students, the Department offers two MSc degree programmes; MSc in Applied Microbiology and MSc in Food and Nutrition. Both programmes have early exit points too. Facilities are also available in the Department to follow research based degrees leading to MPhil and PhD in the field of Microbiology.

The Department of Physics which came into existence with the commencement of the Faculty in October 1967 is one of the eight academic departments that belong to the Faculty of Science of the University of Kelaniya. Since then, the Department has developed the academic programmes, with revisions of the syllabi at regular intervals and improvements of the laboratory facilities. In 2019, the Department was renamed as the Department of Physics and Electronics. At present, there are fourteen academic staff members including seven professors and about twenty-five temporary supporting academic staff members working in the Department. In addition, there are twelve non-academic supporting staff members. The Department consists of six undergraduate laboratories and three research laboratories. The Department of Physics and Electronics also possesses facilities for research based MPhil and PhD degree programmes.

Course units related to the subjects, Physics and Electronics for the BSc degree are offered by the Department of Physics and Electronics. Physics and Electronics subjects may be

selected by the students who enter the Physical Science subject stream. Because of the limitations in facilities, only a limited number of students who follow the subject Physics, are allowed to select the subject Electronics. Only a limited number from these students are given the opportunity to follow the BSc Honours in Physics degree programme, based on their performance during the first two years of study. Those who wish to pursue higher studies in Theoretical Physics may obtain a BSc Honours degree by following Mathematical Physics. A selected number of students from those who show high competency in the subjects Physics, Pure Mathematics, and Applied Mathematics during their first two years are admitted to the BSc Honours in Mathematical Physics degree programme which is conducted collaboratively by the Departments of Physics and Electronics, and Mathematics.

The Department of Physics and Electronics offers another degree programme BSc (PHEL), since the academic year 2015/2016. This degree programme consists of two main subjects, Physics and Electronics, together with selected course modules from Applied Mathematics, Pure Mathematics and Computer Studies. Furthermore, this degree programme also includes several compulsory course modules in Management, offered by the Faculty of Commerce and Management Studies.

The Department of Physics and Electronics offers another degree programme, BSc Honours in Electronics and Computer Science, starting from the academic year 2020/2021 in collaboration with Departments of Statistics & Computer Science and Mathematics. This degree program provides both theoretical and practical knowledge in the areas of Electronics and Computer Science in order to produce skilful graduates competent with both hardware and software who can contribute to national economy in the modern era of IoT.

The Department was established in 1967 as the Department of Botany at the inception of the Faculty of Science and commenced its academic activities in 1968 by offering Botany as a subject for BSc (General) degree Programme. In 1976 the Department introduced the B Sc (Special) Degree Programme in Botany. The core subject areas taught during the early years were Physiology, Morphology, Anatomy, Biochemistry, Ecology, Genetics, Plant Diversity and Taxonomy. Gradually the subject areas were expanded into applications of Botany that included Microbiology, Plant Pathology, Mycology, Molecular Biology, Gene Technology, Bioinformatics, Microbial Genetics, Plant Breeding, Horticulture, and Quantitative Ecology. In 2002, a discipline on Molecular Biology and Plant Biotechnology (MBBT) was introduced with BSc honours degree programme in MBBT. In order to portray the academic and research domains excelled by the Department it was renamed as Department of Plant and Molecular Biology in 2019. Concurrently, the course structure and course contents of the subject Botany was revised to accommodate recent developments and introduced as Plant Biology (PLBL).

The staff of the Department has been engaged in research and development activities and have collaborations with local and foreign organizations and universities in view of enhancing research capabilities. The spectrum of research carried out by the academic staff

was broadened to include an array of aspects including aquatic weed control, improving post-harvest practices using locally available resources, assessment of bioactivity of plants, use of botanicals as soil amendments to improve soil fertility, environmental quality monitoring, ecosystem carbon sequestration, developing plant-based solutions for environmental issues, molecular phylogeny, crop improvement, molecular biology and reproductive biology of plants. Research findings are published in national and international scientific journals. Academic staff members carry out postgraduate research with funds received from the National Science Foundation (NSF), the National Research Council (NRC), Ministry of Higher Education, Ministry of Science, Technology & Research under the Indo-Sri Lanka Joint Research Programme and Sri Lanka Council for Agricultural Research Policy (SLCARP) and international grants.

This Department maintains a botanical garden that contains some endemic, ornamental, aquatic and medicinal plants, a herbarium and an authenticated fungal collection for research and teaching purposes. Development of human and physical resources of the Department in the past couple of decades has been materialized through foreign financial support.

The Department is constantly engaged in enhancing the quality of graduates and winning of a grant worth of LKR 80 million through competitive bidding under the World Bank project for Improvement of Relevance and Quality of Undergraduate Education (IRQUE) in 2004 was a major achievement which facilitated improving human and physical capacity to use effective student-centered pedagogical methods to deliver knowledge and skills. Also the Department has collaborated with the Faculty in conducting postgraduate research programmes funded by World Bank under Higher Education for Twentieth Century (HETC) project. Currently, under the Accelerating Higher Education Expansion and Development (AHEAD) project staff members are engaged in conducting postgraduate research programmes. Moreover, the Department was able to secure a grant of LKR 18 million under the (AHEAD) project for the development of the infrastructure.

Currently, the Department of Plant and Molecular Biology offers BSc and BSc Honours Degree programmes on two disciplines, i.e. Plant Biology (PLBL) and Molecular Biology and Plant Biotechnology (MBBT). Students are selected for the BSc Honours Degree Programmes in the above two disciplines at the end of the second year of study considering their academic performance in the first two years. Optional course units on applications of plant biology, molecular biology and plant biotechnology are offered in the second semester of the third year of study. A course unit on "People and Plants" is offered every other academic year to the non-biology students in the University of Kelaniya.

Alumni Association of Faculty of Science Gold Medal is awarded to the graduates with best performance in the disciplines, Plant Biology and Molecular Biology & Plant Biotechnology. Professor I. Balasooriya Memorial Gold Medal is awarded to the graduate in the BSc Programme with best performance in Plant Biology. Plant and Molecular Biology Society cash prize is awarded to the undergraduate with best performance in Plant Biology in the first two years of study.

The Department offers postgraduate programmes (by research) leading to MPhil and PhD degrees. Since 2016, a full-time MSc course in Crop Protection and plant Biotechnology (SLQF level 10), is offered to graduates wish to acquire In-depth knowledge and skills in the fields of crop protection and application of molecular biological and biotechnological tools for the quality improvement of crops.

The Department has established a Floriculture Research Centre at Henerathgoda Botanic Gardens, Gampaha in 2015, to facilitate research and development of new ornamental plant cultivars using modern molecular biological tools and tissue culture. This centre provides training on plant propagation and nursery management for ornamental plant growers. Facilities of the centre are also available for undergraduate and postgraduate research of the department. Our department is committed to achieving excellence in dissemination and creation of knowledge to address modern day challenges in plant and molecular biology.

The Department of Statistics & Computer Science in the Faculty of Science was established on the 01st of July, 1999 to cater to the disciplines of Statistics and Computer Science. Initially, the Department offered a Statistics & Computing course for the Physical Science students in the Bachelor of Science Degree Programme. Identifying the demand, the Statistics & Computing course was revised and renamed as the Statistics & Computer Science from the academic year 2000/2001. Further, the BSc. (Special) in Statistics and Computer Science, degree program was conducted by the Department from the academic year 2000/2001 to the academic year 2007/2008.

The Department offers course units in the following disciplines: Information Technology, under the Computer Studies (COST) programme. The Computer Studies course units are offered for a selected group of students from the Biological and Physical Science stream who are not eligible to follow Computer Science. In addition to that, the service from the Department has been expanded to the faculties of Social Sciences and Humanities by offering the Computer Studies course units under their Bachelor of Arts degree programme.

The Department further developed its course units in the disciplines of Computer Science (COSC) and Statistics (STAT) as separate majors for the physical science students, from the academic year 2007/2008, Subsequently, in the academic year 2009/2010, the Department commenced offering BSc Honours degree in Statistics, and BSc Honours degree in Computer Science.

Starting from the academic year 2011/2012, the Department offers a BA Honours in Computer Studies degree programme to the faculties Social Sciences and Humanities. Since the academic year 2012/2013, the BSc Honours in Computer Studies degree program has been offered by the Department for students from the Faculty of Science. Moreover, since the academic year 2015/2016 the Department provides computer studies course units for undergraduates who are following the BSc degree in physics and electronics. The Department continues to offer Statistics course units for the BSc Honours in Mathematics degree since its establishment.

Further, from the academic year 2020/2021 our Department together with the Department of Physics & Electronics and the Department of Mathematics started to offer the Bachelor of Science Honours Degree in Electronics and Computer Science.

The Department of Statistics & Computer Science provides opportunities for graduated students to pursue postgraduate programs leading to Master of Science (MSc), Master of Philosophy (MPhil), and Doctor of Philosophy (PhD).

The vision of the Department of Zoology and Environmental Management is to be the globally recognized premier academic department for teaching and research excellence in Zoology and Environmental Management.

The mission of the Department of Zoology and Environmental Management is to produce highly motivated graduates and postgraduates capable of making a significant contribution

towards sustainable development and well-being of mankind, to conduct high impact research for generating advanced knowledge and provide advice and consultancy services in the fields related to Zoology and Environmental Management to foster a better understanding of the environment for sustainable use and conservation of natural resources.

The Department of Zoology and Environmental Management offers Zoology as a main subject for Bachelor of Science (BSc) degree programme and Bachelor of Science Honours in Zoology (BSc Honours in Zoology) degree programme under the Biological Science stream. This department also offers Bachelor of Science in Environmental Conservation and Management (BSc in ENCM) and Bachelor of Science Honours in Environmental Conservation and Management (BSc Honours in ENCM) degree programmes. Only a limited number of students are selected to follow Honours degree programmes at the end of the year of study 2 based on their performances in the year of study 1 and year of study 2 as stated in the Faculty Student Handbook.

The department also facilitates for postgraduate degree programmes leading to Master of Philosophy (MPhil) and Doctor of Philosophy (PhD), in addition to two Master of Science (MSc) degree programmes viz, Master of Science in Environmental Management and Master of Science in Aquaculture and Fisheries Management.

11.9 Software Engineering Teaching Unit

Academic Staff

Dr. K.N.S. Warnajith - Senior Lecturer Gr. II (**Head**)

B.Sc. (Kel'ya), Pg. Dip. in IT (Kel'ya), Ph.D. (Ibaraki, Japan)

Dr. I.U. Hewapathirana - Senior Lecturer Gr. II

Mr. W.A.T. Madushanka - Probationary Lecturer (Study Leave)

B.Sc. Eng Hons (Mor'wa)

The Software Engineering Teaching Unit was established in September 2017 to offer the first ever Bachelor of Science in Software Engineering degree in the Sri Lankan state university system. The objective of this degree programme is to produce software engineering graduates for successful careers in the field of software engineering by providing a thorough understanding of engineering methods and scientific principles in computing.

BSc Honours in Software Engineering Degree Programme

This four-year degree programme, designed according to the internationally accepted ACM guidelines, helps students to gain essential skills, knowledge, engineering practice and attitudes required to function as software engineers in the local and international industries. An internship opportunity of six months will provide necessary industry exposure to the students to enhance their technical knowledge, skills, and professional practices. In addition, the one-year software engineering research component is a unique feature of this programme. The students following this degree programme have provided flexibility to specialize in their own field of interest by incorporating six (06) specialized application domains; Net Centric, Mobile Computing, Digital Gaming and Animations, Health Informatics, Business Engineering Applications, and Data Science and Engineering Applications to the curriculum.

a) Net Centric

Net centric specialization aims to develop the advanced skills and knowledge required to become successful software engineers in the advanced web application, distributed and cloud computing and semantic web and ontological engineering.

b) Mobile Computing

Mobile computing is a rapidly emerging area of computing which has enormous market potential and growth. Mobile computing specialization provides thorough knowledge about mobile computing technologies, mobile networks, and build advanced skills in mobile application development.

c) Digital Gaming and Animations

This specialization provides knowledge about the cutting-edge digital gaming and animations technologies and builds advanced skills essential to cater the requirements of digital gaming and animation industry.

d) Health Informatics

This specialization aims to provide advanced knowledge about health information management, health information system design and development and medical imaging and biomedical signal processing. The software engineering skills blended with medical informatics will fill the gap in the industry for health informaticians with advanced software engineering skills.

e) Business Engineering Applications

Software engineering is an integral part of modern business applications. Business engineering applications specialization provides the essential knowledge and skills required for a software engineer to design and implement solutions to improve business processes and services. The curriculum includes business systems modeling and optimization, computer-based operations management, and business process engineering.

f) Data Science and Engineering Applications

Data Science and engineering applications aims to equip students with the advanced knowledge and skills required for building business intelligence and management support systems, designing and developing big data infrastructures and analyzing big data to deliver insights and discover new relations.

The Faculty of Medicine of the University of Kelaniya was established in 1991, under the provisions of the Universities Act No 16 of 1978 and its amendments. The Founder Dean was Prof. Carlo Fonseka. The first intake of 120 medical students was registered on 2nd September 1991 and they graduated with their MBBS in 1996.

The Faculty now has 17 Departments of study, namely: Anatomy, Biochemistry & Clinical Chemistry, Disability Studies, Family Medicine, Forensic Medicine, Medicine, Medical Microbiology, Obstetrics & Gynaecology, Paediatrics, Parasitology, Pathology, Pharmacology, Physiology, Psychiatry, Public Health and Surgery and Medical Education. The Faculty also has a Computer Centre, a Research Support Centre and a Molecular Medicine Unit. The Computer Centre is dedicated to providing computer training. It aids in self directed learning, maintaining an intranet and providing internet connectivity.

The Faculty of Medicine offers the following qualifications:

First degree:

Bachelor of Medicine & Bachelor of Surgery (M.B.B.S.)

Bachelor of Science Honours in Speech & Hearing Sciences (B.Sc. Hons in S.H.S.)

Bachelor of Science Honours in Occupational Therapy (B.Sc. Hons in O.T.)

Postgraduate degrees:

Master of Public Health (M.P.H.)

Master of Philosophy (M.Phil.)

Doctor of Philosophy (Ph.D.)

Doctor of Medicine (D.M.)

The MBBS study programme is 5 years in duration (with 3 terms in a year), with an organ system based, integrated curriculum. It has 3 phases of study as listed below, which are described in more detail in the Handbook for MBBS students.

First Examination for Medical Degrees: the course of study comprises 5 terms and includes 3 continuous assessments.

Second Examination for Medical Degrees: the course of study comprises 6 terms of study and includes 6 continuous assessments.

Final Examination for Medical Degrees: the course of study comprises 5 subjects which are assessed separately with theory and clinical examinations.

In keeping with the need to expand and improve allied health professions in the country, the medical faculty established the Disability Studies Unit in 1993 and the Centre for Tropical Medicine and International Health. The Molecular Medicine Unit was established in 2003 with the aims of improving molecular diagnostic facilities for infectious diseases and providing DNA finger-printing. In 2007, the Disability Studies Unit was upgraded to the Department of Disability Studies, the only one of its kind in the South Asian region. The department offers two undergraduate professional courses; BSc (Hons) in Speech and Hearing Sciences and BSc (Hons) in Occupational Therapy.

The BSc (Hons) in Speech and Hearing Sciences is a 4 year programme with 2 semesters in each academic year. The curriculum is a credit-based course unit system. Each course unit is assessed at the end of the relevant semester or academic year. In the 1st year of study, students are expected to choose one of two alternative study tracks: Speech and Language Therapy or Audiology based on which a professional qualification as a Speech and Language Therapist or Audiologist is awarded. The program includes a comprehensive classroom based theoretical foundation, an intensive clinical training and a compulsory research project in the final year.

The BSc (Hons) in Occupational Therapy is also a similar 4 -year degree program that commenced in 2022. It leads to a professional qualification in Occupational Therapy. Similar to the SHS program the program, the curriculum is a credit based, course unit system. This program too includes classroom based theoretical modules, clinical training and compulsory research project in the final year.

The Faculty is located in Ragama, in a spacious campus of about 35 acres. It has approximately 1000 students on roll now. This includes several foreign students, mainly from other South Asian countries, who have been admitted on a fee levying basis. The Faculty also welcomes students for elective appointments and many students from medical schools in Europe, USA and Australia have spent their elective periods in the Faculty.

There is a permanent academic staff of approximately 130 , in addition there are over 40 temporary academic staff and over 60 visiting staff that include consultants who are based in the affiliated teaching hospitals.

Since 1991, the Faculty has produced a large volume of research publications. Several of the staff have been awarded prestigious prizes for research papers presented at national and international scientific fora and Presidential Research Awards. The clinical and paraclinical academic departments have been recognized as training centres by the Postgraduate Institute of Medicine, University of Colombo. Postgraduate research degree programmes M.Phil, DM and Ph.D, are conducted by the Faculty under the auspices of the Faculty of Graduate Studies.

The Colombo North Teaching Hospital, which is one of the busiest tertiary referral centres in the country, is the main teaching hospital. University Clinical Departments have wards in this hospital. Other allied teaching hospitals include the Ragama Rehabilitation Hospital, Welisara Chest Hospital and Base Hospitals in Negombo and Gampaha. The ‘Ayati ’ centre initiated in 2018, is a state-of-the-art facility that provides multidisciplinary clinical services for children and persons with disabilities. This is the primary training Centre for the Speech and Hearing Sciences and Occupational Therapy programs.

Faculty provides hostel facilities for most of its students. It also has an open air theatre, sports grounds, a multi-purpose court and a gymnasium. Funds are being sought to develop a sports complex and a swimming pool. A Cultural Centre was opened in January 2009 and programmes in music, dance, art and photography are conducted. Yoga classes are held every Thursday afternoon. Tamil classes are conducted every year to enable our graduates to practice in any part of the country. There is an elected Student Council and several other thriving cultural and literary student societies.

12.1 Department of Anatomy

Academic Staff

Prof. V. Abeysuriya – Professor (**Head**)

MBBS (S.J'pura), M.Phil (Kel'ya), MD (Surgery) (C'bo), MRCS (Eng), FRCS (Glas.)

Prof. A.L. Karunanayake - Professor of Anatomy

Dr. R.M.S.L. Ranaweera - Senior Lecturer Gr. I (Sabbatical Leave)

BSc (S.J'pura), PG. Dip. Arch (Kel'ya), Ph.D. (Bangkok)

Dr. A.G.P.M. Padeniya - Senior Lecturer Gr. I

MBBS (Perad'ya) MSc in Clinical Genetics

Dr. E.D.P.S. Fernando - Senior Lecturer Gr. II

MBBS (C'bo), M.Phil. (Kel'ya), MRCP (Int.), DFM (C'bo)

Dr. S.A.S.R. Siriwardhena - Senior Lecturer Gr. II

MBBS (Kel'ya), MD (Radiology) (C'bo)

DR. (Mrs.) K.W.S.M. Wijatawardhana - Probationary Lecturer

MBBS (C'bo)

The Department of Anatomy undertakes the training of undergraduate medical students in their preclinical years. The preclinical training incorporates an integrated programme of teaching, involving all three preclinical Departments. The teaching curriculum is based on a module system which was introduced in the year 2004. This new module system incorporates a horizontally and vertically integrated system of teaching aimed at training these students to take up the final M.B., B.S. and also embark on postgraduate studies. Students are afforded a comprehensive knowledge in applied and clinical anatomy, tissue morphology and embryology. The Department also trains students following the Speech and Hearing Sciences course offered by the Department of Disability Studies of the University of Kelaniya, finally leading to a B.Sc. in Speech and Hearing Sciences. In addition, the Department conducts a series of lectures and practical sessions for a Diploma course offered by the Postgraduate Institute of Medicine, Colombo, and also a Diploma course in Physiotherapy and Occupational therapy.

The Department has a state of the art dissection theatre and a virtual laboratory. The Department also has a modern museum of dissected, preserved and mounted specimens. These mounted specimens enable students to study three dimensional views of gross anatomy specimens. The academic staff of the Department apart from undertaking student teaching is also involved in research fields in gastroenterology, osteology, sports medicine, human embryology, reproductive endocrinology and clinical genetics with special interest in thalassaemia.

In addition, the Department undertakes supervision of postgraduate students working for M.Phil, D.M. and Ph.D. Degrees.

12.2 Department of Biochemistry & Clinical Chemistry

Academic Staff

Dr. C.W. Subasinghe - Senior Lecturer Gr. I (**Head**)

B.Sc. (Hons) (C'bo), Ph.D. (Mich' State)

Prof. S. Chackrewarthy - Professor of Biochemistry – (Sabbatical Leave)

B.Sc. (Hons) (Kel'ya), Ph.D. (Glas)

Prof. B.P. Galhena - Professor (Release from the service)

BDS (Perad'ya), M.Phil. (Perad'ya), Ph.D. (Kel'ya)

Dr. K.A.D.C. Gunasekara - Senior Lecturer Gr. I

MBBS (Ruhuna), Ph.D. (Nagasaki)

Prof. P.S. Perera - Professor

B.Sc. (C'bo), M.Phil. (S.J'pura), Ph.D. (Kel'ya)

Dr. P.M.T.B. Wickramasinghe - Senior Lecturer Gr. I

B.Sc. (Hons) (C'bo), Ph.D. (Arizona)

Dr. Y.S. Wijayasinghe - Senior Lecturer Gr. I

B.Sc. (Hons) (S.J'pura), M.Sc. (C'bo), Ph.D. (Toledo, USA)

Dr. K.K.M. Fernando - Probationary Lecturer

MBBS (Kel'ya)

The Department of Biochemistry and Clinical Chemistry primarily engages in teaching biochemistry to medical undergraduates in an integrated system based curriculum.

Further the Department is involved in teaching BSc in Disability studies, MSc in Food and Nutrition and postgraduate supervision.

The Department is well equipped with an advanced research laboratory to carry out cell culture and molecular biology related work along with routine medical diagnostic functions.

The academic staff of the Department have diverse research interests covering areas such as non-communicable diseases, infectious diseases, natural product development and nutritional deficiencies.

In addition, the Department also provides diagnostic services to NCTH as needed.

12.3 Department of Disability Studies

Academic Staff

Dr. A.D.S.A. Bakmeewewa - Senior Lecturer Gr. II (Head)

PhD (UK), MSc (UK), BSc (BASLP) (M'lore)

Prof. S.P. Sumanasena - Professor (Sabbatical Leave)

MD (Paed), MSc (Disability Studies) (UK), DCH (Col), MBBS (Col), FRCPCH(UK)

Prof. S. Hettiarachchi - Professor

PhD (UK) MSc (Oxon), MSc (UK), MA (UK), BA (Hons) (Kel'ya)

Dr. N.A. Muttiah - Senior Lecturer Gr. II

PhD (US), MSc (US, BSc (B'lore)

Ms. N.D. Danthanarayana – Lecturer (Stydy Leave)

MSc (Australia), MSc (UK), BSc (Hons) (SHS) (Kel'ya)

Ms. M.D.K. De Silva – Lecturer (Stydy Leave)

MSc (Stat) (C'bo), MSc (ASLP) (India), Dip. In sign Language (NIE), BSc (SHS) (India)

Ms. G.K. Kodithuwakku - Probationary Lecturer

MSc (Arkansas), BSc. (SHS) (Kel'ya)

Ms. C.L. Jayathilake - Probationary Lecturer

BSc. (Hons) (SHS) (Kel'ya), Grad.Chem. (CCS)

Ms. W.G.S.S. Karunarathne - Probationary Lecturer

MSc (ASLP) (Ind) BSc(ASLP) (Ind)

Ms.B.T.N. Adikari Probationary Lecturer

BSc (Hons)(Kel'ya) Certificate in postgraduate Research (Col)

The Department of Disability Studies (DDS) started as the Disability Studies Unit (DSU) in 1993, under a collaborative agreement between the University of Kelaniya and the University of Uppsala, Sweden. In June 1995, the University Grants Commission approved the DSU as a regular unit of the Faculty of Medicine, University of Kelaniya. In 2008, it was upgraded to a department. The primary objective of the DDS is to offer BSc (Honours) in Speech and Hearing Sciences in Speech and Languages Therapy and in Audiology. From 2022 onwards the department began offering an honours degree in Occupational Therapy.

BSc (Honours) in Speech and Hearing Sciences

This four-year degree offered since 2008 enables a student to graduate as a Speech and Language Therapist or an Audiologist. These students are admitted directly by the UGC. Students who have obtained S pass or above for physics at the GCE (A/L) examination are eligible to specialize in the Audiology stream. All students must complete a mandatory research project in the final year. **All teaching, examinations and research components of this degree programme, is conducted only in English and require high standards in English proficiency to follow the course.** The degree programs are accredited by the Ceylon Medical College Council (CMCC) and the Sri Lanka Medical Council (SLMC).

BSc (Honours) in Occupational Therapy

This four-year degree program was introduced from 2022 and leads to a professional qualification in Occupational Therapy. Similar to the SHS program students are admitted directly by the UGC. Successful completion of this professional program leads to the award of the degree of Bachelor of Science in Occupational Therapy. The program includes a comprehensive classroom based theoretical foundation, an intensive clinical training and a compulsory research project in the final year. **All teaching, examinations and research components of this degree programme, is conducted only in English and require high standards in English proficiency to follow the course.**

Clinical training and services

The Department also conducts multidisciplinary clinical services at a centre known as 'Ayati', situated within the faculty premises and is a result of from a private public partnership. This state-of-the-art faculty is the department's primary training centre and is a national clinical centre for children with disabilities. It provides multidisciplinary medical and rehabilitation services including Speech and Language Therapy, Audiology and occupational therapy for children and adults with acquired or congenital neurological and developmental disorders.

12.4 Department of Family Medicine

Academic Staff

Dr. D.P. Perera - Senior Lecturer Gr. II (**Head**)

MBBS (Kel'ya), Dip Med Edu (C'bo), DFM (C'bo), MRCGP (INT), MD Family Medicine (C'bo)

Prof. R.P.J.C. Ramanayaka - Professor

MBBS (C'bo), DFM (C'bo), MD Family Medicine (C'bo)

Dr. S.S. Withana - Senior Lecturer Gr. II (Special Leave)

MBBS (Kel'ya)

Dr. RAPJKMS Rupasingha - Senior Lecturer Gr. II

MBBS (C'bo), MD (C'bo)

Family medicine is the medical specialty which provides comprehensive, continuing, health care in both preventive and curative contexts for the individual and family. It is a specialty in breadth that integrates the biological, clinical and behavioural sciences.

The University Family Medicine Centre established in the Faculty in 1996, provides medical care service to the community and is also a teaching centre for undergraduates and postgraduates. The clinic, the first such centre to be set up in a Sri Lankan university, has had from its inception, a closed circuit TV system to function as a skills training laboratory for the teaching and learning of communication skills through video-taped replay of consultations. The University Family Medicine Centre is recognized by the Postgraduate Institute of Medicine for the training of postgraduates for the Diploma in Family Medicine and the MD in Family Medicine.

The undergraduate teaching of the Department is through the professional development and family medicine strand. In addition to didactic lectures and small group teaching activities conducted in the third year, students have a clinical rotation of one month at the University Family Medicine Centre in the fourth year. During this period, the students are exposed to primary care therapeutics and a range of common problems encountered in family practice. Consultation skills and communication skills are taught through observation, role play and feedback. Group discussions are conducted on common clinical problems. Students also visit several other primary care settings for learning.

Assessments

01. CA 2: One hour SEQ paper consisting of 4 questions based on family Medicine lectures and small group discussions held at the end of the third year
02. CA 3: Half an hour SEQ paper consisting of 2 questions based on clinical problem solving in family practice held at the end of the clinical rotation.
03. Unit 5 Examination:
 - i. Three true/false MCQs and four best of five MCQs
 - ii. 2 SEQs based on family medicine principles and clinical problem solving in family practice

- iii. Three 6 minutes OSCE stations on communication skills and four three minutes OSCE stations on family practice patient management.

12.5 Department of Forensic Medicine

Academic Staff

Prof. W.N.S. Perera - Professor (**Head**)

MBBS (Kel'ya), DLM (C'bo), MD (C'bo)

Prof. P.A.S. Edirisinghe - Cadre Chair and Professor

MBBS (NCMC), DLM (C'bo), MD (C'bo), DMJ (Lon.), MFFLM (UK)

Prof. P. Paranitharan - Professor

MBBS (Jaffna), DLM (C'bo), MD (C'bo)

Prof. I.D.G. Kitulwatte - Professor

MBBS (C'bo), DLM (C'bo), MD (C'bo)

Dr. J.A.P.J. Wijerathna - Probationary Lecturer

MBBS (Kel'ya)

Dr. Y. Thivaharan

MBBS University Tianjin Medical University, China

The Department provides teaching and training in Forensic Medicine to undergraduate medical students during their fourth year. In addition, the Department is also recognised by the PGIM as a centre for training the postgraduate students for the Diploma in Legal Medicine, MD in Forensic Medicine and MD with special interest in Forensic Histopathology. The Department also provides medico-legal services to the Colombo North Teaching Hospital and other affiliated hospitals, and functions as a referral centre in the District.

12.6 Department of Medical Education

Academic Staff

Prof. M.N. Chandratilake - Chair Professor (**Head**)

MBBS (C'bo), MMed (Dundee), PhD (Dundee)

Dr. P.K.S. Godamunne - Senior Lecturer Gr. I

BSc (Psychology) (East Lon), MA (Psychology) (Delhi), PhD. (Kel'ya)

Dr. K.G. Kodikara - Probationary Lecturer

MBBS (Kel'ya), MMed (C'bo)

Dr. M.H.M. Wicramasekara - Probationary Lecturer

MBBS (Kel'ya),

The Department of Medical Education contributes to achieving the vision and mission of the Faculty in several ways:

- Training the academic staff on the trends and principles of medical education through regular seminars, workshops, etc.

The Department runs short workshops on various important aspects of medical Education, for academic staff in the Faculty as well as for the extended Faculty a part of staff development and continuing professional development activities.

- Providing continuing guidance to the Faculty regarding curriculum, teaching-learning methods, and evaluation.

The Department conducts regular evaluation of modules, strands and the programmes as a whole to identify the areas for further improvement.

- Keeping study programmes up-to-date to meet changing needs.

The Department explores the current trends in medical education to keep the study programmes aligned with international standards.

- Teaching undergraduate students.

The department coordinates the module on personal and professional development in professional development and Family Medicine strand. The module aims to improve attitudes and enhance professionalism among students. The Department staff is involved in teaching in different strands of learning including Professional Development and Family Medicine, and Community Health Strands.

- Developing multi-media teaching material

The department holds the primary responsibility of maintaining the Computer Assisted Learning (CAL) of the faculty and it develops multi-media teaching material with the assistance of the academic staff to provide rich learning experience for medical students. The Audio-Visual unit, which plays a major role in this regard, comes under the purview of the Department.

- Enhancing patient safety and dignity through simulation-based training of clinical skills.

The Clinical Skills Centre, which comes under the purview of the department, is utilized to educate and train medical students on clinical and practical skills in a simulated environment in order to safeguard patient safety and dignity.

- Developing language skills

The English Language unit, which comes under the purview of the department, assists the development of English language skills among students enrolled in study programmes.

- Conducting and promoting educational research activities.

The department plays a pivotal role in generating and utilizing the evidence for best practices in medical education.

- Promoting, implementing and sustaining the quality assurance programmes

The department acts as a dedicated agency within the faculty to promote and implement quality assurance concepts and monitor progress through key performance indicators to ensure the long-term sustainability of QA system. **The department also co-ordinates the Faculty Awards for teachers, Non Academic staff, students and Extended academic staff who excel in teaching and learning and organizes the Annual Teacher Excellence and Dean's List Awards ceremony.**

- Assisting patient-care

The Psychologist in the department makes a valuable contribution to the multi-disciplinary clinic for children run by the faculty.

12.7 Department of Medical Microbiology

Academic Staff

Prof. W.R.P.L.I. Wijesooriya - Professor (**Head**)

MBBS (Kel'ya), Dip. Med. Micro (C'bo), M.Phil (Kel'ya)

Dr. C.N. Badanasinghe - Senior Lecturer Gr. II

MBBS (S. J'pura), MD (C'bo), Dip. Med. Micro (C'bo)

Dr. G.P.S. Gunaratna - Senior Lecturer Gr. II

MBBS (Ruhuna), Dip. in Med. Micro. (C'bo), MD Med. Micro. (C'bo), M.Phil (S.J'pura)

Dr. W.M.C.I. Fonseka - Lecturer (Study Leave)

MBBS (Kel'ya), Dip. Med. Micro (C'bo), MD (C'bo)

Dr. D.N. Weerakoon - Probationary Lecturer (Study Leave)

MBBS (Perad'ya), Dip. Med. Micro (C'bo), MD (C'bo)

Dr. K.A.C.C. Pemasiri - Probationary Lecturer

MBBS (S. J'pura), Dip. Med. Micro (C'bo), MD (C'bo)

The major teaching commitment of the Department is to the Microbiology and Immunology course for the first, third and fourth year undergraduate medical students. The Department has a large, well-equipped teaching laboratory with about 50 bench spaces. The Department is recognized as a training centre for the Diploma in Medical Microbiology program conducted by the PGIM, University of Colombo, and senior academic staff members are visiting lecturers on these courses. In addition, the Department conducts Medical Microbiology Module for the students following the B.Sc. (Honours) degree programme in Microbiology at the Faculty of Science, University of Kelaniya, and also, the Department conducts lectures in Medical Microbiology for the students following the B.Sc. (Speech and Hearing Science) at the Department of Disability Studies, Faculty of Medicine, University of Kelaniya.

There is on-going research on viral gastroenteritis, emerging zoonotic infections, leptospirosis, viral infection of public health importance, food borne pathogens and antimicrobial resistance in ESBL produces and multidrug resistance organisms and detection of allergen in bronchial asthma patients. The Department maintains research contacts with the other laboratories in the UK, Sweden and Australia. The Department also provides clinical Microbiology services and clinical immunology services for patients. The Department is involved in diagnostic microbiology service to the patients and is also involved in bacteriological testing of water on a routine basis.

12.8 Department of Medicine

Academic Staff

Prof. S.F. Jayamanna – Professor (**Head**)

MBBS (C'bo), MD (C'bo), MRCP (UK), FRCP(Edin), FCCP

Prof. A.P. Premawardhena - Senior Professor

MBBS (Perad'ya), MD (C'bo), MRCP (UK), FRCP (Lond), DPhil (Oxon), FCCP, FNAS (SL)

Prof. B.A.H.R. Premaratna - Senior Professor

MBBS (C'bo), MD (C'bo), FRCP (Glasg), FCCP

Prof. A.P. De Silva - Senior Professor

MBBS (NCMC), MD (C'bo), MSc (Oxford)

Prof. U.K. Ranawaka - Professor

MBBS (NCMC), MD (C'bo), MRCP (UK), FRCP (London), FAAN, FAHA FCCP

Prof. S.T. De Silva - Professor

MBBS (C'bo), MD (C'bo), MRCP (Lond), FRCP (UK), FCCP (SL)

Prof. M.A. Niriella - Professor

MBBS (C'bo), MD (C'bo), MRCP (UK), FRCP (Lond)

Dr. P.M.Y.I. Tilakaratne - Senior Lecturer Gr. I

MBBS (C'bo), MD (C'bo), MRCP (UK)

Dr. S.U.B. Dassanayake – Senior Lecture Gr. II

MBBS (C'bo), MD (C'bo), MRCP (UK), MRCP (London), SCE in Gastroenterology (UK)

The main teaching commitments are in relation to the faculty's MBBS course during which students study the subject Medicine for three years, from the third year onwards. The Department is also involved in training postgraduate students of the Postgraduate Institute of Medicine preparing for the MD (Medicine) and specialist board certification. Academic staff members also take part in the teaching programmes of the BSc (SHS) and the Certificate Course in Community Health.

The Department has a strong commitment to research. The special areas of interest are Tropical Medicine, Gastroenterology & Hepatology, Neurology, Haematology, Infectious Diseases and Nephrology.

A Stroke Unit that delivers specialized care to patients who have had a stroke is attached to the Professorial Unit. This is the only Stroke Unit attached to a University Medical Unit in Sri Lanka.

The Adolescent & Adult thalassemia care unit in Mahara - is the only specialized haemoglobinopathy centre dedicated to adults in the country, and at present serves over 400 patients.

Research papers originating from this Department are published regularly in prestigious international and national journals. Staff members have contributed chapters to specialist monographs from well-established international publishers and serve as editors of medical books and journals.

The academic staff members in the Department provide their services in an honorary capacity to the Professorial Medical Unit (Wards 21 and 22) of the Colombo North Teaching Hospital.

12.9 Department of Obstetrics & Gynaecology

Academic Staff

Dr. H.M.R.P. Herath - Professor (**Head**)

MBBS (C'bo), MD (C'bo) MRCOG (UK)

Prof. T.D. Dias - Professor

MBBS (C'bo), FRCOG (UK), MD (London), Dip (Fetal Med) UK

Dr. G.S. Padumadasa – Professor (Sabbatical Leave)

MBBS (C'bo), MD (C'bo), FRCOG (UK)

Dr. B.A. De Silva - Senior Lecturer Gr. II

MBBS (NMC), MD (C'bo), FRCA (London)

Dr. D.M.A.B. Dissanayake - Senior Lecturer Gr. II

BSc. sp. (S.J'pura), Dip in Mgt & Admin, M.Phil. (Kel'ya), PhD (Kel'ya)

Dr. T.S. Paliawadana - Senior Lecturer Gr. II (Sabbatical Leave)

MBBS (C'bo), MRCOG (UK), MSc in Clin Embryo (Leeds), MPhil (Col)

The main responsibility of the Department is to conduct the Obstetrics & Gynaecology course for the undergraduate medical students, which runs through the modules of phase 1, phase 2 and into the final year of the curriculum. In addition to this, the Department is also involved in postgraduate training on behalf of the Postgraduate Institute of Medicine (PGIM) of the University of Colombo. Academic staff also teaches in the diploma in Reproductive Health program conducted by the PGIM and at the Nurses' training school at Kandana.

The research interests of the Department include areas such as fetal medicine, infertility, and medical diseases in pregnancy, urogynaecology, safe motherhood and prenatal care, obstetric emergencies and laparoscopic surgery.

The Department operates an infertility laboratory, which provides investigatory and therapeutic services and a well woman care service with latest screening and curative facilities.

The academic staff of the Department renders their services in an honorary capacity to wards 24 & 25 of the Colombo North Teaching Hospital, and outpatient antenatal, gynaecology, infertility, well woman and family planning clinics.

12.10 Department of Paediatrics

Academic Staff

Prof. D.S.G. Mettananda - Professor of Paediatrics (**Head**)

MBBS (C'bo), DCH (C'bo), MD (C'bo), DPhil (Oxon), FRCP (Edin), FRCPC (UK)

Prof. K.A.W. Karunasekera - Professor

MBBS (Ruhuna), DCH (C'bo), MD (C'bo), M.Med.Sc. (Otago), FRCP (UK)

Dr. R.A.N.S. Randeny - Senior Lecturer Gr. II

MBBS (Kel'ya), MD (C'lo)

Dr. C.M.P. Fernando - Senior Lecturer Gr. II

MBBS (Kel'ya), DCH (C'bo), MD (C'lo), MRCPCH (UK)

Dr. M.B.K.C. Dayasiri - Senior Lecturer Gr. II

*MBBS (C'bo), DCH (C'bo), MD (C'bo), MPhil (Kel'ya), DCH (Lond), FRCPC (UK), Dip.Ch.Psy (UK),
Dip. UKMP (Liverpool)*

Dr. S.V.T.N.P. Suriapperuma - (Probationary Lecturer) (Study Leave)

MBBS (Kel'ya), MD (C'bo)

Dr. A.S. Athapathu - (Probationary Lecturer)

MBBS (C'bo), DCH (C'bo)

Dr. (Mrs.) S.S. Wickramaratna – Lecturer (Unconfirmed)

MBBS (C'bo), DCH (C'bo), MD (C'bo)

The Department of Paediatrics is responsible for teaching paediatrics to undergraduate and postgraduate students of the university. The academic staff of the Department consists of specialist in General Paediatrics and Paediatric Neonatology. The University Paediatrics Unit which is located at the Colombo North Teaching Hospital, Ragama is comprised of a 68-bed General Paediatrics ward, a 6-bed Paediatric High Dependency Unit, an 8-bed Neonatal Intensive Care Unit, an 8-bed Special Care Baby Unit, Child Protection Unit and a Paediatrics Thalassaemia Unit. In addition to the services provided for in-ward patients, five outpatient paediatric clinics and a high risk infant clinic is organized weekly by the Department.

The undergraduate teaching programme of the Department includes lectures, tutorials, clinical training in a well-equipped lab and clinical attachments. There are two 4-week clinical attachments each during third and fourth years and an eight-week professorial attachment in the final year of medical training. During these clinical attachments medical undergraduates are trained on history taking, physical examination, planning management of sick children and neonates in ward classes and integrated ward rounds. In addition, the Department provides lectures for students studying for BSc in Speech and Hearing Sciences, clinical training for Registrars and Senior Registrars pursuing postgraduate MD in General Paediatrics and Diploma in Child Health, supervision of thesis for MPhil and PhD candidates and training for medical students from reputed foreign universities during their elective appointments.

The Department contributes to the paediatrics component of the Final MBBS examination and third and fourth year exams for medical undergraduates and exams of the Department

of Disability Studies. In addition, the Department contributes to MD Paediatrics and Diploma in Child Health examinations conducted by the Postgraduate Institute of Medicine, University of Colombo and the academic staff members participate as examiners at the final MBBS clinical examination in Paediatrics in other medical faculties in the country.

The Department of Paediatrics has an excellent record in medical research as well. A number of research projects are currently being carried out in the fields of functional gastrointestinal disorders, liver related disease, thalassaemia, red blood cell disorders, bronchial asthma, child protection growth, nutrition, breast feeding, endocrine disorders and neonatal diseases. The research work of the Department has generated a large number of publications in high impact refereed scientific journals including Nature Reviews Gastroenterology and Hepatology, Nature Communication, Archives of Diseases in Childhood, Blood, Haematologica, Paediatric Gastroenterology and Hepatology and Journal of Tropical Pediatrics. Members of the Department have received number of awards for research including the Presidential award for scientific publications for many consecutive years.

12.11 Department of Parasitology

Academic Staff

Dr. N.H. Manamperi - Senior Lecturer Gr. II (**Head**)

MBBS (Kel'ya), PhD (C'bo), Dip. Med. Micro. (C'bo)

Prof. N.R. de Silva - Senior Professor of Parasitology

The main functions of the Department of Parasitology encompass its teaching/ training programmes, research activities, and diagnostic services. The main teaching activities focus on the 3rd year medical students. Departmental staff members also teach medical parasitology for undergraduate and postgraduate students from the Faculty of Science of the University of Kelaniya; Diploma and MD trainees from the Postgraduate Institute of Medicine, University of Colombo; and postgraduate research students. Diagnostic services offered by the Department include examination of blood films for malaria and filarial parasites, faecal samples for intestinal parasites and testing services for leishmaniasis and rickettsial infections. The identification of helminths, reptiles and arthropods of medical importance is also carried out on request.

The current research interests of the academic staff include all aspects of soil-transmitted helminth infections and pinworm infections (especially their epidemiology), lymphatic filariasis, malaria, toxoplasmosis, leishmaniasis, entomological aspects of dengue and rickettsial infections and the epidemiology of snake bites.

12.12 Department of Pathology

Academic Staff

Dr. E.S.R. de Silva - Senior Lecturer Gr. II (**Head**)

M.B.B.S. (S.J'pura), D.Path. (C'bo), MD Chemical Pathology (C'bo)

Prof. S.J. de S. Hewavisenthi - Professor of Pathology (**Dean - Faculty of Medicine**)

M.B.B.S. (C'bo), Dip. Path. (C'bo), MD Histopathology (C'bo)

Prof. H.S.A. Williams - Professor of Haematology

M.B.B.S. (NMC), Dip. Path (C'bo), MD Haematology (C'bo), FRC Path (UK), FCCP

Prof. B.A.G.G. Mahendra - Professor of Pathology

M.B.B.S. (C'bo), Dip. Path (C'bo), MD Histopathology (C'bo)

Dr. T.P.M. Bopagoda - Senior Lecturer Gr. I

M.B.B.S. (C'bo), Dip. Path (C'bo), MD Histopathology (C'bo)

Dr. S.K. Liyanage - Senior Lecturer Gr. II

M.B.B.S. (Kel'ya), Dip. Path (C'bo), MD Histopathology (C'bo)

Dr. M.E.C. Muhandiram – Lecturer (Unconfirmed)

M.B.B.S. (C'bo), Diploma in Chemical Haematology (C'bo)

Dr. D.N.U. Jayatunge - Probationary Lecturer (Study Leave)

M.B.B.S. (Kel'ya), Dip. Path (C'bo)

Undergraduate teaching is the main commitment of the Department, being involved in all the system based modules conducted in phase 11. Teaching is carried out according to well planned instructional objectives intergraded with clinical disciplines. The practicals are conducted using a digital laboratory with 50 computer terminals.

It is a recognized centre for training for the Diploma in Histopathology and haematology and MD Histopathology and haematology courses of PGIM, University of Colombo.

The Department provides honorary consultancy services in Histopathology, Cytopathology and Haematology to the Colombo North Teaching Hospital.

Special research interests of the academic staff include chronic inflammatory bowel disease, chronic hepatitis, perinatal pathology, breast pathology, cervical cytology and haematology.

A bio-dosimetry laboratory funded by the International Atomic Energy was established in 2010. The activities undertaken by this laboratory include measurement of the dose of radiation exposure, detection of chromosomal aberrations and introduction of methods for early detection of cancer.

12.13 Department of Pharmacology

Academic Staff

Prof. H.A. De Silva - Senior Professor of Pharmacology (**Head**)

MBBS (NCMC), DPhil (Oxon), FRCP (Lon)

Prof. A.S. Dassanayake - Professor

MBBS (C'bo), MD (C'bo), FCCP

Prof. C.D. Ranasinha - Professor

BSc (Pharmacology, Lon), MBBS (Lon), MRCP (UK), DTM & H (Lond), FRCP (Lon), FCCP

Prof. K.C.D. Mettananda – Professor (Sabbatical Leave)

MBBS (Perad'ya), MD (C'bo), MRCP (UK), PhD

Dr. S.A.F. Kurukulasuriya - Senior Lecturer Gr. I

MBBS (C'bo), MD (C'bo)

Dr. A.U. Madagedara - Probationary Lecturer

MBBS (Kel'ya)

Dr. K.R.K. Fernando - Probationary Lecturer

MBBS (Kel'ya)

The Department started teaching activities in 1993, two years after the Faculty of Medicine was established in the University of Kelaniya. The major focus of the Department continues to be the teaching of undergraduate pharmacology. This takes place in the third and fourth years of the academic curriculum. With the introduction of the new curriculum, pharmacology teaching is now conducted by the Department's teachers devolved to a series of system-specific modules wherein relevant pharmacology teaching is incorporated into the understanding of individual systems and diseases. This follows an introductory module where some more general pharmacological topics are dealt with alongside other general principles.

The Faculty established the Clinical Trials Unit to foster more clinical trial work within and beyond the Faculty. It undertakes a number of collaborative trials both nationally and internationally. The research interests of the Department include clinical trial methodology, ageing and dementia, asthma and lung infection, alcohol-induced liver injury and portal hypertension stroke trials and poisoning and toxicology. In addition, the Department conducts interdepartmental clinical research, in particular with the Department of Medicine and the Colombo North Teaching Hospital.

12.14 Department of Physiology

Academic Staff

Dr. W.L. Dilesha - Senior Lecturer Gr. II (**Head**)

MBBS (Kel'ya), MD (C'bo)

Prof. N.M. Devanarayana - Professor of Physiology

MBBS (Ruhuna), DM (Kel'ya), PhD (Amsterdam)

Prof. D.C. De Silva - Professor (Sabbatical Leave)

MBChB (Aberd), MRCP (UK)

Prof. K. Medagoda - Professor

MBBS (C'bo), MD (C'bo) MRCP (UK)

Dr. D.C. Kottahachchi - Senior Lecturer Gr. II

MBBS (Kel'ya), MD (C'bo)

Dr. D.T.D. Warnakulasuriya - Senior Lecturer Gr. II (Study Leave)

MBBS (Kel'ya), MPhil (Kel'ya)

Dr. H.P.D.P. Luke – Lecturer (Study Leave)

MBBS (Kel'ya), MD (C'bo)

The main focus of the Department is the undergraduate MBBS Physiology course. In addition, the Department is actively involved in the B.Sc. in Speech & Hearing Sciences programme. Attempts are being made to move away from the traditional didactic lecture towards a more student-centred approach. As an initial step, many of the lectures in Physiology are available for review by students in the computer assisted learning site. Despite financial constraints, new equipment has been added to the teaching laboratory, which now has facilities for students to get hands-on experience in the use of ECG machines, audiometry, spirometry, ophthalmoscopy etc. Senior staff also contributes regularly to teaching and examining in several post-graduate programmes.

The main research interests of the Department are in the areas of gastroenterology, respiratory physiology, clinical genetics and environmental physiology. The state of the art gastroenterology research laboratory and respiratory physiology laboratory in the Department continue to provide expert diagnostic services in applied gastrointestinal physiology and respiratory physiology. A new addition has been the development of an autonomic function testing laboratory.

The Department also provides clinical services to the Colombo North Teaching Hospital and other hospitals such as giving opinions useful for ongoing research in the Department on clinical genetics and endocrine disorders.

12.15 Department of Psychiatry

Academic Staff

Prof. W.M.M.L. Chandradasa – Professor (**Head**)

M.B.B.S. (C'bo), MD.Psych (C'bo), Child Psych AdvCert (Australia), MRCPsych (UK)

Prof. K.A.L.A. Kuruppuarachchi - Senior Professor of Psychiatry

M.B.B.S. (Perad'ya), MD.Psych (C'bo), FRCPsych (UK) FSLCOP

Prof S.S. Williams – Professor (Sabbatical Leave)

M.B.B.S. (Jaffna), M.Phil. (Kel'ya), MD.Psych (C'bo), MRCPsych (UK), FSLCOP

Dr. M.U.P.K. Peris - Senior Lecturer Gr. I

M.B.B.S. (C'bo), MD.Psych (C'bo), FSLCPsych, MRCPsych (UK)

Dr. C.A. Wijesinghe - Senior Lecturer Gr. II

M.B.B.S. (Kel'ya), MD.Psych (C'bo), MRCPsych (UK)

Dr. W.K.T.R. Fernando - Senior Lecturer II

M.B.B.S. (Kel'ya), MD.Psych (C'bo)

Dr. A.K.A.B. Baminiwatta - Probationary Lecturer

M.B.B.S. (Perad'ya)

The Department of Psychiatry conducts the teaching programme in Psychiatry and psychological aspects of medicine in the undergraduate medical curriculum. The Department conducts its teaching from the first year in the professional development and family medicine strand. The teaching of Psychiatry proper starts in the third year; with an 8 week full time professorial appointment in the final year.

The Department of Psychiatry is an established training centre for the MD in Psychiatry as well as for short courses in Psychiatry for Postgraduate degree in General Medicine and Family Medicine conducted by the Postgraduate Institute of Medicine/ University of Colombo. The Department of Psychiatry also conducts lectures for students who are undergoing the degree programme in Speech and Hearing Sciences of the Faculty of Medicine, University of Kelaniya.

Research conducted by the Department includes those on mental disorders due to substances, childhood mental illness, deliberate self-harm and suicide, culture and mental illness, and near-death experiences.

The Department also offers a wide-ranging service component. The academic staff provides honorary consultant service to Colombo North Teaching Hospital. The academic members of the Department conduct two outpatient clinics per week at the Colombo North Teaching Hospital and run in-patient units at ward 28 & 29 of the same hospital. The clinical conditions managed by the academic members of the Department span from mental illnesses occurring in childhood to those occurring among the elderly. There are also specialized clinics for children and adults. In addition to physical treatments, the Department also specializes in conducting psychotherapeutic treatments for various psychiatric conditions.

12.16 Department of Public Health

Academic Staff

Dr. K.M.N. Perera - Senior Lecturer Gr. II (**Head**)

MBBS (Kel'ya), MSc (C'bo), MD (C'bo)

Prof. A.R. Wickremasinghe - Senior Professor of Public Health

MBBS (C'bo), MPH (Tulane), PhD (Tulane), PhD (LSUMC)

Prof. H.T.C.S. Abeysena - Senior Professor (Release)

MBBS (C'bo), MSc (C'bo), MD (C'bo), BA (Rome), MA (Kel'ya), MA (C'bo), Pg Dip.Stat (J'pura)

Prof. K.T.A.A. Kasturiratne - Professor

MBBS (Kel'ya), MSc (C'bo), MD (C'bo)

Dr. A.A.L.K. Athauda - Senior Lecturer Gr. II

MBBS (J'pura), MPH (Kel'ya), PhD (Auckland)

Dr. T.C. Pannala - Probationary Lecturer

MBBS (Kel'ya), MSc (C'bo)

The Department is involved in teaching Public Health/Community Medicine to the medical undergraduates. The subject is taught as a strand running over the first four years of the course. Unique features of the strand are inclusion of a student research project and community-based learning where the students take a lead role in promoting health and wellbeing of members in an assigned community, over a period of one year.

In addition, the Department also functions as a training unit for the postgraduate trainees enrolled in the Doctor of Medicine (MD) in Community Medicine training programme of the Postgraduate Institute of Medicine, University of Colombo. Staff members undertake supervision of postgraduate research in health and allied health fields.

A Master of Public Health (MPH) course is conducted by the Department. The staff members contribute to teaching in other degree programmes conducted by the faculty such as Bachelor of Science (BSc) in Speech and Hearing Sciences, Bachelor of Science (BSc) in Occupational Therapy, and Bachelor of Science (BSc) in Physiotherapy.

The Research interests of the Department are diverse and include areas such as non-communicable diseases, adolescent and reproductive health, occupational health, health promotion, community empowerment, industry interferences in health related issues, tropical diseases, health economics and health care quality.

12.17 Department of Surgery

Academic Staff

Dr. S.K. Kumarage - Senior Lecturer Gr. II (**Head**)

MBBS (C'bo), MS (C'bo), FRCS (Ed)

Prof. H.D.R.C. Siriwardana - Professor in Surgery

MBBS (C'bo), MS (C'bo), MRCS (Eng)

Prof. P.C. Chandrasinghe - Professor in Surgery

Dr. M.D.P. Pinto - Lecturer (Study Leave)

MBBS (Kel'ya), MD (C'bo), MRCS (Glasg)

Dr. (Ms.) N.D. Welikala - Lecturer (Unconfirmed) (Study Leave)

MBBS (Perad'ya), MD (C'bo)

The Department of surgery provides the surgical training for undergraduate medical students of the Faculty of Medicine in collaboration with consultants of the Ministry of Health at the Colombo North Teaching Hospital, Ragama. The Department is a recognized centre for PGIM trainees in surgery as well. Each year about 150-175 medical students including some foreign medical students and 20-30 post graduates are trained in the unit.

The Department provides clinical services to the Colombo North Teaching Hospital through wards 41 & 42. Outpatient clinics are held eight times a week. The technical expertise of the Department includes laparoscopic surgery, diagnostic and therapeutic endoscopy, repair of anorectal sphincter injuries, surgery for inflammatory bowel disease and colonic cancer, liver transplantations, hepatobiliary. The Department has a team of surgeons undertaking liver transplantations and is the recognized centre for liver transplantation in the country. The Department is a well-recognized centre for endocrine surgery including thyroid, para-thyroid gland diseases. The Department provides novel surgical procedures for breast cancer including breast conservation and reconstruction.

The major research interests of the Department are diseases of the large bowel, intestinal, thyroid and parathyroid disease, breast disease, liver & hepatobiliary disorders and laparoscopic surgery. The Department has an excellent record of research publications, especially in the field of colorectal diseases, hepatobiliary diseases, endocrine surgery and breast cancer.

The gastrointestinal endoscopy unit functions jointly with the Department of Medicine providing a state of the art endoscopy services to the patients of teaching hospital, Ragama and is one of the two units recognized for endoscopy training by the PGIM.

The Faculty of Computing and Technology (FCT) was established on the 30th of December 2015 by the Gazette (Extraordinary) notification No. 1947/24 of the Government of Sri Lanka with three departments, namely, Department of Applied Computing, Department of Computer Systems Engineering and Department of Software Engineering. The new Faculty commenced its operations on 18th January 2016.

The academic registration of students in the FCT commenced from the academic year 2015/2016. The FCT started to offer degree programmes from the academic year 2015/2016 for students from the technology stream, namely, Bachelor of Information and Communication Technology (BICT) Honours and Bachelor of Engineering Technology (BET) Honours. From the academic year 2016/2017 the Faculty started offering the B.Sc. Honours in Computer Science Degree programme.

In addition, the Faculty will offer Bachelor of Bio System Technology (BBST) Honours degree programme near future. The Faculty will offer Postgraduate Programmes in the areas of Computer Science, Software Engineering, Information Technology and Engineering Technology. The Master of Science in Information Technology in Education programme is developed in collaborate with the Ministry of Education to train ICT teachers. This programme would commenced in 2020 is currently in progress.

The Faculty will conduct research in diverse fields of significant impact. The research enterprise at the FCT will expand from fundamental Computer Science research to the development of new technologies with applications to the industry and society as a whole. The discovery and creation of new technology are the essence of the doctoral programs in Computing and Technology. The Faculty is in the process of establishing several Research and Development centres. The following research centre is already established:

- National e-Learning Resource Centre (NELRC)

The FCT is planning to establish the following Research and Development Centres in the near the future:

- Center for Nanotechnology
- Language Engineering Research Centre
- Centre for Geoinformatics
- Centre for Computational Mathematics
- Centre for Data Science
- Centre for Cyber Security

The Faculty of Computing and Technology has established the Industry Interaction Cell for Computing and Technology (IIC/CT) with the following objectives:

- (1) To encourage computing and technology experts in the University to contribute their knowledge/ experience for the development of national economy.
- (2) To provide training opportunities for the students with real world jobs
- (3) Encourage external experts to collaborate with the FCT for R & D activities.
- (4) To develop computer based systems necessary for the government sector and SMEs at an affordable cost.

The proposed building complex for the Faculty is being constructed since December 2020 at Mudun-Ela, Kelaniya with the financial support provided by the Asian Development Bank. The Faculty will be located in the new building in year 2023.

Bachelor of Information and Communication Technology Honours Degree

The Bachelor of Information and Communication Technology is a four-year degree programme. The regular intake is 75 candidates. Students who followed the Technology Stream in their A/L are eligible to register for this programme. This degree programme will help students to build necessary skills, knowledge and attitudes required to function as software developers, network administrators ICT professionals in the industry. A strong fundamental knowledge in electronics and data communication with supporting hands-on laboratory sessions will provide the necessary skills and knowledge required to design, build and maintain industry standard software and computer networks. The incorporation of highly demanded application areas such as Virtualization and Cloud Computing,

Network Computing, Network Management, Wireless and Mobile Communications, Computer Security, Web Programming, Mobile Application Development, Computer Games and Animation, Virtual Reality into the curriculum provides ample flexibility for students to specialize in their own areas of interest. The first two years of the curriculum aims at developing the common competencies expected of an ICT professional while the final two years are devoted to developing specific competencies in chosen areas of specialization. The areas of specialization currently on offer are:

- Computer Networks
- Software Systems Technology
- Games and Animation

Students will get an opportunity to work in the industry for six months through the internship module in the 4th year. The medium of instructions and examinations is English.

Bachelor of Engineering Technology Honours Degree

The Bachelor of Engineering Technology is a four-year degree programme. The regular intake for this degree is 86 candidates. Students who followed the Technology Stream in their A/L are eligible to register for this programme. This Engineering Technology Honours degree programme has a strong focus on practical applications of science and technology with the view of preparing graduates for a wide variety of industry applications. The first two years of the curriculum aim at developing the common competencies expected of an engineering technologist while the final two years are devoted to developing specific competencies in chosen areas of specialization with a focus on manufacturing technology. The areas of specialization currently on offer are:

- Materials and Process Technology
- Industrial Automation and Robotics
- Sustainable Technology

Students who follow Industrial Automation will be able to develop skills required to use control systems such as computer or robots and ICT for handling different processes and machineries in an industry. The Materials and Process teaching specialization focuses on design operation and control of all the activities required to convert raw materials and commodity materials into valuable products, where as sustainable technology focuses on developing sustainable solutions for the current global and local socio-economic issues.

Students will get an opportunity to work in the industry for six months through the internship module in the 4th year. The medium of instruction and examinations is strictly in English only.

Bachelor of Science Honours in Computer Science Degree

This is a four-year degree programme leading to the Bachelor of Science Honours in Computer Science Degree offered by the University of Kelaniya. The regular intake for

this degree programme is 50 candidates. Students who followed the Physical Science Stream in their A/L are eligible to register for this programme. The course structure of the Bachelor of Science Honours in Computer Science Degree is designed to align with the recommendations of the Standing Committee on Computing of the UGC, and the computing guidelines of the Association for Computing Machinery (ACM) and the Institute of Electrical and Electronics Engineers (IEEE).

This degree programme will help students to build necessary skills, knowledge and attitudes required to function in the software industry, conduct research and disseminate knowledge in Computer Science. Deep fundamental knowledge in theoretical Computer Science with supporting hands-on laboratory sessions will provide the necessary skills and tacit knowledge required to analyse, design, implement and maintain industry standard software. Knowledge on Database Systems, Machine Learning, Data Security, Theory of Compilers, Parallel Computing, High Performance Computing, Digital Forensics, Semantic Web and e-business technologies, Computer Games and Animation, Virtual Reality in the curriculum provide ample flexibility for students to specialize in their own areas of interest. Students can choose one of the following subject disciplines to specialize within the said degree programme:

- Data Science
- Artificial Intelligence
- Cyber Security
- Scientific Computing

Students will get an opportunity to work in the industry for six months through the internship module in the 4th year. The medium of instructions and examinations is strictly in English. In the final year all students should carry out a research project relevant to their area of interest.

Industry Interaction Cell for Computing and Technology (IICfCT)

The Faculty of Computing and Technology (FCT) at the University of Kelaniya has established the Industry Interaction Cell for Computing and Technology (IICfCT) to provide consultancy services for both engineering and computing industries, develop products and accelerate it in the market, and to establish the industry-faculty business linkages. Through partnerships with private and public partner industries, the IICfCT intends to provide reliable and cost-effective solutions to the industries while providing a learning experience to the university students, and collaborative research opportunities to the faculty members. IICfCT obtains human resources from the FCT for most of its projects. As of today, the staff members attached to the FCT have provided numerous computing and software solutions to private and public entities. The IICfCT also coordinates the professional activities and employability enhancement programs for the students to enhance their soft skills, knowledge, and understanding of the corporate sector. Dr. P.W. Samarasekera is currently serving as the Director of this cell.

Learning Centred Education

The Faculty has adopted the learning centred education pedagogy for its programme design and delivery for the first time in Sri Lanka. A series of workshops were conducted both in Sri Lanka and at the University of Oxford, UK under the guidance of Prof. Lynn McAlpine, Professor Emerita of University Education Development, Oxford Learning Institute, University of Oxford to train the staff and adopt the curriculum to reflect learning-centeredness.

The learning centred education approach promotes active learning where the emphasis is placed on creating and managing tasks and activities which will empower student learning, both inside and outside the class. The pedagogical style required to enable active learning is different to traditional lecturing. A different set of instructional and assessment strategies are adopted in the learning centred approach to facilitate independent learning by the students. The lecturer will select appropriate interactive techniques from a host of such techniques available, in addition to mini-lectures, to achieve the intended learning outcomes. The lecturer will also use a set of different assessment strategies, both formative and summative, to assess the level of achievement of the intended learning outcomes by each student, based on pre-defined rubrics, during the entire course module. This places less importance on the traditional end of the semester exams, and as a result a considerable percentage of marks will be earned by the students through continuous assessments throughout the modules.

Industry Advisory Board

The Faculty of Computing and Technology has established an Industry Advisory Board composed of eminent professionals from the industry, representatives of industry associations as well as representatives of professional associations.

The role of the Industry Advisory Board (IAB) of the Faculty of Computing and Technology (FCT) is to a liaison between the FCT and the industry as well as other institutional stakeholders in order to support the FCT in the formulation and attainment of its Mission and Strategic Objectives. It plays a key role in providing inputs and recommendations to the FCT from an industry perspective and guiding the strategic directions of the FCT in terms of academic programs, research and partnerships.

Outbound Training (OBT)

The FCT has introduced an outbound training program as an annual event for all its undergraduate students. Through the OBT programme, the faculty has taken another step towards changing the attitudes and mindset of students from the traditional class room environment, thereby providing a valuable learning experience to accomplish challenges in life and making a positive impact on their work performance.

Annual Conference

The **International Conference on Advances in Computing and Technology** organized by the Faculty of Computing and Technology, University of Kelaniya was inaugurated in

2016 on 25th November 2016 at the Hilton Residences, Colombo. This annual conference was held in December 2022 for this time.

This conference is expected to bring together researchers, educators, students, practitioners, technocrats and policymakers from across the academia, government, industry and non-governmental organizations to discuss, share and promote current work and recent accomplishments across all aspects of Computing, Nano Technology, Materials and Process Engineering, Robotics and Automation.

Mr. A.V.V.S. Bandara - Probationary Lecturer

BTec. (Hons) in Engineering (OU)

Mr. Thisara Pathirana - Probationary Lecturer

B.Tec. (Hons) in Engineering (OU)

The Department of Applied Computing will be one of the main contributors to the undergraduate degree programmes in the Bachelor of Information and Communication Technology and Bachelor of Engineering Technology. Applying computer technology in other specialized areas such as agriculture, education, healthcare, transportation, etc., is the main focus of the Department. In addition to undergraduate degree programmes, the Department contributes to the proposed postgraduate degree programmes of the Faculty of Computing and Technology. The Department will contribute significantly towards the Industry Interaction Cell for Computing and Technology (IIC/CT) and support research centres proposed by the Faculty of Computing and Technology.

13.2 Department of Computer Systems Engineering

Academic Staff

Dr. K.G.H.D. Weerasinghe - Senior Lecturer Gr. I (Head)

Ms. P.H.A.H.K. Yashodara - Probationary Lecturer

B.Tech(sp) in Engineering (OUSL)

The Department of Computer Systems Engineering offers all the core course modules in Computing for Computing and Technology degree programmes conducted by the Faculty. Computational Mathematics, Artificial Intelligence, Computer Systems, Computer Networks and Data Security are some of the core areas specialized by the Department. In addition to undergraduate degree programmes, the Department contributes to the proposed postgraduate degree programmes of the Faculty of Computing and Technology. Graduates with relevant qualifications can pursue higher studies leading to MPhil and PhD degrees at the Department. Also, the Department intends to contribute towards the Industry Interaction Cell for Computing and Technology (IIC/CT) and support research centres proposed by the Faculty of Computing and Technology.

The Department of Software Engineering came into existence with the establishment of the Faculty of Computing and Technology on 30th of December 2015. The Department jointly with the other two Departments offers all core and optional course modules for the degree programmes offered by the Faculty. Software Engineering, Data Science, Human Computer Interaction, Games and Animation are some of the core areas specialized by the Department. In addition, the Department will extend its services to the other faculties by teaching and providing support services in computing. The Department will also contribute to the proposed postgraduate programmes actively. Prospective graduates will be able to pursue higher studies leading to MPhil and PhD degrees. The Department will highly contribute towards the Industry Interaction Cell for Computing and Technology (IIC/CT) and support research centres in the Faculty of Computing and Technology.

The vision of the Career Guidance Unit (CGU) of the UOK is to become a centre of excellence in ensuring the employability of all the graduates who complete their studies at the University.

The CGU is committed to ensure that students are prepared for careers by empowering them with professional attributes necessary to hold their own on national and international platforms and contribute positively to the development of the country.

At the CGU, students are made aware of employment opportunities available in the country, course units at the university that they should follow to upgrade their knowledge and skills, extra-curricular activities they should be engaged in and other essential skills they should gain in order to face the world of work as a successful graduate.

The above is achieved through annual career fairs, industry partnership programs, entrepreneurship programs, faculty-wise career development programs, communication skills development programs, personality development programs and academic development programs. In addition, the CGU is the ideal platform for links to be created between undergraduates and the private and public sectors.

The Career Guidance Unit is situated next to the Kalana Mithuru Sevana, and is open during office hours except on weekends and holidays.

Director

Prof. K.L.K.N.C. Premawardhena - Senior Professor

B.A. M.Phil. (Kel'ya), Ph.D. (Siegen, Germany), Deutschlehrer Dipl. (Munich, Germany)

Centre for International Affairs

The University of Kelaniya has the highest number of international students (over 500 students) and offers the highest number of scholarship opportunities for undergraduates numbering (over 100 annually). Furthermore, the University has unique fields of study that have great potential to attract international scholars and students in large numbers i.e. the Departments of Modern Languages, Sanskrit, Pali and Buddhist Studies, and Fine Arts.

The Centre for International Affairs is the first contact point for any international scholar, grant agency, prospective student or university and envisages encouraging and supporting academics and students in their research/ study activities by providing assistance through funding, links with international universities and guidance to meet the university's goal of becoming an internationally recognised leader in the development and implementation of a knowledge-based society.

Promoting of collaborative research activities, staff and student exchange, and cultural exchange, conducting awareness programmes, exploring funding opportunities and grants, promoting postgraduate and diploma programmes to attract international students, supporting incoming and outgoing staff, and student mobility are among the many functions of the Centre for International Affairs.

The International Cooperation Division

The International Cooperation Division aims to establish collaborations with international partners, identify further research funding sources, partner proposals of joint projects with European and Asian universities (e.g.: Erasmus Projects), process applications and awards, promote academic collaborations and exchange programmes with overseas universities, disseminate knowledge on grant opportunities and provide staff and students with support to apply for scholarships and outgoing mobility grants, provide research facilitation and promotion, and technology transfers and fellowships for internationally recognised researchers of overseas universities to conduct joint research at the University of Kelaniya with research output leading to international publications, and promote graduate studies and other international initiatives.

The International Cooperation Division will also promote research and international activities, facilitate visitor protocols, monitor and provide information on the University's current activities in relevant areas, identify and publicise funding opportunities, offer advice and assistance to faculty in the preparation and submission of proposals, maintain active liaison with award agencies, sponsors, research and international education

organisation, and international offices at other universities. Initially the recruitment of prospective students and promotion of certificate, diploma and postgraduate courses will also be handled by this division.

The International Student Affairs Division

The International Student Affairs Division provides information and assistance to undergraduate and graduate students and visiting scholars on study programmes, accommodation, immigration procedures, and offers orientation programmes and coordinates the Government of Sri Lanka Presidential Scholarships for Foreign Students with the Ministry of Higher Education. It seeks to enhance the academic, cultural, and social pursuits of overseas students and scholars through knowledge, advice and expertise in recruitment, admissions and cross-cultural programming. The Promotion of scholarship/training opportunities through the University website, providing assistance to outgoing mobility of selected students, academic and administrative staff from the university under different grant schemes including Erasmus Mundus, Erasmus+, German Academic Exchange Service (DAAD) scholarships also come under the purview of this division.

UoK Green Guide for Undergraduates

The University of Kelaniya is the first national Green University in Sri Lanka. It became a Green University after adopting an environmental policy on 10th December 2014. Since then the University has taken a number of steps to reduce its negative environmental impacts. The UoK was ranked as the first green University in Sri Lanka in the UI Green Metric World University Rankings (Website: greenmetrick.ui.ac.id/) in 2016, 2017, 2018 and 2019.

What is a Green University?

The word “Green” has a wider meaning than greening that consists of trees and vines. A Green University tries its best to minimize its negative environmental impacts by adopting eco-friendly approaches and practices. Accordingly, all students and staff members of the university are bound to minimizing the negative environmental impact of their day today activities.

Environmental Policy Statements of the University of Kelaniya.

1. The University conducts its activities ensuring compliance with relevant environmental legislation, and regulations existing in the country.
2. The institutional framework for sound environmental management is strengthened by the University through capacity-building, legislative instruments and improved inter-institutional coordination and linkages.
3. The University environment and environmental impacts of the institution’s activities are managed through a pre-defined Environmental Management System which is continuously updated and maintained.
4. The Environmental impact of the institution’s activities are continuously assessed and reported through an appropriate institutionalized monitoring framework based on a comprehensive set of indicators and necessary improvements are made.
5. The framework for setting and reviewing environmental objectives and targets is provided by the University.
6. The University environmental policy is accessible by the public and every stakeholder should clearly understand the institution’s environmental policy, his/her obligations under this policy and abide by the contents of the Environmental Management System.
7. The economic value of environmental services is recognized so as to ensure the sustainability of such services for the benefit of the University.

What you can do to save natural resources?

There is only one earth for all of us to live in The resources are limited in the earth. First, let us think about the natural resources that we use every day.

1. Air
2. Water
3. Soil
4. Trees and animals
5. Fossil fuels

Water - **Do you waste water?**

Less than 1% of water available in our planet is suitable for human consumption. Thousands of people are dying every year due to lack of clean drinking water. Water is one of our valuable natural resources. By consuming water wisely, you will not only reduce the impact on the environment but also conserve its balance; In addition, you will be fulfilling your duty to future generations.

- Close the tap immediately after use
- Stop water leakages

Save water... Save life...

Energy - **Why should we save energy?**

We rely on coal, oil and gas (the fossil fuels) for over 80% of our current energy needs. The world's fossil fuel resources are rapidly depleting.

When we generate energy by burning fossil fuels, carbon dioxide and other greenhouse gases are emitted to the atmosphere and it will eventually lead to global climate change. Wise consumption of energy will make you a person who conserves the natural resources for generations to come. It will also reduce your impact on global climate change.

Save energy.... Save the planet...

Air - **Did you ever think that the air is vital for human life?**

Air pollution is now one of the world's major environmental issues. Travelling, cooking and many of our day today activities pollute the air around us. The air we all breathe is increasingly contaminated with particulate matter and carbon monoxide. These pollutants are hazardous to human and environmental health.

Prevent air pollution, Protect nature

Solid waste management at the University

Sort your garbage before disposal. The University of Kelaniya uses three types of bins to separate waste.

Dispose food waste directly
into green colour bins

Dispose plastic and polythene
into orange colour bins

Dispose papers into blue
colour bins

Do you have a desire to protect the environment we live in? Do you want to be a member of the green volunteer team? Visit our website (www.kln.ac.lk/units/css) or FB page (GPC Green Practices Committee) for more details.

CO₂ Management at the University

The University of Kelaniya has implemented many strategies through the Center for Sustainability Solutions in order to become a Carbon neutral institute.

Further strengthening the activities on MoU has been signed between the Forest Department and the University of Kelaniya to develop and manage 150ha of forest reserve by the University. The Forest reserve is located at Karuwalagaswewa in the Puttalam district.

Apart from this, the University has given much consideration to maintaining the green cover in the university.

Polythene Management at the University

As a responsible higher education institute, the University of Kelaniya has banned the use of polythene within the university premises and banned the purchase of plastic water bottles since 01st September 2016. This initiative was regularised by issuing circulars to ban polythene and plastic water bottles within the university premises. The purpose of this is to create a healthier environment by setting an example to the country to demonstrate the environmental sustainability of the University of Kelaniya

Why should you become a member of the Green Practices Committee?

You will get an opportunity to acquire knowledge and experience in environment management by participating in various training programs and workshops. When you graduate from the University, apart from the graduation certificate, you will receive another certificate as proof of your contribution to save the environment.

Join the Green Practices Committee...!

Go Green... Save the planet...

22. Communication & Media Unit

Director

Mr. Saman Rajapaksha - Senior Lecturer Gr. I

B.A. (Kel'ya), M.Phil (Kel'ya)

Established on the 13th of August 2007, the Communication & Media Unit of the University of Kelaniya operates with the primary objective of disseminating information regarding academic, developmental, and student-centered activities of the University. Providing print and electronic media coverage for events organized by the university, issuing information to the university's official website, delivering information, photos and videos that are needed to update the university's social media accounts on Facebook, Twitter, LinkedIn, and You Tube as well as providing news, including photographs, for the newsletter issued by the University and arranging its layout, are done by the Communication & Media Unit.

Providing media coverage for events and functions held by various faculties and departments of the University of Kelaniya, providing media coverage for student's co-curricular activities as well as extra-curricular activities, publicizing information about academic and non-academic activities such as graduation ceremonies, national and international conferences, and information on new courses are covered through this Unit while maintaining the continuous relationship between the internal and external community of the University.

In addition, the Communication & Media Unit plays a huge role in bringing new knowledge gained through research led by the University to society and providing subject-related training opportunities to students. Moreover, the Unit maintains an e-newspaper and a You Tube channel enabling university students to hone their creative skills and share their creations with the rest of the world.

The Communication & Media Unit performs a significant role including being the Unit publicizing new knowledge, publicizing the noteworthy day-to-day incidents and developmental information, and promoting the image and reputation of the University while maintaining the goodwill between the university community and external society, as well as promoting collaboration between the undergraduates, academic and non-academic staff.

23. Coordinating Centre for Students with Disabilities

Director

Dr. L.B.T.C. Lokubalasuriya - Senior Lecturer Gr.II
Department of Disability Studies, Faculty of Medicine

About the Centre

The *Coordinating Centre for Students with Disabilities* (CCSD) aims to be a central coordinating body offering support to all students with disabilities to enable equal access to university education. The CCSD is to offer students with disabilities relevant and timely advice, guidance and medical, psychosocial and academic support to promote individual growth and independence.

The Centre encourages diversity and equal and equitable participation of all students with disabilities in all aspects of university life by decreasing barriers and promoting inclusion. This includes promoting renovation and upgrade of existing buildings and pre-planning of new infrastructure projects in keeping with current legislature, advice on making accessible sanitary amenities and washrooms as well as appropriate inclusive hostel facilities and extending library resources, helping to mainstream disability into policy and practice.

Philosophy

The evolving concept of disability and the foundation of rights-based model advocating the rights of students with disabilities to access higher education is the guiding philosophy of CCSD. It is strengthened by the articulation of the rights of persons with disabilities within the United Nations Convention of Rights of Persons with Disabilities (UNCRPD), ratified by the Sri Lankan government in February 2016 and Fundamental Rights Chapter (III) of the constitution of Sri Lanka, article 12 (4), which provides for the possibility of 'special provisions' for women, children and persons with disabilities.

Any student with a physical or sensory disability, a speech and language difficulty, an ongoing health condition, an ongoing mental health difficulty, specific learning disorders such as dyslexia and dysgraphia, an Autism spectrum disorder is entitled to support and adjustment to learning, study materials, assessments and activities.

The students who have approached CCSD were provided support in:

- Opportunities for confidential discussions on student concerns and needs.
- Information, recommendations, guidance to support student access to education and to all aspects of university life.
- Advice on available courses, course combinations and assessment demands.
- Access to print materials in alternative methods (audiobooks)
- Accessible IT course for the visually impaired

- Accessible language courses for the visually impaired
- Support to secure, relevant specialist assistive technology and devices (Hearing aids, Voice recorders, digital magnifiers, etc.)
- Reasonable accommodation in examinations-adjustments for assessment tasks to ensure the same opportunity to demonstrate the level of learning as other students.
- Sign language interpretation
- Scholarships for those with financial difficulties

The Centre also conducts programs that promote awareness of challenging academic, mobility, societal and attitudinal barriers that discourage students with disabilities from full and equal participation in university life. The CCSD has undertaken an accessibility audit in 2017 and is currently working on the recommended changes.

The CCSD is comprised of representation from the Science Faculty together with academic staff from the Department of Disability Studies, Faculty of Medicine who form the advisory panel.

The Cultural Centre of the University of Kelaniya was established under the patronage of the Ministry of Arts and Cultural Affairs in the year 2001 to be operated under the supervision and purview of the Department of Fine Arts. The Center is supervised by a senior academic of the Department of Fine Arts who serves as the coordinator to the entire University body and the Ministry of Cultural Affairs, and is appointed by the Vice-Chancellor of the University of Kelaniya with the recommendation of the Head of the Department of Fine Arts, forwarded by the Dean of the Faculty of Humanities. This Centre is now located at the Dharmaloka Convocation Hall.

The main objective of founding the Centre was to promote and assist all affairs connected to arts and culture in the University so that students, and academic and non-academic staff would benefit through coexisting in an atmosphere of cultural awareness and understanding. It will therefore be a unifying factor in the University. The programmes facilitated by the Centre would be beneficial and intertwined with the curriculum of the undergraduates, and simultaneously enable the academic and non-academic staff to enhance their working experience in a friendly and refreshing environment that will build meaningful relationships necessary to live in harmony in the University.

The Cultural Center offers several courses on Dancing: Kandyan, Low Country, and Sabaragamu, Music: Oriental and Western, Music Composition, Drama & Theatre, Photography as well as some professional courses on Beauty Culture, and handy crafts to create platforms for individual and collaborative entrepreneurship within and beyond University boundaries. At the successful completion of the prescribed examinations, the candidates will be awarded a certificate by the University of Kelaniya in collaboration with the Ministry of Cultural Affairs. Further, the students will have the opportunity to participate in cultural programmes and competitions (at national and international levels) that are conducted by the Ministry and international organizations. Further, the University Cultural Centre takes steps to publish "*San-Sevi*" the Annual Academic Journal of Arts and Culture, which provides the opportunity to students, and academic and non-academic

staff to disseminate their new research findings among the public and the community. The Coordinator and the staff are taking necessary steps to develop the volume as a peer reviewed journal. The social context in which the University is placed will be an added advantage since it provides more opportunities to create a diverse community.

25. Kalana Mithuru Sevana

Director

Dr. Anusha Nilmini Salwathura - Senior Lecturer Gr. I

B.A. (Hons) (Kel'ya), MPhil (Kel'ya), PhD (Kel'ya)

Department of Hindi Studies

Apart from the academic achievements of students it is important to acknowledge and recognise that emotional and psychological problems. The primary purpose of the Kalana Mithuru Sevana (KMS) is to promote a healthy environment for students of the University and enhance student learning. This unit equips students with the knowledge, skills, attitudes and mindset needed to identify their problems empowers them to make use of their own strengths and resources to solve problems, and provides regular developmental, preventive, and therapeutic services to students. Any student of the University may approach the KMS if they want someone to talk to about their problems. Furthermore, if any student is identified as being in need of special medical treatment, she/he would be referred to a qualified medical doctor. The unit also engages in programs that promote the intellectual, emotional and social development of students and offers opportunities for personal development that will lead to enhanced learning. The unit organizes induction and awareness programs, workshops and guest seminars, as effective means of reaching the student community. From the year 2019 onwards the unit offers a peer counseling certificate course for university undergraduates.

26. Medical Centre

Chief Medical Officer

Dr. Chinthaka Sanjeewa Ratnayake

MBBS (Cey) MCGP(SL) PGPN (USA - Boston)

University Medical Officer

Dr. N. Thivanka De Silva

MBBS (C'bo), MNS (USA)

The University Health Service was established to help University students and all staff members lead an active life, free from disease, and to contribute towards the social wellbeing of students, and provide a comprehensive, preventive health service. The Medical Centre provides OPD consultation, day treatment and emergency treatment for the university community and patients may be referred to relevant clinics or transferred to tertiary care hospitals according to their requirements and situations. To provide these services, the Medical Centre has qualified staff, a well-equipped laboratory, a pharmacy and other required facilities. The University Medical Centre (UMC) functions on weekdays from 9.00 a.m. to 4.00 p.m. except on public holidays and poya days for students and both academic and non-academic staff. Further, patient care services are available only for students from 4.00 p.m. to 8.00 p.m.

A special mental health unit has been established at the UMC in collaboration with the Psychiatric unit of the Faculty of Medicine, University of Kelaniya. A consultant psychiatrist from the Faculty of Medicine, Ragama visits three times a month to attend to any student seeking special care. The confidentiality of patients is strictly maintained, and service is provided free of charge.

The University Medical Officers are well trained in student counselling and student health, especially in areas of sexual and reproductive health, and psychological problems of youth. During counseling sessions, strict confidentiality is maintained and students can meet any doctor during working days or reserve a time slot via telephone by contacting the Matron on 0112903152.

Further, preventive medical care and community health of the University community is followed up and observed by the University Medical Centre and the responsible Public Health Inspector (PHI) under the supervision of the Chief Medical Officer.

Students need to provide Medical Certificates whenever they take leave due to illnesses, especially during examinations. The University authorities accept three types of Medical Certificates.

01. A Medical Certificate issued by The University Medical Officers

02. A Medical Certificate from a government medical officer or a government medical institution issued on the *Official Certificate form* and in case of infectious illness from a Medical Officer of Health. (MOH)

03. A Medical Certificate issued by private medical practitioners should be duly certified by University Medical Officer (s) (SUCH PRIVATE MEDICAL CERTIFICATES SHOULD BE SUBMITTED WITHIN TWO WEEKS FOLLOWING THE ILLNESS) . The Medical Center does not accept medicals if they exceed 14 days. In case of Ayurvedic Medicals, those medicals should be approved by the Chief Medical Officer, Yakkala Ayurvedic Hospital.

Students who bring Medical Certificates from private medical practitioners must provide sufficient evidence in the form of prescriptions, pathological reports and x-rays, to prove the authenticity of illnesses. It is only after scrutinizing these reports that the University Medical Officer would certify the private Medical Certificates. Whenever a student seeks leave of absence due to bereavement in the immediate family, they have to provide credible evidence such as death certificates to the University Medical Officer to approve leave.

During the examination, if a student is too ill to come to the University Health Centre, she/he must inform the University Medical Officer or Matron either by telephoning or by sending a telegram. The consulted Doctor's name/ Institute and the telephone number should be given by the student at that time.

Medical Certificates obtained from private sector general practitioners close to the University of Kelaniya will be strictly tested if the Medical Certificate is taken during working days of the University Medical Centre.

It is mandatory for all the students to submit their duly completed Medical Certificate by a Government Hospital/MBBS doctor, to the Medical Centre, University of Kelaniya.

Hockey (Men / Women)	Wrestling	(Men / Women)
Judo (Men / Women)	Wushu	(Men / Women)
Kabaddi (Men / Women)	Yoga	(Men / Women)
Karate (Men / Women)		

All students are eligible to participate in the practice programmes of the above sports. The Department organizes the special sports introductory programme for freshers every academic year. Each student can actively participate in these sports programmes after submitting the fresher's information sheet.

The sports programmes organized by the Department are as follows.

1. Physical Fitness Programme
2. Special Sports Practice Programme
3. Internal and External Competition Programme
4. Research and Development Programme
5. Annual Performance Evaluation Programme

Under the annual performance evaluation programme, the performance of every student (those who actively participated in the physical education programme) is evaluated under the following seven units.

1. Participation in sports practices
2. Physical Fitness Test
3. Inter Faculty Championship and Open Championship
4. Performance Evaluation
5. Leadership Orientation Programme
6. Sports Education Segment I and II
7. Invitational Championships

This Sport and Physical Education Programme is conducted in the first and second semesters. The points table which should be earned to receive university colours, is announced by the Department at the beginning of the academic year.

Apart from these programmes, students have opportunities to participate in National Championships, Inter University Championships, Asian University Championships and World University Championships, and represent the Combined University at the National Sports Pools.

Undergraduates who register in the faculties of Humanities, Science, and Social Sciences can earn marks to be selected for the Bachelor's Honours Degree Programme by being involved and showing achievement in sports activities in the University. These marks could be earned through winning University Colours, Sri Lanka University Colours, holding Captaincy in university sports teams, winning a place in Freshers' Inter Faculty, Inter University Championships or Sri Lanka University Games; representing Sri Lanka in any sports discipline, being a medallist in the National Championship, representing a combined university team, and/or holding captaincy in a combined university team.

All the information and details about the Physical Education programme can be obtained from the Department of Physical Education.

The Department of Physical Education has two main playgrounds, at Tennis court, volleyball court, netball court, basketball court, three indoor gymnasiums (including a new gymnasium and the gymnasium in the Faculty of Medicine), Physical Fitness Unit, Lecture room with technical equipment, and a Library with sports educational materials.

Prof. N.A.K.P.J. Seneviratne - Senior Professor

Ph.D. (Wayne State, USA),

Postdoctoral Fellow, University of British Columbia, Canada,

Commonwealth Fellow, University of Leeds, UK,

Fulbright Fellow, University of Massachusetts Amherst, USA

The Research Council of the University of Kelaniya was established in 2014 and it is the first such research supporting body in the Sri Lankan university system. The Mission of the Research Council of the University of Kelaniya is to promote excellence in research to make a significant contribution towards knowledge enhancement and national development for the wellbeing of mankind, through fostering a knowledge-based society with better understanding of the environment and conservation of nature for the sustainability of economic growth. The Research Council has played a major role in fostering the research culture in the University through various grant and award schemes. The Innovative Pilot Research Funding Scheme, Multidisciplinary Research Grants and Strengthening Research Output Grants provide necessary funding for researchers to conduct high quality target-oriented research. The Research Council also encourages the dissemination of research outputs of the researchers by providing publication charges, registration fees for local symposia and foreign travel grants to publish conference papers internationally. The High achievements of the researchers are also encouraged by the Research Council by awarding Senate Honors to those who publish in high impact journals and receive patents. The Research Council also contributes to improving the University ranking by playing an active role in maintaining an E-repository of publications and providing necessary assistance to improve various research components that are vital in evaluating university ranking.

1. Scrutinizing the complaints and the inquiries made by students, and directing them to the relevant Departments along with personal observations, and advising them as appropriate.
2. Providing advice related to leave requests of students.
3. Organizing trips for students and providing necessary advice.
4. Providing guidance for fund raising activities of students within the University premises.
5. Supervising activities related to academic and student committees.
6. Monitoring screening of films, staging of dramas and providing recommendations to the Vice Chancellor regarding the students' welfare and discipline related matters.

Advice to Students:

If you face a problem, you are kindly advised to discuss the problem with the counseling staff member that you first encounter (irrespective of the Faculty) without any hesitation.

The Student Counseling Service is not solely operated for the provision of assisting students to solve problems. Student Counseling is mainly devoted to listening to your problems, ensuring confidentiality and privacy.

31. University Business Linkage Cell (UBL Cell)

Director

Dr. Pradeep W. Samarasekere - Senior Lecturer Gr. II

B.Sc. (Special) (C'bo), Ph.D. (Houston, USA)

The University of Kelaniya, Sri Lanka has established the University Business Linkage Cell (UBL Cell) with reference to the University Grant Commission Circular No.10/2016. The main aim of establishing the UBL Cell is to disseminate the intellectual knowledge and technology of the University with the wider community, and ultimately contribute to the development of the country.

Introduction

The University Business Linkage Cell of the University of Kelaniya is passionate about connecting researchers of the University and their research projects with the required industry. Our ultimate target is to form collaborations between the University and the Government, and non-government organizations which can commercialize the University-based innovations to enhance the economic and social development of the country.

Services offered under the UBL Cell.

1. Forming awareness of the importance of IP and the need for proper IP management within the research community and undergraduates.
2. Motivating the research community to acquire patents for their innovations by providing IP related services.
3. Generating and implementing policies and processes within the University to identify, secure, evaluate, and commercialize research outcomes for the betterment of the society.
4. Creating a bond between industry requirements and university research capabilities.
5. Ensuring that research practices and research outcomes align with the IP management policies and guidelines of the country and the University.
6. Managing all aspects of product commercialisations and license agreement between the Government or private organizations and the University.
7. Providing the research community with access to IP expertise, consultancy services and commercial databases that are required.
8. Facilitating the transfer of technologies to the industry and society mainly through licensing.
9. Promoting the involvement of the students and staff in industry consultancy, collaborative research projects between industry and the university, and organizing workshops and discussions.
10. Offering technical development training programmes to staff and students through from the industry.
11. Developing an entrepreneurial culture among the students with the support of prominent entrepreneurs.

Technology and Innovation Support Center (TISC)

The Technology and Innovation Support Center (TISC) operates under the **University Business Linkage Cell (UBL Cell)** in the University, and is a joint project of the University and the World Intellectual Property Organization (WIPO) and National Intellectual Property Office (NIPO) of Sri Lanka. The TISC in the University is designed to give university staff and students easy access to locally based, high quality technology information and related services. The TISC nurtures innovation and encourages entrepreneurial talents among students and faculty. The TISC also offers a range of opportunities including mentoring, networking opportunities and regular events to support enterprising students.

Objectives

- Encourage students and faculty towards innovation, idea generation and product development.
- Enhance entrepreneurial skills of undergraduates and mobilize them towards entrepreneurial careers.
- Provide seed funding to transform an idea into a product.
- Arrange workshops for students and faculty in the field of entrepreneurship.
- Help with the patenting process.
- Aim to generate patentable ideas.
